SUMMARY OF OUR INDUSTRY

TEXTILE SECTOR

India’s textiles sector is one of the oldest industries in the Indian economy, dating back to several centuries. The industry is extremely varied, with hand-spun and hand-woven textiles sectors at one end of the spectrum, with the capital-intensive sophisticated mills sector at the other end. The fundamental strength of the textile industry in India is its strong

production base of a wide range of fibre/yarns from natural fibres like cotton, jute, silk, and wool, to synthetic/man-made fibres like polyester, viscose, nylon and acrylic.

The decentralised power looms/ hosiery and knitting sector form the largest component of the textiles sector. The close linkage of textiles industry to agriculture (for raw materials such as cotton) and the ancient culture and traditions of the country in terms of textiles makes it unique in comparison to other industries in the country. India's textiles industry has a capacity to produce a wide variety of products suitable for different market segments, both within India and across the world.

In order to attract private equity and employee more people, the government introduced various schemes such as the Scheme for Integrated Textile Parks (SITP), Technology Upgradation Fund Scheme (TUFS) and Mega Integrated Textile Region and Apparel (MITRA) Park scheme.

The remainder of this page has been left blank intentionally.

SECTION III – RISK FACTORS

An investment in Equity Shares involves a high degree of risk. Prospective investors should carefully consider all the information in this Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. In making an investment decision prospective investors must rely on their own examination of our Company and the terms of this offer including the merits and risks involved. Any potential investor in, and subscriber of, the Equity Shares should also pay particular attention to the fact that we are governed in India by a legal and regulatory environment in which some material respects may be different from that which prevails in other countries. The risks and uncertainties described in this section are not the only risks and uncertainties we currently face. Additional risks and uncertainties not known to us or that we currently deem immaterial may also have an adverse effect on our business. If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our business, results of operations and financial condition could suffer, the price of our Equity Shares could decline, and you may lose all or part of your investment. Additionally, our business operations could also be affected by additional factors that are not presently known to us or that we currently consider as immaterial to our operations.

Unless otherwise stated in the relevant risk factors set forth below, we are not in a position to specify or quantify the financial or other implications of any of the risks mentioned herein. To obtain a complete understanding, you should read this section in conjunction with the chapters titled “Our Business” beginning on page no. 171, “Industry overview” beginning on page no. 145 and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page no. 310 respectively, of this Red Herring Prospectus as well as other financial information contained herein.

The following factors have been considered for determining the materiality of Risk Factors:

- *Some events may not be material individually but may be found material collectively;*
- *Some events may have material impact qualitatively instead of quantitatively;*
- *Some events may not be material at present but may have material impact in future.*

The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are risk factors where the impact may not be quantifiable and hence the same has not been disclosed in such risk factors. Unless otherwise stated, the financial information of the Company used in this section is derived from our financial statements under Indian GAAP, as restated in this Red Herring Prospectus. Unless otherwise stated, we are not in a position to specify or quantify the financial or other risks mentioned herein. For capitalized terms used but not defined in this chapter, refer to the chapter titled “Definitions and Abbreviations” beginning on page no. 01 of this Red Herring Prospectus. The numbering of the risk factors has been done to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk factor over another.

The risk factors are classified as under for the sake of better clarity and increased understanding:

INTERNAL RISK FACTOR

1. Our top ten customers contribute significant portion in the revenue of the Company. Any loss of business from one or more of them may adversely affect our revenues and profitability.

Our top ten customers have contributed 63.30%, 47.04%, 37.08% and 56.83% of our revenues for the period ended December 31, 2024, March 31, 2024, March 31, 2023, and March 31, 2022 based on Restated Financial Statements. However, our top ten customers may vary from period to period depending on the demand and thus the composition and revenue generated from these customers might change as we continue to add new customers in normal course of business. We could experience a reduction in our results of operations, cash flows and liquidity if we lose one or more of these customers or the amount of business we obtain from them is reduced for any reason, including but not limited on account of any dispute or disqualification. Accordingly, we cannot assure you that the customers which contribute to the major part of our revenue stream will pay us the amounts due to us on time, or at all. In the event any of our significant customers fail to fulfil their respective obligations, our business, financial condition and results of operations would be adversely affected. While we believe we have maintained good and long-term relationships with our customers, there can be no assurance that we will continue to have such long-term relationship with them. We cannot assure that we shall generate the same quantity of business, or any business at all, from those customers, and loss of business from one or more of them may adversely affect our revenues and profitability. In past three years and the stub period our top 10 customers have not been consistent and there have been cases where percentage of revenue obtained by our top 10 customer has changed. For Further details, please refer to chapter titled “Our Business” beginning on Page no. 171 of this Red Herring Prospectus

2. Our Company has not entered into any long-term contracts with any of its customers and we typically operate on the basis of purchase orders. Inability to maintain regular order flow would adversely impact our revenues and profitability.

Our Company has had long standing business relationships with certain customers and has been supplying our products to such customers. However, we have not entered into any long-term contracts with these customers and we cater to them on purchase order basis. Our customers may also terminate their relationships with us without any notice which could materially and adversely impact our business. Consequently, our revenue may be subject to variability because of fluctuations in demand for our products. Our Company’s customers have no obligation to place order with us and may either cancel, reduce or delay orders. Failure to deliver products on time could lead to customers delaying or refusing to pay the amount, in part or full, which may adversely affect our business. In addition, even where a delivery proceeds as scheduled, it is possible that the contracting parties may default or otherwise fail to pay amounts owed. The orders placed by our Company's customers are dependent on factors such as the customer satisfaction with the level of service that our Company provides, fluctuation in demand for our Company’s products and customer’s inventory management. Although we place a strong emphasis on quality, timely delivery of our products, etc., in the absence of contracts, any sudden change in the buying pattern of customers could adversely affect the business and the profitability of our Company.

3. Our business depends on our production facility situated in city of Punjab. Any loss of or shutdown of operations of the production facility on any grounds could adversely affect our business or results of operations.

Our production facility located in Punjab, is subject to operating risks such as the breakdown or failure of equipment, power supply or processes, performance below expected levels of output, raw material shortage or unsuitability, obsolescence, labour disputes, strikes, lock-outs, non-availability of services of our external contractors, earthquakes and other natural disasters, pandemic, social unrests, industrial accidents, our ability to respond to technological advances and emerging industry and safety standards and practices in the industries in which we operate and propose to operate on a cost-effective and timely basis and any other factors which may or may not be within our control and also we need to comply with the directives of relevant government authorities. The occurrence of any of these risks could significantly affect our operating results. Although we take precautions to minimize the risk of any significant operational problems at our facilities, our business, financial condition, results of operations and the trading price of our Equity Shares may be adversely affected by any disruption of operations at our facilities, including due to any shutdown of our operations.

Further, due to the geographic concentration of our manufacturing units in Ludhiana, our operations are susceptible to local and regional factors, such as accidents, system failures, civil unrest as well as other adverse social, economic and political events in India, weather conditions, natural disasters, regional conflicts and demographic and population changes, and other unforeseen events and circumstances which may disrupt our production and significantly affect our business, financial condition and profitability. In past three years and the stub period no such instances occurred in the Company

4. Any change in our consumer's likes, preferences or a change in their perception regarding the quality of our products may negatively affect the image and our reputation and in turn affect our revenues and profitability.

We are a manufacturer of Yarns for clothing brands and our business is characterized by rapidly changing customer preferences. This industry is highly competitive, where goodwill and reputation have a huge significance, any change in consumer's likes, preferences or a change in their demands regarding the quality and authenticity of our products, may negatively affect the image and reputation of our products and consequently that our Company. Further, such incidences may expose our Company to liabilities and claims, adversely affect our reputation, growth and profitability. In past three years and the stub period no such instances occurred in the Company. For Further details, please refer to chapter titled "Our Business" beginning on Page no. 171 of this Red Herring Prospectus.

5. We may not be able to prevent unauthorized use of our logo as the company has not obtained/ applied for the trademark license. Consequently, our trademarks may be obtained or used by third party(ies), which may lead to the dilution of our goodwill.

Our company use logo which have not applied for the trademark license, Consequently, our trademarks may be obtained or used by third party(ies), hence we cannot assure you that any application for registration of our trademark in future by our Company will be granted by the relevant authorities in a timely manner or at all. Our efforts to protect our intellectual property may not be adequate and may lead to erosion of our business value and our operations could be adversely affected. We may need to litigate in order to determine the validity of such claims and the scope of the proprietary rights of others. Any such litigation could be time consuming and costly and the outcome cannot be guaranteed. We may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect our intellectual property.

6. Our inability to manage inventory in an effective manner could affect our business.

Our business model requires us to maintain a certain level of inventory of our raw material, to meet the present and future orders. Our current inventory turnover ratio for FY 2021-22, FY 2022-23, FY 2023-24 and April 01, 2024 to December 31, 2024 is 7.98 ,3.25 ,2.29 and 0.93 which is sufficient to meet the current demand. In future, if we underestimate the orders that we may receive we may experience inventory shortages and a loss of opportunity. Similarly, an over estimation of orders may result in over stocking leading to increased holding costs. Additionally, any over run in holding of such goods may lead to their decay. Therefore, any mismanagement on our part to determine the optimum inventory levels may impact our operations and cause us to incur losses. In past three years and the stub period no such instances occurred in the Company.

7. We do not have any long-term agreement or contract of supply of raw materials and consequently are exposed to price and supply fluctuations for our raw materials.

Our Company is engaged in the business of manufacturing of yarn, and Polyester Normal, Polyester Recycle, Viscose, Cotton, Acrylic, Others Fibers are used as the primary raw material during our manufacturing process.

We have not entered into long term contracts with our suppliers and prices for raw materials are normally based on the quotes we receive from various suppliers. Price of raw material in this industry is highly volatile. We rely on pre-booking capacity with our suppliers, based on our demand projections. Since we have no formal arrangements with our suppliers, they are not contractually obligated to supply their products to us and may choose to sell their products to our competitors. Non-availability or inadequate quantity of raw material or use of substandard quality of the raw materials

in the manufacturing of our products, could have a material adverse effect on our business. Further, any discontinuation or a failure of these suppliers to adhere to the delivery schedule or failure to deliver the required quality and quantity could hamper our manufacturing schedule. In past three years and in the stub period no such instances occurred in the Company.

Further, we are also exposed to fluctuations in the prices of our raw material. Thus, we may be unable to control the factors affecting the price at which we procure our raw material. We also face the risks associated with compensating for or passing on such increase in our cost of production on account of such fluctuations in prices to our customers. Particularly, we face the risk of our products becoming unaffordable if pass on the increase in the cost of production to our customers through a corresponding increase in the price of our products in order to maintain our margins. Upward fluctuation of price of raw material may thereby affect our margins and profitability, resulting in a material adverse effect on our business, financial conditions and results of operations. In past three years and in the stub period no such instances occurred in the Company.

8. The future operating results are difficult to predict and may fluctuate or adversely vary from the past performance.

The company's operating results may fluctuate or adversely vary from past performances in the future due to a number of factors, many of which are beyond the company's control. The results of operations during any financial year or from period to period may differ from one another or from the expected results operation. Its business, results of operations and financial condition may be adversely affected by, inter alia, a decrease in the growth and demand for the products offered by the us or any strategic alliances which may subsequently become a liability or non-profitable. Due to various reasons including the above, the future performance may fluctuate or adversely vary from our past performances and may not be predictable. For further details of our operating results, section titled "Financial Information" beginning on Page no. 245 of this Red Herring Prospectus.

9. The loss, shutdown or slowdown of operations of our facility or the under-utilization of any such facility may have a material effect on our results of operations and financial condition.

Our business and results of operations are dependent on our ability to effectively plan our manufacturing processes and on our ability to optimally utilize our processing capacities for the various products we manufacture. Following are the details of capacity Utilisation by our company.

% of Utilization	90%	91%	75%	75%

For further details on installed capacities refer section titled "Our Business" on page no. 171 of this Red Herring Prospectus. We cannot assure you that we will achieve higher manufacturing capacities than we have achieved in the past and will be able to achieve optimal capacity utilization at our existing manufacturing facilities.

The capacity utilization at our manufacturing facilities is subject to various factors such as timely and adequate supply of raw material, uninterrupted power supply, efficient working of machinery and equipment and optimal production planning, technical support. Higher capacity utilization is critical to achieving higher revenues and profitability. If we are unable to achieve and consistently maintain, higher levels of capacity utilization or if our capacity utilization falls below the current level, our revenues and profitability could be adversely affected. Also, lower manufacturing capacity level could also adversely impact our ability to build our customer base and grow our business.

10. Exporting to Bangladesh involves risks due to political instability, security concerns, and internal tensions. Issues like border disputes, strikes, and protests can disrupt trade, increase costs, and reduce consumer demand. Additionally, political instability can affect financial institutions, leading to payment delays and higher risks for exporters.

We have exported 25.45%, 19.60%, 31.91% & 40.78% percent of our total revenue for the period ended December 31, 2024 and for the financial year ending on March 2024, 2023, and 2022 respectively in future we intend to continue the export our good Bangladesh. Exporting goods to Bangladesh exposes us to several risk as there is as political instability in Bangladesh which is due to internal power struggles, strikes, or protest which may lead to logistical challenges and delays. If the instable political environment in Bangladesh will remain same, it could impact the predictability of trade and lead to sudden policy changes or trade restrictions. Political tensions can lead to increased security costs, insurance premiums, and risk mitigation measures for exporters like us. These added costs can either erode profit margins or be passed on to buyers, making the cost of yarn exports less competitive in the Bangladeshi market. Political instability often results in lower consumer confidence and reduced demand for goods. If there's a slowdown in Bangladesh's domestic economy due to political tensions, the demand for textiles, including yarns, may decrease, affecting the overall market for yarn imports in Bangladesh. Such tensions can affect the stability of financial institutions in Bangladesh, leading to difficulties in transferring payments or accessing trade finance. If banks or other financial systems become less reliable, it can increase risks for exporters, and result in payment delays or non-payment.

Currently we have ₹ 1516.73 lakhs amount of orders from the Bangladesh which falls under the above-mentioned risk.

11. We have a substantial amount of outstanding indebtedness, which requires significant cash flows to service and are subject to certain conditions and restrictions in terms of our financing arrangements, which restricts our ability to conduct our business and operations in the manner we desire. Any failure to comply with financial and other restrictive covenants imposed on us under our financing agreements may affect our operational flexibility, business, results of operations and prospects.

As of December 31, 2024, our long-term borrowings were ₹ 3,606.53 Lakhs & short-term borrowings were ₹8,456.11 Lakhs and we will continue to incur additional indebtedness in the future. Our level of indebtedness has important consequences to us, such as:

- increasing our vulnerability to general adverse economic, industry and competitive conditions;
- limiting our ability to borrow additional amounts in the future;
- affecting our capital adequacy requirements; and
- Increasing our finance costs.

In the event we breach any financial or other covenants contained in any of our financing arrangements or in the event we had breached any terms in the past which is noticed in the future, we may be required to immediately repay our borrowings either in whole or in part, together with any related costs. If the lenders of a material amount of the outstanding loans declare an event of default simultaneously, our Company may be unable to pay its debts when they fall due. In past three years and in the stub period no such instances occurred in the Company.

As on December 31, 2024, our total secured borrowings amounted to ₹ 11552.49 Lakhs from Banks. Our leverage has several important consequences, including the following:

- A portion of our cash flow will be used towards repayment of debt, which will reduce the availability of cash to fund working capital requirements, capital expenditures and other general corporate purposes;

- Our borrowing cost and the existence of encumbrances on a significant portion of our immovable properties may constrain. In the event of enforcement of an event of default in connection with such secured borrowings (which is not waived or cured), our ability to continue to operate our business at such locations may be restricted;
- Fluctuations in interest rates may affect our cost of borrowing, as all or a substantial part of our borrowings is at floating rates of interest;

Our failure to comply with financial or restrictive covenants or periodic reporting requirements or to obtain our lenders' consent to take certain actions in a timely manner or at all may result in declaration of an event of default by any current or future lenders, which may accelerate repayment or increase applicable interest rates or trigger cross-default or cross-acceleration under other financing agreements.

Although we have not experienced any disruption in our loan facility in past, but termination of, or declaration or enforcement of default under, any current or future financing agreement (if not waived or cured) may affect our ability to raise additional funds or renew maturing borrowings to finance our existing operations and pursue our growth initiatives and, therefore, have an effect on our business, results of operations and prospects.

For further details of our loans, please refer chapter titled "*Financial Information*" beginning on Page no. 245 of this Red Herring Prospectus.

12. We will continue to be controlled by our Promoter and Promoter Group after the completion of the Issue, which will allow our Promoters to influence the outcome of matters submitted for approval of our shareholders.

As on the date of this Red Herring Prospectus, our Promoter and Promoter Group hold 100% of the issued and outstanding paid-up share capital of our Company. Following the completion of the Issue, our Promoter and Promoter Group will continue to hold together 68.66% of our post-Issue Equity Share capital. As a result, they will have the ability to influence matters requiring shareholders' approval, including the ability to appoint Directors to our Board and the right to approve significant actions at Board and at shareholders' meetings, including the issue of Equity Shares and dividend payments, business plans, mergers and acquisitions, any consolidation or joint venture arrangements, any amendment to our Memorandum of Association and Articles of Association, and any other business decisions. We cannot assure you that our Promoters and Promoter Group will not have conflicts of interest with other shareholders or with our Company. Any such conflict may adversely affect our ability to execute our business strategy or to operate our business.

13. We have significant power requirements for continuous running of our factories. Any disruption to our operations on account of interruption in power supply or any irregular or significant hike in power tariffs may have an effect on our business, results of operations and financial condition.

Our factory and office have significant electricity requirements and any interruption in power supply may disrupt our operations. Our business and financial results may be affected by any disruption of operations. We majorly depend on third parties for our major power requirements for details please refer chapter titled "*Our Business*" on page no.171. Further, we have limited options in relation to maintenance of power back-ups such as Solar plants.

Since we have significant power consumption, any unexpected or significant increase in its tariff can increase the operating cost of factories and production cost which we may not be able to pass on to our customers. There are limited number of electricity providers in area from where we operate due to which in case of a price hike, we may not be able to find a cost-effective substitute, which may negatively affect our business, financial condition and results of operations. In past three years and in the stub period no such instances occurred in the Company.

For Further details, please refer to chapter titled "*Our Business*" beginning on Page no. 171 of this Red Herring Prospectus.

14. We are dependent on third party logistic and support service providers for the delivery of raw materials and finished products and any disruptions in their services including transportation services or a decrease in the quality of their services may adversely affect our business, financial condition and results of operations.

We rely on third party logistic and support service providers including for transportation services at multiple stages of our business activities, including for procurement of raw materials from our suppliers and for transportation of our finished products from our manufacturing facility to our customers and warehousing facilities. We generally use water, road and rail transportation services to meet our transportation requirements. However, we do not enter into any long-term contracts with any logistics service provider.

We typically engage and hire service providers through the spot contracts based on factors including cost, availability and delivery schedules. Accordingly, our transportation costs may vary and are based on rates that are offered to us from time to time. Our business is also vulnerable to increased transportation costs or delivery delays due to various factors, including increase in fuel costs, freight rates, increase in port, road and toll taxes, shipping congestions, damage or losses of goods in transit, disruption of transportation services because of weather related problems, strikes, lock-outs, accidents, inadequacies in waterways and road infrastructure, currency fluctuations, changes in tariff or import policies, political uncertainty or other similar events,

We may face transportation risks including damage or losses of goods in transit, delay in deliveries to our customers etc. due to loss or pilferage, which we may not be able to fully recover from our service provider or from our insurance coverage. Further, while we adjust freight costs in the cost of products sold to our customers, we bear transportation risk for the duration of transit. In addition, we may be required to replace a service provider if its services do not meet our safety, quality or performance standards or the partner's non-compliance with applicable laws or if it should unexpectedly discontinue operations due to reasons beyond its or our control. While freight costs have increased as a percentage to the total expenses in the last 3 financial years, these costs are passed on to our customers. Any prolonged disruption or unavailability of such facilities in a timely manner could result in delays or inability to deliver our products to our customers, or may require us to look for alternative means of transportation which may not be cost or time efficient, thereby adversely affecting our operations, profitability, reputation and market position.

Our operations and profitability are dependent upon the availability of reliable logistic and support services in a timely and cost-efficient manner and any disruption in these services including transportation services or increase in their cost may affect our business, financial condition and results of operations.

15. Our Company had filed certain ROC forms with delayed fees and Company cannot assure that no proceedings or regulatory actions will be initiated against it in relation to the non-filing and delayed filing.

Our company has filed certain roc forms with delayed fees with ROC in the past years. Although, no show cause notice in respect of the above has been received by the Company till date, any penalty imposed for such non-compliance in future by any regulatory authority could affect our financial conditions to that extent.

If we are required to relocate our business operations during this period, we may suffer a disruption in our operations or have to pay higher charges, which could have an adverse effect on our busess, prospects, results of operations and financial condition. In past three years and in the stub period no such instances occurred in the Company.

For details regarding properties taken on lease refer the Section titled Place of Business on “*Our Business*” beginning on page no. 171 of this Red Herring Prospectus.

22. Our top ten suppliers contribute majority of our purchases. Any loss of business with one or more of them may adversely affect our business operations and profitability.

Our top ten suppliers contributed approximately 90.46%, 64.88%, 79.78% and 82.09% of our total purchases for the period ended December 31, 2024, March 31, 2024, March 31, 2023, and March 31, 2022 based on Restated Financial Statements. However, our top suppliers may vary from period to period depending on the demand-supply mechanism and thus the supply process from these suppliers might change as we continue to seek more cost-effective suppliers in normal course of business. Since our business is concentrated among relatively few significant suppliers, we could experience a reduction in our purchases and business operations if we lose one or more of these suppliers, including but not limited on account of any dispute or disqualification.

While we believe we have maintained good and long-term relationships with our other suppliers too, there can be no assurance that we will continue to have such long-term relationship with them as we don’t have any long-term agreements. We cannot assure that we shall do the same quantum of business, or any business at all, with these customers, and loss of business with one or more of them may adversely affect our purchases and business operations. In past three years and in the stub period no such instances occurred in the Company.

23. We require certain approvals and licenses in the ordinary course of business and the failure to successfully obtain such registrations would adversely affect our operations, results of operations and financial condition.

We are governed by various laws and regulations for our business and operations. We are required, and will continue to be required, to obtain and hold relevant licenses, approvals and permits at state and central government levels for doing our business. The approvals, licenses, registrations and permits obtained by us may contain conditions, some of which could be onerous. Additionally, we will need to apply for renewal of certain approvals, licenses, registrations and permits.

While we have obtained a significant number of approvals, licenses, registrations and permits from the relevant authorities. There can be no assurance that the relevant authority will issue an approval or renew expired approvals within the applicable time period or at all. Any delay in receipt or non-receipt of such approvals, licenses, registrations and permits could result in cost and time overrun or which could affect our related operations. Furthermore, under such circumstances, the relevant authorities may initiate penal action against us, restrain our operations, impose fines/penalties or initiate legal proceedings for our inability to renew/obtain approvals in a timely manner or at all.

Furthermore, we cannot assure you that the approvals, licenses, registrations and permits issued to us will not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. Any suspension or revocation of any of the approvals, licenses, registrations and permits that has been or may be issued to us may affect our business and results of operations. In past three years and in the stub period no such instances occurred in the Company. For details of material approvals applied for, but not received by our Company, see ‘*Government and Other Approvals*’ on page no. 330 of this Red Herring Prospectus.

24. Our inability to effectively manage our growth or to successfully implement our business plan and growth strategy could have an effect on our business, results of operations and financial condition.

The success of our business will depend greatly on our ability to effectively implement our business and growth strategy. Our growth strategy involves focusing on Optimal Utilization of Resources and to developed relationships with customer. For further details, see the section titled “Our Business Overview” on page no. 171 of this Red Herring Prospectus. Our success in implementing our growth strategies may be affected by:

- Our ability to identify new markets to expand;
- Our ability to maintain the quality of our product;
- Changes in the Indian regulatory environment in field of Textile & apparel industry

There can be no assurance that we will be able to execute our strategy on time and within our estimated budget, or that our expansion and development plans will increase our profitability. Any of these factors could impact our results of operations. We cannot assure you that we will not face any time or cost overruns in respect of implementation of our strategies in the future. Further, we expect our growth strategy to place significant demands on our management, financial and other resources and require us to continue developing and improving our operational, financial and other internal controls. Our inability to manage our business and implement our growth strategy could have effect on our business, financial condition and profitability.

25. We export our products to various countries, on account of which we may be subject to significant import duties or restrictions. Further, unavailability of fiscal benefits enjoyed by us or our inability to comply with related requirements may have an adverse effect on our business and results of operations.

Our company exports products to various countries, including Australia, Bangladesh, Chile, China, Egypt, Hong Kong, Indonesia, Italy, Kenya, South Korea, Morocco and others. A major portion of our revenue, as evidenced by the export revenue percentage over the past few years (34.99% for the stub period ending on 31st December 2024, 36.00% for the year ending 31st March 2024, 36.00% for 31st March 2023, and 59.29% for 31st March 2022), comes from international markets. These countries impose varying import duties on our products. There can be no assurance that the import duties will not increase or new restrictions will not be imposed by such countries. Any substantial increase in such duties or imposition of new restrictions may adversely affect our business, financial condition and results of operations.

26. The unsecured loans availed by our Company from Promoter group may be recalled at any given point of time.

Our Company has been availing unsecured loans from Promoter group from time to time. The total outstanding payable to them as on December 31, 2024 amount is ₹110.15 Lakhs. Although there are no terms and condition prescribed for repayment of unsecured loan which can be recalled at any given point of time during ordinary course of business and thus may affect the business operations and financial performance of our Company. In past three years and in the stub period no such instances occurred in the Company.

For further details regarding loans availed by our Company, please refer “*Financial Information*” on page no. 245 of this Red Herring Prospectus.

27. Any deficiency in our products could make our Company liable for client claims, which in turn could affect our Company’s results of operations.

Our Company is bound by the terms and conditions as placed before its clients. There are no specific regulations governing the supply of the same, other than the general law of contracts. Any claims made by these clients for deficiency in our products, would be subject to these terms and conditions, which are in the nature of normal contractual obligations in India. Any violation of these obligations could impact our Company's results of operations. In past three years and in the stub period no such instances occurred in the Company.

28. We face competition in our business from organized and unorganized players, which may adversely affect our business operation and financial condition.

The market in which our company operates is highly competitive due to the presence of both organized and unorganized players. Competitors in this industry typically vie for market share by emphasizing key attributes such as product quality, price, customer service, and innovation. Some of our competitors have significant advantages, including longer industry experience and superior financial, technical, and operational resources. These advantages may enable them to respond more quickly to changing market conditions, adapt to new trends, and invest in advanced technologies, all of which can enhance their competitive edge. Consequently, we must remain agile and continually evaluate and adjust our strategies to maintain our market position. If we are unable to compete successfully, we could lose our customers, which would negatively impact our sales and financial performance. Further, the competitive nature of the textile industry may result in lower prices for our products and decreased gross profit margins, either of which may materially adversely affect our sales and profitability.

29. Failing to secure future working capital loans would lead to severe liquidity issues, disrupting operations, causing delayed deliveries, and damaging supplier and client relationships. This would increase short-term liabilities, reduce assets through forced liquidation, and result in negative operating cash flow, severely impacting our financial stability and growth potential.

Over the years, we have relied on various loans to support its operational needs and ensure smooth business functioning. At present, we have eight outstanding loans, each contributing to our overall working capital. These loans have been essential in maintaining day-to-day operations, ensuring that we can meet payroll, pay suppliers, and manage other essential expenses that are necessary for the business's growth and stability. Details of the loans are:

Name of Lender	Purpose	Rate of Interest	Repayment Schedule
HDFC LC 2289	Working Capital	NA	On demand
HDFC- POST SHIPMENT (BILL DISCOUNT)	Working Capital	SOFR+1.75%	12 months
HDFC-PCFC-PRE-SHIPMENT INR	Working Capital	SOFR+1.75%	12 months
Canara 125004281683	Working Capital	9.25%	On Demand
ICICI Bank Limited - FD OD	Overdraft	NA	On Demand
SBI Bank - FD OD 42391327880	Working Capital	7.08%	On Demand
HDFC 59265400002289	Working Capital	9.25%	On Demand
HDFC-PCFC-PRE-SHIPMENT USD	Working Capital	SOFR+1.75%	12 months
Standard Chartered Bank	Working Capital	Repo + 4%	On Demand

if we fail to secure the necessary loan in future to meet our working capital requirements, we will be at significant financial risk. We might face severe liquidity issues, preventing us from fulfilling essential obligations. This situation would directly disrupt our business operations, leading to delayed deliveries, potential stock shortages, and a loss of trust with suppliers and clients. we could see a sharp increase in short-term liabilities, as the inability to meet obligations would lead to overdue payments and potentially increased debt levels. This could also cause a reduction in assets, as we may be forced to liquidate inventory or other assets to cover immediate needs. Furthermore, our cash flow statement

would show negative operating cash flow, as payments are delayed or missed., we could result in lower revenues due to operational disruptions and potentially higher costs associated with emergency financing or penalties.

30. The average cost of acquisition of Equity Shares by our Promoter could be lower than the Issue Price.

Our Promoter average cost of acquisition of Equity Shares in our Company is lower than the Issue Price decided by the Company in consultation with the Lead Manager. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company and build-up of Equity Shares by our Promoter in our Company, please refer to the chapters “*Capital Structure*” beginning on page no. 93 of this Red Herring Prospectus.

31. We have issued equity shares pursuant to a bonus issue in the last 12 months issued Equity Shares at a price that may be at lower than the Issue Price, and we will be eligible to issue equity shares pursuant to a bonus issue only when we have sufficient reserves.

In the last 12 months we may have issued bonus Shares to the promoter and other shareholders of our Company which are as follows: -

During the financial year 2023-24, the company has issued 7250000 bonus shares to the fully paid equity shareholders of the company in the proportion of 29:1 i.e. twenty-nine new fully paid equity share for every 1 existing equity shares held on that date.

The Equity Shares allotted to investors pursuant to this Issue is being priced significantly higher due to various reasons including better performance by the Company, better economic conditions and passage of time.

Our free reserves immediately before the bonus issue were ₹ 2,498.55 Lakh and immediately after the bonus issue were ₹ 1,773.55 Lakh and our securities premium before the bonus issue were Nil.

Bonus issue shall be made only out of free reserves, securities premium account or capital redemption reserve account and built out of the genuine profits or securities premium collected in cash. As on the date of this Red Herring Prospectus, our Company’s securities premium account was ₹ 2,637.18 Lakhs and the available free reserves aggregated ₹ 2,479.70 Lakhs. Additionally, we do not have capital redemption reserve account. Therefore, our Company will be eligible to issue bonus shares only when we have sufficient monies in our free reserves and our securities premium account

For Further details of equity shares issued, please refer to the chapter titled “*Capital Structure*” beginning on page no. 93 of this Red Herring Prospectus.

32. We have entered into and may enter into related party transactions in the future also.

Our Company in the past has entered into Related Party Transactions and may continue to do so in future also, which may affect our competitive edge. Our Company had entered into various transactions with our Promoter, Promoter Group, Directors and their Relatives and Group Companies & entities. These transactions, inter-alia includes salary, remuneration, loans and advances, commission, interest and purchase and sales etc. for details refer Annexure IX of the chapter titled “*Financial Information*” beginning on page no. 245 of this Red Herring Prospectus. Our Company entered into such transactions at arm length price due to easy proximity and quick execution. Also, the transactions are in compliance with Companies Act, 2013 and other applicable provisions.

While we believe that all our related party transactions have been conducted on an arm’s length basis, we cannot assure you that we may not have achieved more favourable terms had such transactions been entered into with unrelated parties. There can be no assurance that such transactions, individually or taken together, will not have an adverse effect on our business, prospects, results of operations and financial condition, including because of potential conflicts of interest or otherwise. In addition, our business and growth prospects may decline if we cannot benefit from our relationships with them in the future. Our company is involved in related party transaction Our company is engaged in transactions with

sister companies located in Bangladesh, which could pose unique risks. We have a sister company in Bangladesh from which all the yarns are supplied in Bangladesh

33. We are dependent on technology in carrying out our business activities and it forms an integral part of our business. If we face failure of our information technology systems, we may not be able to compete effectively which may result in lower revenue, higher costs and would adversely affect our business and results of operations.

Our continued growth depends on the ability and performance of our existing technology that is utilized and will be utilized in the production of our products. Further, our Company also has an APLOS ERP system which integrates and collates data of purchase, sales, reporting, accounting, stocks, tracking vehicle etc. Our Company also employs the use of data driven decision making in the production process. We may in the future experience disruptions, outages, and other performance problems with our infrastructure due to a variety of factors, including infrastructure changes, introductions of new functionality, human or software errors, capacity constraints, distributed denial-of-service attacks or other security-related incidents. In some instances, we may not be able to identify the cause or causes of these performance problems immediately or in short order. We may not be able to maintain the level of production if there is an interruption or outage in the technology that we currently employ. Frequent or persistent interruptions in the production process could cause customers to believe that our products are unreliable, leading them to switch to our competitors or to otherwise avoid our products. This could negatively impact market acceptance of our business and our financial condition, and results of operations could be adversely affected.

34. Our insurance coverage may not be adequate to protect us against all potential losses to which we may be subject and this may have a material effect on our business and financial condition.

While we maintain insurance coverage, in amounts which we believe are commercially appropriate, we may not have sufficient insurance coverage to cover all possible economic losses, including when the loss suffered is not easily quantifiable and in the event of severe damage to our business. Even if we have made a claim under an existing insurance policy:

S. No	Insurance Company	Policy No.	Party Insured	Sum insured (in Rs.)	Premium Paid (in Rs.)	Details	Period

we may not be able to successfully assert our claim for any liability or loss under such insurance policy. Additionally, there may be various other risks and losses for which we are not insured either because such risks are uninsurable or not insurable on commercially acceptable terms. The occurrence of an event for which we are not adequately or sufficiently insured could have an effect on our business, results of operations, financial condition and cash flows. In past three years and in the stub period no such instances occurred in the Company, except the company has insurance claimed ₹45.56 lakhs due to short circuit in machinery (Radio Frequency dryer RFD) in the stub period.

For further please refer chapter titled “Our Business” beginning on Page no. 171 of this Red Herring Prospectus.

35. There may be potential conflicts of interest if our Promoters or Directors are involved in any business activities that compete with or are in the same line of activity as our business operations.

Some of our Group Company and Promoter Group Entities namely Auburn Design Private Limited, APOP International Private Limited, M.R. Fabrics & Apparels Proprietorship, Innocott International Pvt. Ltd, My Textile Pvt. Ltd. and Urban Farms and Villas LLP are involved in business of garment and textile industry. Also, our Company has entered into various transaction such as purchase and sale in past with our Group Company and Promoter Group Entities and will continue to do in future. For detailed information for our transaction with Promoter Group Entity please refer to Annexure IX of Restated Financial Statement under chapter titled “*Financial Information*” beginning on page no. 245 of this Red Herring Prospectus.

Further, we have not entered into any non-compete agreement with the said entities. We cannot assure you that our Promoters who has common interest in said entities will not favour the interest of the said entities as a result; conflicts of interests may arise in allocating business opportunities amongst our Company and our Promoter Group Entity in circumstances where our respective interests diverge. There can be no assurance that our Promoters or our Promoter Group Entity or members of the Promoter Group will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Any such present and future conflicts could have a material adverse effect on our reputation, business, results of operations and financial condition which may adversely affect our profitability and results of operations. For further details, please refer to chapter titled “*Our Promoter and Promoter Group*” beginning on Page no. 228 and 233 of this Red Herring Prospectus.

36. Within the parameters as mentioned in the chapter titled ‘Objects of the Issue’ beginning on page no. 113 our Company’s management will have flexibility in applying the proceeds of this Issue. The fund requirement and deployment mentioned in the Objects of this Issue have not been appraised by any bank or financial institution. Any variation in the utilization of the Net Proceeds as disclosed in this Red Herring Prospectus shall be subject to certain compliance requirements, including prior Shareholders’ approval.

We intend to use Issue Proceeds towards Funding the Installation of Grid-tied Solar PV Rooftop System for Captive evacuation, Modernization of the dyeing plant, Working Capital Requirements, General Corporate Purposes and to meet Issue expenses. We intend to deploy the Net Issue Proceeds in FY 2024-25 and 2025-26. Such deployment is based on certain assumptions and strategy which our Company intends to implement in near future. The funds raised from the Issue may remain idle on account of change in assumptions, market conditions, strategy of our Company, etc., For further details on the use of the Issue Proceeds, please refer chapter titled “*Objects of the Issue*” beginning on page no. 113 of this Red Herring Prospectus.

The deployment of funds for the purposes described above is at the discretion of our Company’s Board of Directors. The fund requirement and deployment are based on internal management estimates and has not been appraised by any bank or financial institution. Accordingly, within the parameters as mentioned in the chapter titled “Objects of the Issue” beginning on page no. 113 of this Red Herring Prospectus, the Management of the Company will have significant flexibility in applying the proceeds received by our Company from the Issue.

Our Company proposes to deploy the entire Net Proceeds towards the objects for Installation of Grid-tied Solar PV Rooftop System for Captive evacuation, Modernization of the dyeing plant, Working Capital Requirements, General Corporate Purposes and to meet Issue expenses during FY 2024-25 and 2025-26. However, if the Net Proceeds are not completely utilized for the objects stated in Red Herring Prospectus due to factors such as (i) economic and business conditions; (ii) increased competition; (iii) market conditions outside the control of our Company and its management; and (iv) other commercial considerations such as availability of alternate financial resources, the same would be utilised (in part or full) in a subsequent period as may be determined by our Company in accordance with applicable law. For further details on the use of the Issue Proceeds, please refer chapter titled “Objects of the Issue” beginning on page no. 113 of this Red Herring Prospectus.

In the event of any such circumstances that requires us to undertake variation in the disclosed utilization of the Net Proceeds, we may not be able to obtain the Shareholders’ approval in a timely manner, or at all. Any delay or inability in obtaining such Shareholders’ approval may adversely affect our business or operations. Further, our Promoters or controlling shareholders would be required to provide an exit opportunity to the shareholders who do not agree with our proposal to modify the objects of the Offer as prescribed in the SEBI ICDR Regulations. If our shareholders exercise such exit option, our business and financial condition could be adversely affected. Therefore, we may not be able to undertake variation of objects of the Offer to use any unutilized proceeds of the Offer, if any, even if such variation is in the interest of our Company, which may restrict our ability to respond to any change in our business or financial condition and may adversely affect our business and results of operations.

37. Our success is dependent on our Promoter, management team and skilled manpower. Our inability to attract and retain key personnel or the loss of services of our Promoter or Managing Director and Whole Time Director may have an adverse effect on our business prospects.

Our Promoter, Managing Director, management team and skilled manpower have significantly contributed to the growth of our business, and our future success is dependent on the continued services of our management team. We don’t have any written contract with our KMPs and our inability to retain any key managerial personnel may have an adverse effect on our operations. Our ability to execute contracts and to obtain new clients also depends on our ability to attract, train, motivate and retain highly skilled professionals, particularly at managerial levels. We might face challenges in recruiting suitably skilled personnel, particularly as we continue to grow and diversify our operations. In the future, we may also not be unable to compete with other larger companies for suitably skilled personnel due to their ability to offer more competitive compensation and benefits. The loss of any of the members of our senior management team, our directors or other key personnel or an inability on our part to manage the attrition levels; may materially and adversely impact our business, results of operations, financial condition and growth prospects.

For further details of our Promoters and Management, please refer chapter titled “*Our Promoters and Promoter Group*” and “*Our Management*” beginning on Page nos. 228, 233 & 216 of this Red Herring Prospectus.

38. Our Company is yet to place orders for the machineries for the expansion of the proposed business operation and Installation of Grid-tied Solar PV Rooftop System for Captive evacuation. Any delay in placing orders of such machinery may delay the schedule of implementation and possibly increase the cost of commencing operations.

Our Company has received third party quotations for the Installation of Grid-tied Solar PV Rooftop System for Captive evacuation and machineries for modernization of existing machines proposed to be installed at Akbarpur Channa, Ahmedgarh, Near Ludhiana, District Sangrur Punjab. Although, we have identified the vendor for Grid-tied Solar PV Rooftop System and purchase of machinery for modernization of existing machines proposed to be purchased from the Net Proceeds, the cost of the proposed purchase of machinery is based on the quotations received from third party vendors and such quotations are valid for a certain period of time and may be subject to revisions, and other commercial and technical factors. For details, please refer to the chapter titled “*Objects of the Issue*” beginning on page no. 113 of this Red Herring Prospectus.

We cannot assure that we will be able to procure the Grid-tied Solar PV Rooftop System and machineries for modernization of existing machines in a timely manner and at the same price at which the quotations have been received. In the event of any delay in placing the orders, or an escalation in the cost of acquisition of the Grid-tied Solar PV Rooftop System and machineries for modernization of existing machines or in the event the vendors are not able to provide Grid-tied Solar PV Rooftop System and machineries for modernization of existing machines in a timely manner, or at all, we may encounter time and cost overruns in expanding the capacity of the business operation. Further, if we are unable to procure machinery from the vendors from whom we have procured quotations, we cannot assure you that we may be able to identify alternative vendors to provide us with the Grid-tied Solar PV Rooftop System and machineries for modernization of existing machines which satisfy our requirements at acceptable prices. Our inability to procure the machinery at acceptable prices or in a timely manner, may result in an increase in capital expenditure, the proposed schedule implementation and deployment of the Net Proceeds may be extended or may vary accordingly, thereby resulting in an adverse effect on our business, prospects and results of operations.

39. Our failure to adapt to technological developments or industry trends could affect the performance and features of our products, and reduce our attractiveness to our customers.

As our operations grow in scope and size, whether through offering of new products or expansion into new markets, we must continuously improve, upgrade, adapt and expand our systems and infrastructure to offer our customers enhanced products, features and functionality ahead of rapidly evolving customer demands, while maintaining the reliability and integrity of our systems and infrastructure in a cost-efficient and competitive manner. The systems, infrastructure and technologies we currently employ may become obsolete or be unable to support our increased size and scale. Even if we are able to maintain, upgrade or replace our existing systems or innovate or customize and develop new technologies and systems, we may not be as quick or efficient as our competitors in upgrading or replacing our systems. We may be unable to devote adequate financial resources or obtain sufficient financing on commercially acceptable terms in time, or at all, which may have a material adverse effect on our business, prospects, results of operation and financial condition. To minimize the risk, we have a team of 7 personnel for Development & Sampling as on the date of this Red Herring Prospectus. Part of their role is to analyses the market and forecast the demand

For further details regarding our business, please refer to chapter titled “*Our Business*” on Page no. 171 of this Red Herring Prospectus.

40. If there is a change in policies related to tax, duties or other such levies applicable to us, it may affect our results of operations.

We benefit from certain general tax regulations and incentives that accord favourable treatment to certain of our operations as well as for our activities. These tax benefits include income tax deductions and other taxes. For details regarding income tax deductions, please refer to the chapter “*Statement of Possible Tax Benefits*” on page no. 142 of this Red Herring Prospectus.

New or revised accounting policies or policies related to tax, duties or other such levies promulgated from time to time by the relevant authorities may significantly affect our results of operations. We cannot assure you that we would continue to be eligible for such lower tax rates or any other benefits. The reduction or termination of our tax incentives, or non-compliance with the conditions under which such tax incentives are made available, will increase our tax liability and affect our business, prospects, results of operations and financial condition.

41. Our ability to pay dividends in the future may be affected by any material adverse effect on our future earnings, financial condition or cash flows.

Our ability to pay dividends in future will depend on our earnings, financial condition and capital requirements. In the case of interim dividend, we may not be able to pay such dividend without the consent of board of directors. We may be unable to pay dividends in the near or medium term, and our future dividend policy will depend on our capital requirements and financing arrangements in respect of our operations, financial condition and results of operations. We may, in future, issue convertible securities. Our Company has not declared dividends in the past, and there can be no assurance that our Company will declare dividends in the future also. For further details, please refer to the chapter titled “Dividend Policy” on page no. 244 of this Red Herring Prospectus.

42. We have experienced negative cash flows in the past. Any such negative cash flows in the future could affect our business, results of operations and prospects.

Our Company had reported certain negative cash flows in the previous years as per the Restated Financial Statements and the same are summarized as under:

PARTICULARS	For the year ended 31st December, 2024	For the year ended 31st March, 2024	For the year ended 31st March, 2023	For the year ended 31st March, 2022
Cash Generated/(Used) From Operating Activities	1,098.21	485.44	(196.01)	(1,542.31)
Cash Generated/(Used) From Investing Activities	(493.94)	(251.39)	(649.41)	(608.68)
Cash Generated/(Used) From Financing Activities	(568.88)	(234.17)	847.33	2,153.26

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. If our Company is not able to generate sufficient cash flows, it may affect our business and financial operations. For further please refer chapter titled “Financial Information” beginning on Page no. 245 of this Red Herring Prospectus.

43. We are subject to the risk of failure of or a material weakness in our internal control systems.

We are exposed to risks arising from the inadequacy or failure of internal systems or processes, and any actions we may take to mitigate these risks may not be sufficient to ensure an effective internal control environment. Given our high volume of transactions, errors may be repeated or compounded before they are discovered and rectified. Our management information systems and internal control procedures may not be able to identify non-compliance or suspicious transactions in a timely manner, or at all. Where internal control weaknesses are identified, our actions may not be sufficient to fully correct such weaknesses. In addition, several of our collection related processes are yet to be fully automated, which may increase the risk that human error, tampering or manipulation will result in losses that may be difficult to detect. As a result, we may incur expenses or suffer monetary losses, which may not be covered by our insurance policies and may result in a material effect on our business, financial condition and results of operations. In past three years and the stub period no such instances occurred in the Company

Our Company is vulnerable to risk arising from the failure of employees to adhere to approved procedures, system controls, fraud, system failures, information system disruptions, communication systems failure and interception during transmission through external communication channels or networks. Failure to protect fraud or breach in security may adversely affect our Company's operations and financial performance. Our reputation could also be adversely affected by significant fraud committed by our employees, agents, customers or third parties. In past three years and in the stub period no such instances occurred in the Company.

44. The future operating results are difficult to predict and may fluctuate or adversely vary from the past performance.

The company's operating results may fluctuate or adversely vary from past performances in the future due to a number of factors, many of which are beyond the company's control. The results of operations during any financial year or from period to period may differ from one another or from the expected results operation. Its business, results of operations and financial condition may be adversely affected by, inter alia, a decrease in the growth and demand for the products offered by the us or any strategic alliances which may subsequently become a liability or non-profitable. Due to various reasons including the above, the future performance may fluctuate or adversely vary from our past performances and may not be predictable. For further details of our operating results, section titled "Financial Information" beginning on Page no. 245 of this Red Herring Prospectus.

45. We are subject to quality requirements and strict technical specifications by our customers. Our failure to comply with the quality standards and technical specifications prescribed by such customers may lead to loss of business from such customers and could negatively impact our reputation, which would have an adverse impact on our business prospects and results of operations

Our customers demand strict quality standards. Our products go through various quality checks at various stages at our manufacturing facilities. Failure of our products to meet the quality standards expected by our customers may result in rejection and reworking of our products. This may result in our customers cancelling present or future purchases of our products.

Further, we may also be subject to the liability claims being initiated against us by our customers. We do not have any product liability insurance to protect us against such claims and any liability incurred pursuant to such claims is required to be funded by the Company. While we have put in place quality control procedures, we cannot assure that our products will always be able to achieve the quality standards expected by our customers. Our quality control procedures may fail to test for all possible conditions of use or identify all defects in the manufacturing of our products. Further, any lapses in quality may impact our long-term relationships with customers, which is one of our key strengths. Any failure on our part to successfully maintain quality standards for our products may affect our customer relationships, which may adversely affect our business and results of operations. In past three years and in the stub period no such instances occurred in the Company.

46. We have not independently verified certain data in this Red Herring Prospectus.

We have not independently verified data from the industry and related data contained in this Red Herring Prospectus and although we believe the sources mentioned in the Red Herring prospectus to be reliable, we cannot assure you that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled with regards to other countries. Therefore, discussions of matters relating to India, its economy or the industries in which we operate that is included herein are subject to the caveat that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete, inaccurate or unreliable. Due to incorrect or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

47. Any Penalty or demand raise by statutory authorities in future will affect our financial position of the Company.

Our Company is mainly engaged in business of Manufacturer and distributor of yarns which attracts tax liability such as Income tax & Goods and Service Tax and other applicable provision of the Acts. However, the Company has been depositing the return under above applicable acts but any demand or penalty raise by concerned authority in future for any previous year and current year will affect the financial position of the Company. For detail, please refer “*Outstanding Litigations and Material Development*” beginning on page no. 326 of this Red Herring Prospectus. Any such penalty arising in future may lead to financial loss to our Company.

48. Our labors are subject to Health and Safety Hazards

We operate a manufacturing unit in Village Akbarpur, Ahmedgarh, Dist:Sangrur, Near Ludhiana, Punjab-148021 (India) that features a variety of machines, including Blow Room and Carding equipment from Truszler/LMW, Draw Frame and Speed Frame from LMW, Ring Frames from LMW, Twister TFO, Autoconer, and Fiber/Yarn Dyeing machines.

Our dedicated workforce of 583 skilled laborers acknowledges the health and safety hazards associated with our operations. While we have implemented several measures to minimize these risks, we recognize that it may not be possible to completely eliminate all hazards. To support our safety efforts, we hold a Fire Safety Certificate and have received authorization to operate a facility for hazardous waste management in accordance with the Hazardous and Other Waste (Management and Transboundary Movement) Rules, 2016. Additionally, we are covered by the Employees’ State Insurance Corporation to help mitigate potential losses.

49. Certain Agreements, deeds or licenses may be in the previous name of the company.

Certain agreements, deeds, or licenses may be in the name of the erstwhile name of company “Cedar Textile Private Limited”. In case, we fail to change the name in the agreements, deeds or licenses it may cause an adverse effect on Our Company’s business & operations although we do not foresee any challenge in doing so.

50. Supply Chain Disruptions can hamper our sale of goods.

We supply our goods through Dealers and agents but do not have any formal written agreements with them. However, this lack of contractual clarity poses risks; any issues that arise with our agents could negatively impact our sales and overall business operations. This could decrease sales revenue, increased operating expenses, and potentially lower profit margins. Over the time, these impacts can erode overall profitability and negatively influence our liquidity ratios, which are critical for assessing financial health. In past we have not incurred any supply chain destruction

51. The requirements of being a listed company may strain our resources and distract management.

We have no experience as a listed company and have not been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public that is associated with being a listed company. As a listed company, we will incur additional legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. We will be subject to the listing agreements with the Stock Exchanges and compliances of SEBI Listing Regulation, 2015 which would require us to file audited annual and unaudited semi-annual and limited review reports with respect to our business and financial condition. If we delay making such filings, we may fail to satisfy our reporting obligations and/or we may not be able to readily determine and accordingly report any changes in our results of operations as timely as other listed companies.

As a listed company, we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions to support the existence of effective disclosure controls and procedures, internal control over financial reporting and additional compliance requirements under the Companies Act, 2013. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, significant resources and management oversight will be required. As a result, management’s attention may be diverted from other business concerns, which

could adversely affect our business, prospects, financial condition and results of operations. In addition, we may need to hire additional legal and accounting staff with appropriate listed company experience and technical accounting knowledge and we cannot assure you that we will be able to do so in a timely manner.

52. The directors of our company don't have the experience of the listed company and the requirements of being a listed company may strain our resources.

The Directors of the company don't have the experience of the listed Company; however, the Promoters have the experience of the Textile Industry. We have not been subjected to the increased scrutiny of our affairs by shareholders, regulator and the public at large that is associated with being a listed company. We will be subject to the equity listing agreement with the Stock Exchange which will require us to file audited annual and half yearly reports with respect to our business and financial condition.

Further, as a listed company, Directors and the Company will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions to support the existence of effective disclosure controls and procedures and internal control over financial reporting. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, significant resources and management attention will be required.

As a result, our management's attention may be diverted from business concerns, which may adversely affect our business, prospects, financial condition, and results of operations. Further, we may need to hire additional legal and accounting staff with appropriate listed company experience and technical accounting knowledge but cannot assure that we will be able to do so in a timely and efficient manner.

53. Our Company's board of directors will be utilizing the Net Proceeds from the Issue in the objects of the issue. The deployment of Net Proceeds from the Issue is subject to any monitoring by any independent agency as in terms of Regulation 262 of the ICDR Regulations, the Company is required to appoint a monitoring agency since the Issue size is in not in excess of ₹ 10,000.00 lakhs.

Our Company's Board of Directors will be utilizing the Net Proceeds from the Issue in the objects of the Issue. Although the appointment of a monitoring agency is not mandatory under Regulation 262 of the ICDR Regulations since the Issue size is not in excess of ₹10,000.00 lakhs, our Company has voluntarily appointed a monitoring agency in the interest of our potential investors and the Company.

Our Company intends to use the Net Proceeds towards:

- a) Installation of Grid-tied Solar PV Rooftop System for Captive evacuation
- b) Modernization of the Machines
- c) Working Capital Requirement;
- d) General Corporate Purposes; and
- e) Issue Expenses.

as described in "Objects of the Issue" on page no. 113 of this Red Herring Prospectus.

In terms of the ICDR Regulations, our Company is not mandatorily required to appoint a monitoring agency since the Issue size is not in excess of ₹ 10,000.00 lakhs.

However, in the interest of the Company, its stakeholders and prospective investors and in compliance with SEBI amendments to Regulation 262 of SEBI (ICDR) regulations, 2018, we appointed a SEBI-registered Monitoring Agency for this Issue as on 17th June, 2025. This step aligns with the enhanced transparency standards introduced by SEBI amendments to Regulation 262 of SEBI (ICDR) regulations, 2018, which mandate monitoring by a SEBI-registered agency for issue sizes exceeding ₹50 Crore. The monitoring agency will provide oversight of the utilization of the Net Proceeds in accordance with the stated objects of the Issue.

However, the board of directors of our Company will continue to have discretion in determining the timing and priority of fund deployment, and prospective investors will still be relying on the judgment of our board of directors with respect to the use of the Net Proceeds. The estimates presented in the Red Herring Prospectus are based on current assumptions and may require revisions due to various internal and external factors. Any delay or inability in deploying the Net Proceeds as planned may impact the expected benefits and adversely affect our business operations and financial performance.

54. A third party could be prevented from acquiring control of our Company because of anti-takeover provisions under Indian law.

There are provisions in Indian law that may delay, deter or prevent a future takeover or change in control of our Company, even if a change in control would result in the purchase of your Equity Shares at a premium to the market price or would otherwise be beneficial to you. Such provisions may discourage or prevent certain types of transactions involving actual or threatened change in control of us. Under the takeover regulations in India, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company. Consequently, even if a potential takeover of our Company would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to its stakeholders, it is possible that such a takeover would not be attempted or consummated because of the Indian takeover regulations.

55. Portion of our Issue Proceeds are proposed to be utilized for general corporate purposes which constitute [●] of the Issue Proceed. As on date we have not identified the use of such funds.

Portion of our Issue Proceeds are proposed to be utilized for general corporate purposes which constitute [●] of the Issue Proceed. We have not identified the general corporate purposes for which these funds may be utilized. The deployment of such funds is entirely at the discretion of our management in accordance with policies established by our Board of Directors from time to time and subject to compliance with the necessary provisions of the Companies Act. For details, please refer the chapter titled “*Objects of the Issue*” beginning on Page No. 113 of this Red Herring Prospectus.

56. Any variation in the utilization of the Net Proceeds as disclosed in this Red Herring Prospectus shall be subject to certain compliance requirements, including prior approval of the shareholders of our Company.

We propose to utilize the Net Proceeds for raising funds for Installation of Grid-tied Solar PV Rooftop System for Captive evacuation, Modernization of the Machines, working capital Requirement and General Corporate Purposes. For further details of the proposed objects of the Issue, please refer the chapter titled “Objects of the Issue” beginning on Page No. 113 of this Red Herring Prospectus. At this point of time, we cannot determine with any certainty if we would require the Net Proceeds to meet any other expenditure or fund any exigencies arising out of the competitive environment, business conditions, economic conditions or other factors beyond our control. In accordance with Section 27 of the Companies Act, 2013, we cannot undertake any variation in the utilization of the Net Proceeds as disclosed in this Red Herring Prospectus without obtaining the approval of shareholders of our Company through a special resolution. In the event of any such circumstances that require us to vary the disclosed utilization of the Net Proceeds, we may not be able to obtain the approval of the shareholders of our Company in a timely manner, or at all. Any delay or inability in obtaining such approval of the shareholders of our Company may adversely affect our business or operations.

Further, our Promoter or controlling shareholders would be required to provide an exit opportunity to the shareholders of our Company who do not agree with our proposal to modify the objects of the Issue, at a price and manner as prescribed by SEBI. Additionally, the requirement on Promoter or controlling shareholders to provide an exit opportunity to such dissenting shareholders of our Company may deter the Promoters or controlling shareholders from agreeing to the variation of the proposed utilization of the Net Proceeds, even if such variation is in the interest of our Company. Further, we cannot assure you that the Promoters or the controlling shareholders of our Company will have adequate resources at their disposal at all times to enable them to provide an exit opportunity.

In light of these factors, we may not be able to vary the objects of the Issue to use any unutilized proceeds of the Issue, if any, even if such variation is in the interest of our Company. This may restrict our Company's ability to respond to any change in our business or financial condition by re-deploying the unutilized portion of Net Proceeds, if any, which may adversely affect our business and results of operations.

57. We have not identified any alternate source of raising the working capital mentioned as our 'Objects of the Issue'. Any shortfall in raising / meeting the same could adversely affect our growth plans, operations and financial performance.

Our Company has not identified any alternate source of funding for our working capital requirement and for general corporate purposes and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds can adversely affect our growth plan and profitability. The delay/shortfall in receiving these proceeds could result in inadequacy of working capital or may require our Company to borrow funds on unfavorable terms, both of which scenarios may affect the business operation and financial performance of the Company.

For further details of our Object for the Issue, please refer chapter titled "*Object for the Issue*" beginning on Page no. 113 of this Red Herring Prospectus.

58. Our Promoter, Directors and Key Managerial Personnel hold Equity Shares in our Company and are therefore interested in the Company's performance in addition to their remuneration and reimbursement of expenses.

Our Promoters, Directors and Key Managerial Personnel may be deemed to be interested in our Company, in addition to the regular remuneration or benefits, reimbursements of expenses, Equity Shares held by them or their relatives, their dividend or bonus entitlement, benefits arising from their directorship in our Company. Our Promoters, Directors, Key Managerial Personnel and Senior Management may also be interested to the extent of any transaction entered into by our Company with any other company or firm in which they are directors or partners.

Interests of Promoters, Promoter Group, Directors, Key Managerial Personnel and Senior Management may conflict with the interests of our Company, and they may, for business considerations or otherwise, cause us to take certain actions, or refrain from taking certain actions, which in turn may materially adversely impact our business, financial condition, results of operations and cash flows.

For further details, see '*Our Management, Summary of Offer Documents*' and '*Financial Information*' on pages 216, 26, and 245, respectively.

59. The present promoters of the Company are first generation entrepreneurs.

Our present Promoters are first generation entrepreneur. Their experience in managing and being instrumental in the growth of our Company is limited to the extent of their knowledge and experience and we cannot assure that this will not affect our business growth. Although Our Promoter- Mr. Rajesh Mittal, Mr. Virender Goyal, Mrs. Bachangada Monnappa Saraswathi and Mr. Monnappa Nachappa Bachangada have experience of around 28,35, 25 and 30 years respectively.

For further details of our Promoters, refer chapter titled "*Our Promoter and Promoter Group*" beginning on Page no. 228 and 233 of Red Herring Prospectus.

60. Although we have consistently received payments on or before the due date, we cannot guarantee timely payments in the future.

In last three years i.e. 2024, 2023, 2022 and stub period ended as on 2024 our trade receivable is

31st December,

(Rs. in lakhs)

Particulars	As at 31st December, 2024	As at 31st March, 2024	As at 31st March, 2023	As at 31st March, 2022
Trade Receivables	2,291.17	2,365.93	2,394.67	2,651.39

While we currently have no bad debts and have consistently received payments from trade receivables either on or before the maturity date, we cannot guarantee that this trend will continue indefinitely.

Particulars	As at 31st December, 2024	As at 31st March, 2024	As at 31st March, 2023	As at 31st March, 2022
Trade Receivables turnover ratio (In times)	4.81	7.97	6.35	13.79

Further our trade receivables ratio is highly volatile which may strain our cash flow. The ability to receive timely payments depends on various factors such as changes in the financial stability of our customers, market conditions, and any unforeseen disruptions in their operations. While we have a credit policies and follow-up procedures to manage receivables, there remains an inherent risk that some payments may be delayed or become uncollectible in the future.

For further details please refer to chapter titled “*Financial Information*” beginning on page no. 245 of this Red Herring Prospectus.

61. Contingent liabilities from GST and income tax demands could lead to significant financial obligations, impacting liquidity, increasing tax burdens, and straining cash flow, with potential legal costs, penalties, and interest charges.

The risk of contingent liabilities arising from GST and income tax demands represents a significant financial concern for the business.

(Rs. in lakhs)

Particulars	As at 31st December, 2024	As at 31st March, 2024	As at 31st March, 2023	As at 31st March, 2022
a. Income tax demand	45.06	9.37	8.07	-
b. GST demand	15.24	42.00	-	-

If the tax authorities issue demands for unpaid GST or income tax, it could result in substantial financial obligations, including back taxes, penalties, and interest. These contingent liabilities, while not yet finalized, pose a risk of impacting the company’s liquidity and financial stability.

In the case of a GST demand, the business could face significant outflows of cash to cover the tax obligation, affecting our working capital and ability to meet day-to-day operational costs. Similarly, any income tax demand could lead to an increased tax burden, further straining cash flow. If these demands are not resolved favorably, it could result in legal costs, penalties, and interest charges, amplifying the financial strain.

62. Our spinning and dyeing machines have been underutilized, leading to inefficient capital use, higher per-unit costs, and reduced profitability. This inefficiency limits production capacity, hinders competitiveness, and poses a risk to our financial stability and growth prospects.

Our spinning and dyeing machines have been significantly underutilized over the past three financial years and the stub period, presenting a major risk to the company. For our spinning machines, the underutilization rates for FY 2021-22, FY 2022-23, FY 2023-24, and the period from April 2024 to December 2024 were 50%, 57%, 64%, and 70%, respectively. Similarly, our dyeing machines have also faced underutilization, with rates of 75%, 75%, 91%, and 90% for the corresponding periods. This ongoing underutilization leads to inefficient use of capital and a failure to maximize returns on our investments in machinery. Despite the fixed costs of maintenance, depreciation, and operational expenses, we are not achieving optimal production output.

This inefficiency results in higher costs per unit of production, as the fixed costs are distributed over fewer units, further reducing profitability. Additionally, underutilization compromises our ability to meet customer demand and limits the overall capacity of our operations, making us less competitive in the market. The excess costs associated with this underutilization could eventually hinder our financial stability and growth prospects.

63. Our Promoters have provided personal guarantees to certain loan facilities availed by us, which if revoked may require alternative guarantees, repayment of amounts due or termination of the facilities.

Our Promoters named Mr. Rajesh Mittal, Mr. Virender Goyal and Mr. Monnappa Nachappa Bachangada have provided personal guarantees in relation to certain loan facilities of Rs. 11,507.41 lakhs sanctioned to us as on December 31, 2024. For Further details related to Principal terms of Secured Loans and Assets charged as Security, please refer to chapter titled “*Financial Information*” beginning on Page No. 245 of this Red Herring Prospectus.

Following is the list of the secured loan and borrowing (short term and long term) in which personal guarantee has been given by the promoter:

In the event that any of these guarantees are revoked, the lenders for such facilities may require alternate guarantees, repayment of amounts outstanding under such facilities, or may even terminate such facilities. We may not be successful in procuring alternative guarantees satisfactory to the lenders, and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which may not be available on acceptable terms or at all and any such failure to raise additional capital could affect our operations and our financial condition.

EXTERNAL RISK FACTORS

64. Our business is substantially affected by prevailing economic, political and other prevailing conditions in India.

Our Company is incorporated in India, and our assets and employees are located in India. As a result, we are highly dependent on prevailing economic conditions in India and our results of operations are significantly affected by factors influencing the Indian economy. Factors that may adversely affect the Indian economy, and hence our results of operations, may include:

- any increase in Indian interest rates or inflation;
- any scarcity of credit or other financing in India, resulting in an adverse impact on economic conditions in India and scarcity of financing for our expansions;
- prevailing income conditions among Indian consumers and Indian corporations;

- volatility in, and actual or perceived trends in trading activity on, India's principal stock exchanges;
- changes in India's tax, trade, fiscal or monetary policies;
- political instability, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighbouring countries;
- occurrence of natural or man-made disasters
- prevailing regional or global economic conditions, including in India's principal export markets; and
- Other significant regulatory or economic developments in or affecting India or our industry.

Any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely impact our business, results of operations and financial condition and the price of the Equity Shares.

65. The occurrence of natural or man-made disasters could adversely affect our results of operations, cash flows and financial condition. Hostilities, terrorist attacks, civil unrest and other acts of violence could adversely affect the financial markets and our business.

The occurrence of natural disasters, including cyclones, storms, floods, earthquakes, tsunamis, tornadoes, fires, explosions, pandemic disease and man-made disasters, including acts of terrorism and military actions, could adversely affect our results of operations, cash flows or financial condition. Terrorist attacks and other acts of violence or war in India or globally may adversely affect the Indian securities markets. In addition, any deterioration in international relations, especially between India and its neighbouring countries, may result in investor concern regarding regional stability which could adversely affect the price of the Equity Shares. In addition, India has witnessed local civil disturbances in recent years and it is possible that future civil unrest as well as other adverse social, economic or political events in India could have an adverse effect on our business. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the market price of the Equity Shares.

66. Our business and activities may be further regulated by the Competition Act and any adverse application or interpretation of the Competition Act could materially and adversely affect our business, financial condition and results of operations.

The Competition Act seeks to prevent business practices that have or are likely to have an appreciable adverse effect on competition in India and has established the Competition Commission of India (the "CCI"). Under the Competition Act, any arrangement, understanding or action, whether formal or informal, which has or is likely to have an appreciable adverse effect on competition is void and attracts substantial penalties. Any agreement among competitors which, directly or indirectly, determines purchase or sale prices, results in bid rigging or collusive bidding, limits or controls the production, supply or distribution of goods and services, or shares the market or source of production or providing of services by way of allocation of geographical area or type of goods or services or number of customers in the relevant market or in any other similar way, is presumed to have an appreciable adverse effect on competition and shall be void.

Further, the Competition Act prohibits the abuse of a dominant position by any enterprise. If it is proven that a breach of the Competition Act committed by a company took place with the consent or connivance or is attributable to any neglect on the part of, any director, manager, secretary or other officer of such company, that person shall be guilty of the breach themselves and may be punished as an individual. If we, or any of our employees are penalized under the Competition Act, our business may be adversely affected. Further, the Competition Act also regulates combinations and requires approval of the CCI for effecting any acquisition of shares, voting rights, assets or control or mergers or amalgamations above the prescribed asset and turnover based thresholds.

67. The Indian tax regime is currently undergoing substantial changes which could adversely affect our business.

The goods and service tax ("GST") that has been implemented with effect from July 1, 2017 combines taxes and levies by the GoI and state governments into a unified rate structure, and replaces indirect taxes on goods and services such as central excise duty, service tax, customs duty, central sales tax, state VAT, cess and surcharge and excise that were being collected by the GoI and state governments.

As regards the General Anti-Avoidance Rules (“GAAR”), The general anti avoidance rules (“GAAR”) provisions have been made effective from assessment year 2018-19 onwards, i.e.; financial Year 2017-18. The GAAR provisions intend to declare an arrangement as an “impermissible avoidance arrangement”, if the main purpose or one of the main purposes of such arrangement is to obtain a tax benefit, and satisfies at least one of the following tests (i) creates rights, or obligations, which are not ordinarily created between persons dealing at arm’s length; (ii) results, directly or indirectly, in misuse, or abuse, of the provisions of the Income Tax Act, 1961; (iii) lacks commercial substance or is deemed to lack commercial substance, in whole or in part; or (iv) is entered into, or carried out, by means, or in a manner, that is not ordinarily engaged for bona fide purposes. If GAAR provisions are invoked, the tax authorities will have wider powers, including denial of tax benefit or a benefit under a tax treaty. In the absence of any precedents on the subject, the application of these provisions is uncertain. As the taxation regime in India is undergoing a significant overhaul, its consequent effects on economy cannot be determined at present and there can be no assurance that such effects would not adversely affect our business, future financial performance and the trading price of the Equity Shares.

68. You may be restricted in your ability to exercise pre-emptive rights under Indian law and may be adversely affected by future dilution of your ownership position.

Under the Companies Act, a company incorporated in India must offer its shareholders pre-emptive rights to subscribe and pay for a proportionate number of shares to maintain their existing ownership percentages before the issuance of any new shares, unless the pre-emptive rights have been waived by adoption of a special resolution by holders of three-fourths of the shares who have voted on the resolution, or unless the company has obtained approval from the Government of India to issue without such special resolution, subject to votes being cast in favour of the proposal exceeding the votes cast against such proposal. However, if the law of the jurisdiction you are in does not permit you to exercise your pre-emptive rights without our Company filing an offering document or a registration statement with the applicable authority in the jurisdiction you are in, you will be unable to exercise your pre-emptive rights unless our Company makes such a filing. To the extent that you are unable to exercise pre-emptive rights granted in respect of the Equity Shares, your proportional interest in our Company would be reduced.

69. Political, economic or other factors that are beyond our control may have an adverse effect on our business, results of operations and cash flows.

We currently operate only in India and are dependent on domestic, regional and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent on the Textile industry of the Indian economy. There have been periods of slowdown in the economic growth of India. For instance, the present situation of lock-down is prevailing in India due to pandemic Covid-19 spread in India and all other parts of world. If such condition prevail for longer time the Demand for our products & services may be adversely affected by an economic downturn in domestic, regional and global economies. India’s economic growth is also affected by various other factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports, global economic uncertainty and liquidity crisis, volatility in exchange currency rates. Consequently, any future slowdown in the Indian economy could harm our business, results of operations, cash flows and financial condition. Also, a change in the Government or a change in the economic and deregulation policies could affect economic conditions prevalent in the areas in which we operate in general and our business in particular and high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margins.

70. Companies in India are required to prepare financial statements under the new Indian Accounting Standards. In addition, all income-tax assessee in India will be required to follow the Income Computation and Disclosure Standards.

The Ministry of Corporate Affairs (“MCA”), Government of India, has through notification dated February 16, 2015 issued the Indian Accounting Standards Rules, 2015 (“Ind AS”) which have come into effect from April 1, 2015 and are applicable to companies which fulfill certain conditions. Further, there can be no assurance that the adoption of Ind AS will not affect our reported results of operations or financial condition. Any of these factors relating to the use of Ind AS may adversely affect our financial condition and results of operations.

Further, the Ministry of Finance, Government of India has issued a notification dated September 29, 2016 notifying Income Computation and Disclosure Standards (“ICDS”), thereby creating a new framework for computation of taxable income. The ICDS shall apply from the assessment year 2017-2018 and subsequent years. The adoption of ICDS is expected to significantly alter the way companies compute their taxable income, as ICDS deviates from several concepts that are followed under general accounting standards, including Indian GAAP and Ind AS. In addition, ICDS shall be applicable for the computation of income for tax purposes but shall not be applicable for the computation of income for minimum alternate tax. There can be no assurance that the adoption of ICDS will not adversely affect our business, results of operations and financial condition.

71. Financial instability, economic developments and volatility in securities markets in other countries may also cause the price of the Equity Shares to decline.

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, particularly emerging Asian market countries. Financial turmoil in Europe and elsewhere in the world in recent years has affected the Indian economy. In recent times, the Indian financial markets had been negatively affected by the volatility in global financial market, including on account of certain European nations’ debt troubles and move to break away by the United Kingdom from the European Union. Although, economic conditions are different in each country, investors’ reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. Currencies of a few Asian countries have in the past suffered depreciation against the U.S. Dollar owing to, amongst other, the announcements by the U.S. government that it may consider reducing its quantitative easing measures. A loss of investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy. Financial disruptions may occur and could harm our business, future financial performance and the prices of the Equity Shares.

The global credit and equity markets have experienced substantial dislocations, liquidity disruptions and market corrections in recent years. Liquidity and credit concerns and volatility in the global credit and financial markets have increased significantly with the bankruptcy or acquisition of, and government assistance extended to, several major U.S. and European financial institutions. These and other related events, such as the European sovereign debt crisis, have had a significant impact on the global credit and financial markets as a whole, including reduced liquidity, greater volatility, widening of credit spreads and a lack of price transparency in global credit and financial markets. In response to such developments, legislators and financial regulators in the United States and other jurisdictions, including India, have implemented a number of policy measures designed to add stability to the financial markets.

However, the overall impact of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilizing effects. In the event that the current difficult conditions in the global credit markets continue or if there is any significant financial disruption, such conditions could have an adverse effect on our business, future financial performance and the trading price of the Equity Shares.

72. A significant change in the Government of India’s economic liberalization and deregulation policies could adversely affect our business and the price of our Equity Shares.

The Government of India has traditionally exercised, and continues to exercise, a dominant influence over many aspects of the economy. Unfavorable government policies including those relating to the internet and e-commerce, consumer protection and data-privacy, could adversely affect business and economic conditions in India, and could also affect our ability to implement our strategy and our future financial performance. Since 1991, successive governments, including coalition governments, have pursued policies of economic liberalization, including significantly relaxing restrictions on the private sector and encouraging the development of the Indian financial sector. However, the members of the Government of India and the composition of the coalition in power are subject to change. As a result, it is difficult to predict the economic policies that will be pursued by the Government of India. For example, there may be an increasing number of laws and regulations pertaining to the internet and ecommerce, which may relate to liability for information retrieved from or transmitted over the internet or mobile networks, user privacy, content restrictions and the quality of services and products sold or provided through the internet. The rate of economic liberalization could change and

specific laws and policies affecting the financial services industry, foreign investment, currency exchange and other matters affecting investment in our securities could change as well.

Any significant change in India's economic liberalization and deregulation policies could adversely affect business and economic conditions in India generally and our business in particular.

73. Our company's significant reliance on exports exposes us to geopolitical risks. Conflicts between India and key markets like Bangladesh, Australia, China etc. could lead to trade barriers, delays, and lost market access. Political instability in regions like the Middle East or Africa may disrupt logistics and reduce demand for our products.

Our company exports products to various countries, including Australia, Bangladesh, Chile, China, Egypt, Hong Kong, Indonesia, Italy, Kenya, South Korea, Morocco, and others. A major portion of our revenue, as evidenced by the export revenue percentage over the past few years (34.99.00% for the stub period ending on 31st December 2024, 36.00% for the year ending 31st March 2024, 36.00% for 31st March 2023, and 59.29% for 31st March 2022), comes from international markets. For Further details, please refer to chapter titled “Our Business” beginning on Page No. 171 of this Red Herring Prospectus.

the geopolitical environment plays a crucial role in shaping the stability and growth of revenue streams. Such dependence on international trade also exposes our company to risks arising from geopolitical conflicts. Any tensions or conflicts between India, our home country, and the nations we export to could directly impact our operations, affecting both supply chains and demand for our products.

For example, if a diplomatic rift occurs between India and one of our key export markets, such as China or South Korea, trade barriers like tariffs, sanctions, or even trade embargoes could be imposed. This would lead to delays, increased costs, and potentially lost market access, severely hurting our revenue streams. Similarly, political instability in regions like the Middle East or Africa, where countries like Egypt and Morocco are important to our exports, could disrupt logistics or cause demand for our products to decrease.

74. Our company's reliance on exports exposes us to currency fluctuation risks. A depreciation of the Indian Rupee could reduce revenue when converting foreign earnings to INR, shrinking profit margins and leading to lower profit after tax. Without provisions like hedging strategies, this risk could severely impact profitability and financial stability.

Our company generates significant revenue from foreign currency sales, as we export products to various global markets, including Australia, Bangladesh, Chile, China, Egypt, Hong Kong, Indonesia, Italy, Kenya, South Korea, Morocco, and others. A substantial portion of our revenue is derived from international markets, as reflected by the export revenue percentages over the past few years: 34.99% for the stub period ending 31st December 2024, 36.00% for the year ending 31st March 2024, 36.00% for 31st March 2023, and 59.29% for 31st March 2022.

This heavy reliance on exports exposes us to the risk of currency fluctuations, as the exchange rate between the Indian Rupee and other currencies is volatile and may continue to fluctuate in the future. If the Indian Rupee depreciates against foreign currencies, this could negatively affect our revenue, especially when converting foreign earnings back into INR. Consequently, this could lead to shrinking profit margins and a decrease in profit after tax.

Although we generally hedge our foreign currency exposure, we do not have a provision or mechanisms to mitigate the risks of unforeseen or adverse fluctuations in the exchange rate for unhedged foreign currencies. This lack of hedging strategies, such as forward contracts or currency options, exacerbates our vulnerability to currency volatility. Without financial instruments or protective strategies in place, any significant depreciation of the Indian Rupee could severely impact our profitability, leading to diminished profits and potential financial instability.

RISKS RELATING TO THE EQUITY SHARES AND THIS OFFER

- 75. Our Equity Shares have never been publicly traded and may experience price and volume fluctuations following the completion of the Issue, an active trading market for the Equity Shares may not develop, the price of our Equity Shares may be volatile and you may be unable to resell your Equity Shares at or above the Issue Price or at all.**

Prior to the Issue, there has been no public market for our Equity Shares, and an active trading market may not develop or be sustained after the Issue. Listing and quotation do not guarantee that a market for our Equity Shares will develop or, if developed, the liquidity of such market for the Equity Shares. The Issue Price of the Equity Shares is determined considering various financial factors of the Company and may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. There has been significant volatility in the Indian stock markets in the recent past, and the trading price of our Equity Shares after this Issue could fluctuate significantly as a result of market volatility or due to various internal or external risks, including but not limited to those described in this Red Herring Prospectus. A decrease in the market price of our Equity Shares could cause you to lose some or all of your investment.

- 76. You may not be able to immediately sell any of the Equity Shares you subscribe to in this Offer on an Indian Stock Exchange.**

The Equity Shares are proposed to be listed on the Stock Exchanges. Pursuant to Indian regulations, certain actions must be completed before the Equity Shares can be listed and commence trading, including the crediting of the investor's demat accounts within the timeline specified under applicable law. Further, in accordance with Indian law, permission for listing and trading of the Equity Shares will not be granted until after certain actions have been completed in relation to this Offer and until Allotment of Equity Shares pursuant to this Offer. The Allotment of Equity Shares in the Offer and the credit of Equity Shares to the investor's demat account with the relevant depository participant and listing is expected to be completed within the period as may be prescribed under applicable law. Any failure or delay in obtaining the approvals or otherwise commence trading in the Equity Shares would restrict investors' ability to dispose of their Equity Shares. Our Company cannot assure you that the Equity Shares will be credited to investor's demat accounts, or that trading in the Equity Shares will commence, within the prescribed time periods or at all which could restrict your ability to dispose of the Equity Shares.

- 77. Any further issuance of Equity Shares, or convertible securities or other equity linked instruments by us may dilute your shareholding.**

Our Company may be required to finance our growth through future equity offerings. Any future equity issuances by our Company, including a primary offering of Equity Shares, convertible securities or securities linked to Equity Shares including through exercise of employee stock options, may lead to the dilution of investors' shareholdings in our Company. Any future equity issuances by us or sales of the Equity Shares by the Promoters may adversely affect the trading price of the Equity Shares, which may lead to other adverse consequences including difficulty in raising capital through offering of the Equity Shares or incurring additional debt. In addition, any perception by investors that such issuances or sales might occur may also affect the market price of the Equity Shares. There can be no assurance that we will not issue Equity Shares, convertible securities or securities linked to Equity Shares or that the Shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

- 78. Sale of Equity Shares by our Promoters and Promoter Group in future may adversely affect the market price of the Equity Shares.**

After the completion of the Offer, our Promoters and Promoter Group will own a significant percentage of our Company's issued Equity Shares. Sale of a large number of the Equity Shares by the Promoters could adversely affect the market price of the Equity Shares. Similarly, the perception that any such primary or secondary sale may occur, could adversely affect the market price of the Equity Shares. No assurance can be given that our Promoters will not dispose of, pledge or encumber their Equity Shares in the future.

79. The determination of the Price Band and Offer Price is based on various factors and assumptions and the Offer Price of the Equity Shares may not be indicative of the market price of the Equity Shares after the Offer. Further, the current market price of some securities listed pursuant to certain previous issues managed by the BRLMs is below the respective issue price.

The determination of the Price Band is based on various factors and assumptions and will be determined by our Company in consultation with the BRLMs. Furthermore, the Offer Price of the Equity Shares will be determined by our Company in consultation with the Book Running Lead Managers through the Book Building Process. These will be based on numerous factors, including factors as described under '*Basis for the Issue Price*' beginning on page no. 133 of this Red Herring Prospectus and may not be indicative of the market price for the Equity Shares after the Offer. In addition to the above, the current market price of securities listed pursuant to certain previous initial public offerings managed by the Book Running Lead Managers is below their respective issue price. For further details, see '*Other Regulatory and Statutory Disclosures*' on page no. 334 of this Red Herring Prospectus. The factors that could affect the market price of the Equity Shares include, among others, broad market trends, our financial performance and results post-listing, and other factors beyond our Company's control. Our Company cannot assure you that an active market will develop, or sustained trading will take place in the Equity Shares or provide any assurance regarding the price at which the Equity Shares will be traded after listing.

80. Investor will not be able to sell immediately on Indian Stock Exchanges any of the Equity Shares you purchase in the Issue until the Issue receives appropriate trading permissions

The Equity Shares will be listed on the Stock Exchange. Pursuant to Indian regulations, certain actions must be completed before the Equity Shares can be listed and trading on stock exchange. We cannot assure you that the Equity Shares will be credited to investor's demat accounts, or that trading in the Equity Shares will commence, within the time periods specified in this Red Herring Prospectus. Any failure or delay in obtaining the approval would restrict your ability to dispose of the Equity Shares. In accordance with section 40 of the Companies Act and SEBI ICDR Regulation, 2018 as the case may be, if the permission of listing the Equity Shares is denied by the stock exchanges, we are required to refund all monies collected to investors.

81. There are restrictions on daily movements in the trading price of the Equity Shares, which may adversely affect a shareholder's ability to sell Equity Shares or the price at which Equity Shares can be sold at a particular point in time.

Following the listing of Equity Shares through the Offer, the Equity Shares will be subject to a daily "circuit breaker" imposed on listed companies by the Stock Exchanges, which does not allow transactions beyond certain volatility in the trading price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by SEBI on Indian Stock Exchanges. The percentage limit on the Equity Shares' circuit breaker will be set by the Stock Exchanges based on historical volatility in the price and trading volume of the Equity Shares. The Stock Exchanges are not required to inform our Company of the percentage limit of the circuit breaker, and they may change the limit without our knowledge. This circuit breaker would effectively limit the upward and downward movements in the trading price of the Equity Shares beyond the circuit breaker limit set by the Stock Exchanges. As a result of this circuit breaker, there can be no assurance regarding the ability of shareholders to sell Equity Shares or the price at which shareholders may be able to sell their Equity Shares.

82. If security or industry analysts do not publish research, or publish unfavourable or inaccurate research about the business of our Company, the price and trading volume of the Equity Shares may decline.

The trading market for the Equity Shares may depend, in part, on the research and reports that securities or industry analysts publish about us or our business. Our Company may be unable to sustain coverage by established and / or prominent securities and industry analysts. If either none or only a limited number of securities or industry analysts maintain coverage of our Company, or if these securities or industry analysts are not widely respected within the general investment community, the trading price for the Equity Shares would be negatively impacted. In the event our Company obtains securities or industry analyst coverage, if one or more of the analysts downgrade the Equity Shares of our Company or publish inaccurate or unfavourable research about our business, the price of the Equity Shares may decline.

If one or more of these analysts cease coverage of our Company or fail to publish reports on our Company regularly, the demand for the Equity Shares of our Company could decrease, which might cause the price and trading volume of the Equity Shares of our Company to decline.

83. A third party could be prevented from acquiring control of our Company because of anti-takeover provisions under Indian law.

There are provisions in Indian law that may delay, deter or prevent a future takeover or change in control of our Company, even if a change in control would result in the purchase of your Equity Shares at a premium to the market price or would otherwise be beneficial to you. Such provisions may discourage or prevent certain types of transactions involving actual or threatened change in control of our Company. Under the SEBI Takeover Regulations, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company. Consequently, even if a potential takeover of our Company would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to its stakeholders, it is possible that such a takeover would not be attempted.

84. Our Company's ability to raise foreign capital may be constrained by Indian law.

As an Indian company, our Company is subject to exchange controls that regulate borrowing in foreign currencies. Such regulatory restrictions could constrain our Company's ability to obtain financings on competitive terms and refinance existing indebtedness. In addition, our Company cannot assure you that any required regulatory approvals for borrowing in foreign currencies will be granted to our Company without onerous conditions, or at all. Limitations on foreign debt may have an adverse effect on our Company's business growth, financial condition and results of operations.

85. Under Indian law, foreign investors are subject to investment restrictions that limit our Company's ability to attract foreign investors, which may adversely impact the trading price of the Equity Shares.

Under foreign exchange regulations currently in force in India, transfer of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the valuation and reporting requirements specified by the RBI. If a transfer of shares is not in compliance with such requirements and does not fall under any of the exceptions specified by the RBI, then the RBI's prior approval is required. In addition, shareholders who seek to convert Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India require a no-objection or a tax clearance certificate from the Indian income tax authorities. Our Company cannot assure you that any required approval from the RBI or any other Government agency can be obtained on any particular terms or at all.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020, issued by the DPIIT and the FEMA Rules, any investment, subscription, purchase or sale of equity instruments by entities, investments under the foreign direct investment route by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country will require prior approval of the Government of India. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government of India. Our Company cannot assure you that any required approval from the RBI or any other governmental agency can be obtained on any particular terms, in a timely manner or at all.

86. Investors may be restricted in their ability to exercise pre-emptive rights under Indian law and thereby may suffer future dilution of their ownership position.

Under the Companies Act, a company having share capital and incorporated in India must offer its holders of equity shares pre-emptive rights to subscribe and pay for a proportionate number of shares to maintain their existing ownership

percentages before the issuance of any new equity shares, unless the pre-emptive rights have been waived by adoption of a special resolution by holders of three-fourths of the equity shares voting on such resolution.

However, if the law of the jurisdiction the investors are in, does not permit them to exercise their preemptive rights without our Company filing an offering document or registration statement with the applicable authority in such jurisdiction, the investors will be unable to exercise their pre-emptive rights unless our Company makes such a filing. If we elect not to file a registration statement, the new securities may be issued to a custodian, who may sell the securities for the investor's benefit. The value such custodian receives on the sale of such securities and the related transaction costs cannot be predicted. In addition, to the extent that the investors are unable to exercise pre-emptive rights granted in respect of the Equity Shares held by them, their proportional interest in our Company would be reduced.

87. Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities may differ from those that would apply to a company in another jurisdiction. Investors may have more difficulty in asserting their rights as shareholders in an Indian company than as shareholder of a corporation in another jurisdiction. Shareholders' rights under Indian law may not be as extensive as shareholders' rights under the laws of other jurisdictions. Under the Companies Act, prior to issuance of any new equity shares, a public limited company incorporated under Indian law must offer its equity shareholders pre-emptive rights to subscribe to a proportionate number of equity shares to maintain existing ownership, unless such pre-emptive rights are waived by a special resolution by a three-fourths majority of the equity shareholders voting on such resolution. If you are a foreign investor and the law of the foreign jurisdiction that you are in does not permit the exercise of such pre-emptive rights without our filing an offering document or registration statement with the applicable authority in such foreign jurisdiction, you will be unable to exercise such pre-emptive rights, unless we make such a filing. If we elect not to file an offering document or a registration statement, the new securities may be issued to a custodian, who may sell the securities for your benefit. The value such custodian receives on the sale of any such securities and the related transaction costs cannot be predicted. To the extent that you are unable to exercise pre-emptive rights granted in respect of our Equity Shares, your proportional interest in our Company would decline.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors (except Anchor Investors) applying in a public issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public issue may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention is invited to the chapter titled “Issue Procedure” beginning on page no. 345 of the Red Herring Prospectus. The process of Book Building under the SEBI (ICDR) Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Issue.

For further details on the method and procedure for Bidding, please see section entitled “**Issue Procedure**” on page no. 355 of this Red Herring Prospectus.

Bid/ Issue Program:

Event	Indicative Dates
Anchor open/Close Date	Friday, June 27, 2025.
Bid/ Issue Opening Date	Monday, June 30, 2025.
Bid/ Issue Closing Date	Wednesday, July 02, 2025.
Finalization of Basis of Allotment with the Designated Stock Exchange	Thursday, July 03, 2025.
Initiation of Allotment / Refunds / Unblocking of Funds from ASBA Account or UPI ID linked bank account	Friday July 04, 2025.
Credit of Equity Shares to Demat accounts of Allottees	Friday July 04, 2025.
Commencement of trading of the Equity Shares on the Stock Exchange	Monday, July 07, 2025.

Our Company in consultation with the Book Running Lead Manager may consider participation by Anchor Investors in accordance with the SEBI ICDR Regulations. The Anchor Investor Bid/Issue Period shall be one Working Day prior to the Bid/Issue Opening Date in accordance with the SEBI ICDR Regulations.

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 3 Working Days of the Bid/ Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws. Bid Cum Application Forms and any revisions to the same will be accepted only between 10.00 A.M. to 5.00 P.M. (IST) during the Issue Period (except for the Bid/ Issue Closing Date). On the Bid/ Issue Closing Date, the Bid Cum Application Forms will be accepted only between 10.00 A.M. to 3.00 P.M. (IST) for retail and non-retail Bidders. The time for applying for the Retail Individual Applicant on Bid/Issue Closing Date may be extended in consultation with the BRLM, RTA and NSE Emerge taking into account the total number of applications received up to the closure of timings. Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 P.M. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Red Herring Prospectus is IST. Bidders are cautioned that in the event, a large number of Bid Cum Application Forms are received on the Bid/Issue Closing Date, as is typically experienced in public Issue, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise. In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Applicants are not allowed to withdraw or lower the size of their application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Applicants can revise or withdraw their Bid Cum Application Forms prior to the Bid/Issue Closing Date. Allocation to Retail Individual Applicants, in this Issue will be on a proportionate basis. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Applicant, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSBs/ RTAs / DPs / stock brokers, as the case may be, for the rectified data.

Withdrawal of the Issue

Our Company in consultation with the BRLM, reserves the right not to proceed with the Issue at any time before the Bid/ Issue Opening Date without assigning any reason thereof.

If our Company withdraws the Issue any time after the Bid/ Issue Opening Date but before the allotment of Equity Shares, a public notice within 2 (two) working days of the Bid/ Issue Closing Date, providing reasons for not proceeding with the Issue shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre- Issue advertisements have appeared and the Stock Exchange will also be informed promptly. The BRLM, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within 1 (one) working Day from the day of receipt of such instruction.

If our Company withdraws the Issue after the Bid/ Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will have to file a fresh Red Herring Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange with respect to the Equity Shares issued through the Red Herring Prospectus, which our Company will apply for only after Allotment; and (ii) the filing of Red Herring Prospectus/ Prospectus with RoC.

Details of the Market Making arrangement for this Issue

Our Company and the BRLM has entered into Market Making Agreement dated June 17th, 2025 with the following Market Maker, to fulfill the obligations of Market Making for this issue:

NNM SECURITIES PRIVATE LIMITED

Address: 1111 Stock Exchange Tower 11th Floor Dalal Street Fort Mumbai MH 400023 IN

Tel No.: 022-40790020

Email: support@nnmsecurities.com

Website: www.nnmsecurities.com

Contact Person: Nikunj Anilkumar Mittal

SEBI Registration No.: INZ000234235

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the NSE and SEBI regarding this matter from time to time.

Following is a summary of the key details pertaining to the Market-making arrangement:

- The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for every blackout period when the quotes are not being offered by the Market Maker(s).
- The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of the NSE Emerge (SME platform of NSE) and SEBI from time to time.
- The minimum depth of the quote shall be ₹1,00,000/-. However, the investors with holdings of value less than ₹ 1,00,000/- shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
- The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on the SME platform of NSE (in this case currently the minimum trading lot size is [●] equity shares; however, the same may be changed by the SME platform of NSE from time to time).
- After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Shares of Market Maker in our company reaches to 25% of Issue Size. Any Equity Shares allotted to Market Maker under this Issue over and above 25% of Issue Size would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of Market Maker in our Company reduce to 24% of the Issue Size, the Market Maker will resume providing 2-way quotes.
- There shall be no exemption/ threshold on the downside. However, in the event the Market Maker exhausts his inventory through the market making process, NSE may intimate the same to SEBI after due verification.
- Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
- There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors on the first day of the listing, there will be a pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
- The Market maker may also be present in the opening call auction, but there is no obligation on him
- There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final
- The Market Maker(s) shall have the right to terminate said arrangement by giving a 3 (three) months' notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible for appointing a replacement Market Maker(s) and executing a fresh arrangement. In case of termination of the above-mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the BRLM to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261(1) of the SEBI (ICDR) Regulations, 2018, as amended. Further, our Company and the BRLM reserve the right to appoint other Market Makers either as a replacement for the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers not exceeding five or as specified by the relevant laws and regulations applicable at that particulars point of time. The Market Making Agreement is available for inspection at our office from 10.00 A.M. to 5.00 P.M. on working days.

➤ Risk containment measures and monitoring for Market Makers: The SME portal of NSE will have all margins, which are applicable on the NSE main board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time to time.

➤ **Punitive Action in case of default by Market Makers:** NSE Emerge Exchange will monitor the obligations on a real-time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties/ fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties/ fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market-making activities/ trading membership. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties/ fines/ suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.

➤ **Price Band and Spreads:** The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.

Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to ₹ 20 Crore	25%	24%
₹ 20 to ₹ 50 Crore	20 %	19 %
₹ 50 to ₹ 80 Crore	15 %	14 %
Above ₹ 80 Crore	12 %	11 %

The SEBI The SEBI circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for issue size up to ₹ 250 crores, the applicable price bands for the first day shall be: i. In case an equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price. ii. In case the equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Issue Price.

Lock-in of Equity Shares Allotted to Anchor Investors

50% of the Equity Shares Allotted to Anchor Investors in the Anchor Investors Portion shall be locked-in for a period of 90 days from the date of Allotment and the remaining 50% of the Equity Shares shall be locked-in for a period of 30 days from the date of Allotment.

The Equity Shares that are being locked in are not ineligible for computation of Promoters contribution in terms of Regulation 237 of the SEBI (ICDR) Regulations. Equity Shares offered by the Promoters for the minimum Promoters contribution are not subject to pledge. Lock-in period shall commence from the date of allotment of Equity Shares in the Public Issue.

We confirm that the minimum Promoters contribution of 20.00% which is subject to lock-in for 3 years does not consist of:

- Equity Shares acquired during the preceding three years for consideration other than cash and revaluation of assets or capitalization of intangible assets;
- Equity Shares acquired during the preceding three years resulting from a bonus issue by utilization of revaluation reserves or unrealised profits of the issuer or from bonus issue against equity shares which are ineligible for minimum Promoters contribution;
- Equity Shares acquired by Promoters during the preceding one year at a price lower than the Issue Price;
- The Equity Shares held by the Promoters and offered for minimum 20% Promoters Contribution are not subject to any pledge.
- Equity Shares for which specific written consent has not been obtained from the shareholders for inclusion of their subscription in the minimum Promoters Contribution subject to lock-in.

The minimum Promoter's contribution has been brought in to the extent of not less than the specified minimum lot and from persons defined as "Promoter" under the SEBI (ICDR) Regulations. All Equity Shares, which are being locked in are not ineligible for computation of Minimum Promoter's Contribution as per Regulation 237 of the SEBI (ICDR) Regulations and are being locked in for 3 years as per Regulation 238(a) of the SEBI (ICDR) Regulations i.e. for a period of three years from the date of allotment of Equity Shares in this issue.

The entire pre-issue shareholding of the Promoters, other than the Minimum Promoter's contribution which is locked in for three years, shall be locked in for a period of one year from the date of allotment in this Issue.

OBJECTS OF THE ISSUE

The offer comprises a fresh issue of Equity Shares aggregating up to 43,50,000 by our Company. Our Company proposes to utilize the funds which are being raised towards funding the following objects and achieve the benefits of listing on the Emerge Platform of National Stock Exchange of India Limited.

The objects of the Issue are: -

1. **Installation of Grid-tied Solar PV Rooftop System for Captive evacuation;**
2. **Modernization of the Machines;**
3. **To meet Working Capital Requirement;**
4. **General Corporate Purposes.**
5. **For Issue Expenses**
(Collectively referred as the “Objects”)

Net Proceeds

The details of the Net Proceeds are set forth below:

Particulars	Amount (Rs. in Lakhs)
Gross Proceeds of the Issue	[●]
Less: Issue related expenses in relation to Issue*	[●]
Net Proceeds	[●]

**Note: Kapish Jain & Associates, Chartered Accountants (Peer reviewed Statutory Auditor of the Company) vide certificate dated June 21, 2025 has certified that the Company has incurred expenses of 49.38 lakhs towards “Issue Expenses” as on December 31, 2024 from its internal accruals.*

Requirement of Funds and Utilization of Net Proceeds

The Net Proceeds are proposed to be used in accordance with the details as set forth below:

Sr. No	Particulars	Amount (Rs. in Lacs)
1.	Installation of Grid-tied Solar PV Rooftop System for Captive evacuation	800
2.	Modernization of the Machines	1700
3.	To meet working capital requirements	2490
4.	General Corporate Purpose; and	[●]
5.	Issue Expenses	[●]
	Total	[●]

The fund requirements are based on internal management estimates and have not been appraised by any bank or financial institution. These are subject to revisions on account of changes in costs, financial condition, business strategy or external circumstances which may not be in our control. In case of any surplus after utilization of the Net Proceeds towards the aforementioned Objects, we may use such surplus towards general corporate purposes, provided that the total amount to be utilized towards general corporate purposes shall not exceed 25% of the Net Proceeds of the Fresh Issue, in accordance with applicable law. Further, in case of any variations in the actual utilisation of funds earmarked towards the Objects set forth above, then any increased fund requirements for a particular Object may be financed by surplus funds, subject to utilisation towards general corporate purposes not exceeding 25% of the Net Proceeds of the

Fresh Issue in accordance with the SEBI ICDR Regulations and in compliance with the objectives as set out below, if any, available in respect of the other Objects for which funds are being raised in this Offer. For further details on the risks involved in our business plans and executing our business strategies, please see the section titled “Risk Factors” beginning on page no. 36 of this Red Herring Prospectus.

Means of Finance

We intend to finance our Objects of Issue through Net Issue Proceeds which is as follows:

Particulars	Amt (Rs. in Lacs)
Net Issue Proceeds	[•]
Total	[•]

Since, the entire fund requirement are to be funded from the proceeds of the Issue, there is no requirement to make firm arrangements of finance under Regulation 230(1)(e) of the SEBI ICDR Regulations through verifiable means towards at least 75% of the stated means of finance, excluding the amounts to be raised through the proposed Issue.

Details of Utilization of Net Proceeds

1. Installation of Grid-tied Solar PV Rooftop System for Captive evacuation –

In order to establish the Proposed Solar Plant to reduce the production cost of the product and accommodate the future growth requirements. With the execution of the proposed project, the dependency on the grid power will be reduced for the company. Further, the Company has opportunity to decrease its carbon foot print and subsequent carbon emission. We propose to establish the Proposed Project at manufacturing unit situated at Akbarpur Channa, Ahmedgarh, Near Ludhiana, District Sangrur Punjab from the Net Proceeds. The total estimated cost to establish the Proposed Project is ₹ 800.00 Lakh, as estimated by our management, which is established on the basis of a project report i.e. “Project Feasibility Report” dated August 20, 2024 (herein after “Project Report”), prepared by Goldroof Advisors Private Limited, a recognized Independent Agency.

As part of our growth strategy our Company proposes to utilize Rs. 800.00 Lakh of the Net Proceeds.

The Company is installing the solar power plant with capacity of **2000 KWP**, which will generate **6386 units** per day, the following are the key benefits of the installation of the Solar Power Plant:

- Long Term Electricity Savings which is a huge part of Production Costs.
- Green use Environment and Carbon Dioxide Reduction.
- Cleaner and Coller Roof
- Contributing to Nationwide and Global Climate Mitigation Efforts.

Project Particulars

Description of Project	A Solar Photovoltaic power generator is a system of PV modules connected in series and parallel connections, generating DC electricity proportional to sunlight availability. The microprocessor control circuit adjusts the DC-DC converter to match the PV array's Maximum Power Point (MPPT) and transfers maximum power to the inverter, which converts DC to AC
Type of Project	Solar Roof top project
Location	Akbarpur Channa, Ahmedgarh, Near Ludhiana, District Sangrur Punjab.
Total Area of Land	12500 Sqm (approx.)
Capacity	2000 kWp Solar PV Plant
Estimated Project Cost	800 Lakh Approx
Avg. Power Cost Saving	1.75 CR (Per Year)

Parameters	Details
Proposed Site Coordinates	Latitude: 30° 39' 11.592" N, Longitude: 75° 51' 12.06" E
LT Termination Point	100 m. (Approx.)
Required Roof Area	12500 Sq.m. (approx.)
Module Mounting System	Aluminum Rail
Expected Generation	12,00,000 kWh/year (6386 units per day)
AC Capacity Utilization Factor (%)	13.70%

The Company has not placed any order for the installation of the Solar Power Plant; however the company has taken the quotation from the independent vendors, the details of the quotation are provided hereunder:

S. No.	Description	Amount (Rs. in Lakhs) *	Date of Quotation	Vendor	Validity
1.	Techno Commercial Proposal for 2000_KWP Solar PV Plant.	784.98	June 10, 2025	Sunkind India Private Limited	6 Months

Notes:

- Above estimates are exclusive of GST
- We have considered the above quotations for the budgetary estimate purpose and have not placed orders for them.
- The actual cost of procurement and actual supplier/dealer may vary.
- The quotations relied upon by us in arriving at the above cost are valid for a specific period of time and may lapse after the expiry of the said period. Any cost escalation would be met out of our internal accruals.
- The cost can be differed at the time of placing order therefore we have taken the margin in comparison to the quotation.

All quotations received from the vendors mentioned above are valid as on the date of this Red Herring Prospectus. The quotation mentioned above exclude additional taxes, if any applicable. Such additional taxes shall be funded from

internal accruals, if required. Further, certain quotations stipulate that actual purchase price and delivery periods are subject to change at the time of placing of the orders. However, we have not entered into any definitive agreements with any of these vendors and there can be no assurance that the same vendors would be engaged to eventually supply the equipment or provide the service at the same costs. In accordance with the terms of certain quotations obtained by our Company, the prices in relation to the plant may be subject to revisions during the validity period of such quotations, pursuant to inter alia any update to the pricing list of the vendor, prices of the raw materials or policy changes. If there is any increase in the costs of equipment, plant and machinery, such additional costs shall be funded by our Company from its internal accruals. The quantity of equipment to be purchased is based on the present estimates of our management. Our Company shall have the flexibility to deploy such equipment according to the business requirements of such facilities and based on the estimates of our management.

IMPLEMENTATION SCHEDULE

STEP	SCHEDULE
Approval of Quotation	July 2025
Supply of Material	September 2025
Installation Time	October 2025
Turn Around Time	October 2025

Rationale For Installation of The Solar Power Plant

Cedaar Textile Limited is using electricity supplied by PSPCL as the rate per unit Rs. 8.00 as an industrial unit. The total requirement of electricity in the company is about **1,72,80,000 KWH** (Kilowatt Hours) Units pe annum which cost Rupees **13,82,40,000** per annum.

To recuperate the high price of the electricity expenses, Company has already installed solar project for 2000 KWP (Kilowatt Peak) in the month of March 2024. For the financial cost of that solar project, company has taken the loan of **728.32 lakhs** from SIDBI @ of 8.30% per annum under government benefit schemes to promote the solar project.

From the existing plant the company generating about 6500 KWH Units approx. per day which is generating about 13.42% of total Power requirement of the plant, which means we are saving around Rs. 52000 per day. The cost analysis of the existing plant is as under as per the performance.

Power / Cost analysis of Existing Plant

Description	Cost / Power generation
Total Solar Power Generation per day	6445 KWH – Units
Total Solar power Generation Per Month	193350 KWH – Units
Total Solar Power Generation per Annum	2320200 KWH – units
Power cost supplied by PSPCL	Rs. 8.00 Per Unit
Per day Cost saving	Rs. 51,650/-
Per Month Cost Saving	Rs. 15,46,800/-
Per Annum Costin Saving	Rs. 1,85,61,600/-

Further management of the company has also decided to install another Solar plant of 2000 KWP in the factory to save the electricity and power cost. The cost of the proposed solar project amounts to approx rupees. **784.98 Lakhs** excluding GST which will be met out from the IPO proceeds of the company. The company has already obtained the quotations in this regard. Company expected to complete the installation of solar project within 5 months from the date of placing of order.

After the installation of second solar plant, Company will generate around 13000 units per day from both of the plants, which will fulfilling the requirement of 24% of the total power required in the factory, The power cost analysis ratio will be as under: -

Power Cost Analysis for Existing and Purposed Plant

Description	Cost / Power generation
Total Solar Power Generation per day	13000 KWH – Units
Total Solar power Generation Per Month	390000 KWH – Units
Total Solar Power Generation per Annum	4680000 KWH – units
Power cost supplied by PSPCL	Rs. 8.00 Per Unit
Per day Cost saving	Rs. 1,04,000/-
Per Month Cost Saving	Rs. 31,20,000/-
Per Annum Costin Saving	Rs. 3,74,40,000/-

Note: a) all above cost analysis is based on the current scenario and existing solar plant results.

b) The main reason for not setting up the both projects together are insufficient of funds and company doesn't want to take much borrowings. Therefore, management has decided to go for single project at that time only.

2. Modernization of the Machines

The company will be adding new machinery in the dyeing plant for the modernization of the machine, earlier the company have only Yarn dyeing facility at plant but looking at the market potential of the fabric dyeing, the management of the company has decided to add Fabric dyeing facilities as well increasing the capacity of yarn dyeing at dyeing plant to add up the production and sales. Below is the list of the machines we have finalized for expansion.

S. No.	Machine Name	Qty.	Dyeing Capacity
1.	Yarn Dyeing Machine	1	1200 KG
2.	Yarn Dyeing Machine	1	1000 KG
3.	Yarn Dyeing Machine	1	576 KG
4.	Yarn Dyeing Machine	1	432 KG
5.	Fabric Dyeing Machine	3	250 KG
6.	Fabric Dyeing Machine	2	500 KG
7.	Fabric Dyeing Machine	1	750 KG
8.	Fabric Dyeing Machine	1	80 KG

Below are the reasons why management has decided to expansion of the dyeing plant.

- Market Potential** - India exports 100% cotton, polyester/cotton, and polyester/viscose blended yarns. The market is growing due to increasing garment demand. Blended yarns have potential in knitting, woven fabrics, towels, and home furnishing.
- Technology Upgradation / Life Cycle of Machine** – To increase the efficiency in the dyeing process it is needed to upgrade the dyeing process with new technology machines which will not only increase production but also reduce maintenance cost as well as there are old machines in the company which have the life cycle of 10-15 years, and it needs to replace with new machines.
- Water Saving** – New dyeing machines will help to reduce water use; the older machines' ratio is 8:1 whereas the new machine will operate on 3:1 ratio (8 ltr water used for 1 kg product dyeing and 3 ltr water for 1 kg

dyeing). Almost 5 ltr water saving on 1 kg dyeing. Collectively huge savings also support sustainable production.

4. **Increase Production** – as the company focuses on increasing the dyeing capacity and it is not possible only by replacing the old machine but also by add new machinery.
5. **Cost of Production** – New machines will help to reduce the cost of production by minimum use of water and less consumption of Power.

The fund we required to set up the purposed Dyeing plant is Approx Rs. 2600 Lacs out of which approx. 1700 Lacs shall be used from the proceeds of the issue.

The Company has not placed any order for the installation of the Solar Power Plant; however the company has taken the quotation from the independent vendors, the details of the quotation are provided hereunder:

Cost and benefit analysis of setting up the yarn Dyeing machines:

The company is planning to expand the business of yarn dyeing at their factory. Currently the company have 6000 kgs per day of Yarn Dyeing Facility, After IPO and further expansion our capacity will increase to 11000 kgs per day.

The company has approved the project of yarn and fabric dyeing for an amount of 2600 Lakhs for which the project report and quotations from two vendors have already been obtained. The aforesaid project is being undertaken by the company considering the funding of IPO money which is scheduled in Feb – March's 2025.

Currently, Company has already the yarn dying machine in place which running with the capacity of 95%. Further, Company has projected the good demand in future on the basis of current orders for which company is planning to expand the utilization of yarn dying by installing the new machines in the factory. The Cost benefit and analysis of expansion are given as follow:

Cost benefits and analysis of Yarn dyeing process is as follows at present:

S. No.	Particulars	Production Cost Per Kg
1	On Receipt of Yarn, soft winding, dyeing and further final winder process of Packing	Rs. 22.00

	All process Cost	
2.	Power and Manpower Cost	Rs. 23.00
	Total	Rs. 45.00

New Expansion of Yarn Dying of 5 MT Per Day (1 MT is equal to 1000 kg)

S. No.	Particulars	Production Cost Per Kg
1	On Receipt of Yarn, soft winding, dyeing, and further final winder process of Packing All process Cost	Rs. 19.00
2.	Power and Manpower Cost	Rs. 21.00
	Total	Rs. 40.00

Reason for reducing the cost in Expansion:

- Latest Technologies machines
- Consumption of Raw Material will reduce
- Manpower will reduce due to latest technology of machine

Production Cost Comparison of Existing and Expansion of Yarn Dyeing

Existing Production Cost	Expansion Product Cost	Total Benefit
Rs. 45 per kg	Rs. 40.00 per kg	Rs. 5.00

- Not only the production cost be reduced with the new expansion, but the production capacity will also increase from **6 MT per day to 11 MT Per day.**
- **Annual Benefits and Comparison for the additional production (5 MT * 360 days = 1800 MT or 18,00,000 KG)** (Considering selling price remain same of Rs. 74 per kg)

Existing Production sales Benefits (Sales price- Production Cost)	New Expansion Sales Benefit (Sales price- Production Cost)	Extra Benefits
18,00,000 kg @ Rs. 29 = Rs. 5,22,00,000	18,00,000 kg @ Rs. 34 = Rs. 6,12,00,000	Rs. 90,00,000

Cost and benefit analysis of setting up the Fabric Dyeing machines:

The company is planning to expand the business into fabric dyeing processing at their own factory. The company has approved the project of fabric and yarn dyeing machines for an amount of 2600 lakhs for which the project report and quotations from two vendors have been already been obtained. The aforesaid project is being undertaking by the company considering the funding of IPO money which is scheduled in Feb – March 2025.

Benefit of doing fabric Dyeing at own in comparison to job work as follow

The company has also done trial of fabric dyeing processing in 2023 through Job work for the cost analysis. Further, the marketing team of company also carried out the market survey for look the opportunity in the fabric market. In addition to that, Company has planned to provide the fabric to their sister concern company i.e. M/S Anuburn Design Pvt. Ltd which is in the business of garment manufacture and they have the requirement of 10 MT Fabric per day.

Considering the Fabric 10 MT Per Day (Avg Count 24) (1 MT is equal to 10,000 kg)

S. No.	Particulars	Job Work Cost	Company Cost	Total Benefit
1	On receipt of Knitted fabric after job work, Fabric dyeing process start at the company.	Dyeing Cost including Drying Rs. 100 per kg Including logistic	Dyeing Cost Rs. Per KG – Rs. 65 per Kg	-
2	After fabric dyeing process fabric is require finishing to become the final product	Finishing Cost including Packing of Fabric - Rs. 50 per Kg including logistic	Finishing Cost Rs. 30 per KG	-
3.	Power and men power cost	NIL	Rs. 20.50 Per kg	-
	Total	Rs. 150 per KG	Rs. 115.50 per kg	Rs. 34.50 per Kg

Note: the management of the company has decided not to set up the Knitting machines due to the multiple references of the fabric and it is not feasible for the company to setting up the multiple knitting machines. Further, it is also not provided any cost benefit to the company as compare to job work

Assumptions taken for increase in net working capital from FY 2024-25 to FY 2025-26

Net Working Capital is increasing from ₹ 1,384.54 lakhs to ₹ 4,448.00 lakhs. This increase of ₹ 3,063.46 lakhs is mainly due to addition of another segment i.e. of fabric Dyeing Process, however the optimum inventory is being maintained in term of % of turnover and no. of days. In FY 2023-24, company started trading of fabric as a part of market development process. This trading constitutes approx. 2% of the total turnover of FY 2023-24. The estimated increase in revenue by 54% approx. is mainly from new division of fabric Dyeing Process. This increase in revenue further increased trade receivables and inventory which comprises 80% yarn inventory and 20% fabric inventory, however in the FY 2023-24 basic holding days is similar to previous years except inventory holding days, it is increased mainly due to increase in Capacity and change in product Mix (Cotton-Polyester-Cotton) and in the FY 2025-26 the Company has estimated lower holding days as the Company is adopting the forward integration process yarn to fabric (more value additions) which required lesser inventory for productions.

Justifications:

Inventory	<p>Inventory refers to the raw materials, work-in-progress (WIP), and finished goods that a company holds for production purposes. In the textile industry, inventory includes all materials (Yarn, Fabrics, Garments, Cottons, Fibers etc.) and supplies necessary for project execution.</p> <p>Inventory Increase mainly due to expansion in Capacity and change in product Mix (Cotton-Polyester-Cotton)</p> <p>In the stub period ended Dec 31, 2024 and FY 2024-25 our inventory was on higher side due to interruption in the Bangladesh order, The Company has order book of Rs. 66.37 crore as on 31-12-24 pertaining to Bangladesh. However, the same will be maintained in succeeding months.</p> <p>In the Financial year 2025-26 the Company assume lower holding days of inventory, as the Company is adopting the forward integration process yarn to fabric Dyeing Process (more value additions) which required lesser inventory for productions resulting our inventory is lower in comparison to Revenue. Additionally, we have more domestic market like job work where the raw material requirement is on lower side.</p>
Trade Receivables	<p>Trade receivables consist of debts owed by debtors i.e. manufactures entity of fabric and garments which includes domestic as well as export.</p> <p>In FY 2022-23, our trade receivables on higher side due to change in payment term with customers which was change from site to deferred payment days of 120 days however we are discounting the bills which takes normally 50-60 days. It was in the same line for the FY 2023-24. Further the Company is going for forward integration and predominately in domestic market resulting lower trade receivable days in FY 2025-26.</p> <p>We anticipate continued growth in trade receivables in FY 2024-25 and 2025-26 due to several factors:</p> <ol style="list-style-type: none"> 1. Increase in Revenue from Operations: We expect that revenue from operations will continue to rise in FY 2024-25 and FY 2025-26 because the Company is adding fabric Dyeing Process machine with additional investment in capex through IPO, resulting in a corresponding increase in trade receivables. 2. Payment term: During stub period December 2024, trade receivable days slightly increased due to interruption in the Bangladesh order, however this is being maintain between 35 to 45 days in coming years.
Trade Payables	<p>Trade payables refer to the amounts a company owes to its suppliers for goods or services received on credit, representing trade payables. They typically arise from routine business activities, such as purchasing raw materials, inventory and other services, with the agreement to pay later.</p> <p>There is no much change in Trade payable, it is being maintain within 35 to 45 days period except in stub period of December 2024 that was due to interruption in the Bangladesh which resulted late payment received as well as late payment to trade payables.</p>

Short term borrowings	<p>short-term borrowings comprising Working capital loan (CC/LC limit, Pre- shipment credit, post-shipment credit, Export bill discounting and OD limit), from Banks to finance its working capital requirements, current maturity of long-term borrowing and unsecured loan.</p> <p>There is no significant change in the maintenance of short-term borrowings in the FY 2024-25 and 2025-26.</p>
Short term provisions	<p>Short term provisions primarily include provision for Gratuity, leave encashment and provision for taxation. Short term provisions have been maintained in line with the increase of projected business income/expenses for the forthcoming years.</p>
Other Current Assets	<p>Other current assets include, export incentive receivable, interest accrued on fixed deposit, prepaid expenses, deferred expenses and balance with govt. authorities. Entities anticipated to charge off deferred expenses in FY 2024-25 and FY 2025-26 resulting decrease in other current assets.</p>
Other Current Liability	<p>The category of "Other current liabilities" primarily includes items such as payable for employee benefits, payables for statutory and other authorities, advance from customers, and other similar obligations. Other current liabilities have been increased due to requirement of manpower in FY 2024-25 and FY 2025-26 resulting increase in employee benefit payable.</p>
Short-term Loans and Advances	<p>This includes mostly advance to suppliers/employees etc, the Company does not foresee any major change and expected to get proportionally increased due to increase in operations and turnover.</p>
Net Working Capital	<p>Net working capital is the difference between a company's current assets and current liabilities, representing the funds available for day-to-day operations. It is a crucial indicator of a business's short-term financial health and liquidity. One significant factor influencing working capital requirements is the size and scale of the business, as increased sales volume directly impacts these needs.</p> <p>Net Working Capital is slightly increase as per the revenue; however, it is on higher side in FY 2025-26 mainly due to increase in inventory because of increase in capacity and change in product Mix (Cotton-Polyester-Cotton).</p> <p>For FY 2025-26, the company projects a net working capital requirement of ₹ 4,448.00 lacs, which will be financed through internal accruals of ₹ 1,958.00 lakhs and proceeds from an IPO amounting to ₹ 2,490.00 lacs.</p>

Revenue from Operations	<p>The Company's revenue has shown a significant upward trend over the past three financial years, reflecting effective operational strategies and improved market positioning.</p> <p>However the top line is dropped in FY 2022-23 due to the change in product & market strategies, The raw cotton price was double & the company change the product mix from Cotton base to polyester base. Further, from FY 2023-24 onwards, Company has add on the product line in trading of fabric and manufacturing of special yarn, driving increased revenue from operation.</p> <p>Justification for Future Growth:</p> <p>50 % Future growth in FY 2025-26 is also projected based on additional capacity of yarn & Fabric dyeing along with special yarn (FR Yarn) considering the IPO investment.</p> <p>The infrastructure in term of Land, Building, Power and other compliances is already in place to support this expansion.</p>
% of Inventory / Revenue from Operations	<p>The inventory as a percentage of revenue from operations for FY 2023-24 & 2024-25 is high mainly due to the change in product mix (high value-added technical product).</p> <p>We will be able to maintain the better inventory level (which comprises 80% Yarn Inventory and 20 % Fabric inventory) in the financial year 2025-26 due to adopting the forward integration process (yarn to fabric), which results into lower % of Inventory relative to revenue from operations as compared to previous year. Additionally, the Company transitioning its inventory level from a "made-to-stock" model to a "made-to-order" approach, particularly for fabric products, which will further optimize inventory levels.</p>
% of Trade receivables / Revenue from operations	<p>No significant change in Trade receivable in terms of % age of Revenue and it is being maintain on year to year basis except stub period of December 2024 due to interruption in Bangladesh.</p>
% of Trade Payable / Revenue from operations	<p>No significant change in Trade payable in terms of %age of Revenue and it is being maintain on Year-to-year basis except stub period of December 2024, which was affected by interruptions in Bangladesh.</p>
Working Capital Cycle	<p>Working Capital Cycle has been increased FY 2024 - 25 mainly due to increase in Receivable (specially for export) as we are getting 120 days deferred LC against 45 & 90 days deferred payment against previous year.</p> <p>However, the working capital cycle will be in the range of 170 to 200 days due to the higher production cycle from "Fibre to Fabric" to current "Fibre to Dyed Yarn".</p>

RATIONALE FOR INCREASE IN THE INVENTORY DAYS:

1. FY 2021-22 to FY 2022-23: Market Instability

- **Cotton Price Fluctuations:** Significant volatility in cotton prices led to higher inventory valuation due to increased market prices.
- **Bulk Procurement:** To hedge against further inflation, the company stocked raw materials in bulk, resulting in an increase in inventory holding days from **46 days** to **112 days**.
- 2. **FY 2022-23 to FY 2023-24: Product Mix Shift & Capacity Utilization**
 - **Shift in Product Mix:** The company transitioned from cotton-based products to **cotton-polyester-cotton blends** for better profit margins. This required maintaining higher inventory levels.
 - **Increased Capacity Utilization:** With increased production capacity, additional raw materials were needed to support operations.
 - **Impact:** Inventory days rose from **112 days** in FY 2022-23 to **159 days** in FY 2023-24.
- 3. **FY 2023-24 to Period Ending December 31, 2024: Bangladesh Riots**
 - **Disruptions in Bangladesh:** Riots between June and August 2024 caused order cancellations worth ₹20.38 crores.
 - **Result:** Inventory turnover days surged from **159 days** to **294 days** due to delayed order fulfilment and higher stock accumulation.
- 4. **FY 2023-24 to FY 2024-25: Expansion in Product Range**
 - **Technical Textiles Addition:** The company expanded into technical textiles, mixing two Fiber blends into silver form, necessitating higher inventory for smooth production and timely sales.
 - **Result:** Inventory days increased from **159 days** to **223 days**.
- 5. **FY 2024-25 to FY 2025-26: Forward Integration & Domestic Focus**
 - **Forward Integration:** The adoption of a **yarn-to-fabric dyeing process** reduced the need for raw material inventory while increasing value addition.
 - **More Domestic Sales:** A focus on **job work** and domestic sales, which require less raw material, further lowered inventory needs.
 - **Result:** Inventory days are projected to **decline**, reflecting more efficient inventory management relative to revenue.

Conclusion

The increase in inventory days over the historical periods is due to external factors (price fluctuations, geopolitical disruptions) and internal strategies (capacity utilization, product expansion). By FY 2025-26, inventory days are expected to decline due to forward integration and domestic market focus, indicating better efficiency and adaptability.

DETAILED RATIONALE FOR THE FLUCTUATION IN WORKING CAPITAL IN HISTORICAL PERIOD:

1. Stub Period (Ending December 31, 2024):

- **Bangladesh Disturbance:**

Riots in Bangladesh from **June to August 2024** caused disruptions in orders worth ₹20.38 crores. This resulted in:

 - Higher inventory levels (Inventory turnover days increased from **159 to 294 days**).
 - Delayed payments from Bangladesh, affecting trade receivables and further delaying payments to creditors.
 - Despite the disruption, the company managed to maintain working capital consistent with FY 2023-24.

2. FY 2023-24:

- **Trading of Fabric:**

Company started trading of fabric in FY 2023-24 as part of market development which constituted 2% of total revenue from operations.

- **Increased Capacity Utilization:**

The capacity utilization of the dyeing machine increased from 75% in FY 2022-23 to 91% in FY 2023-24. This higher utilization drove a significant increase in revenue while optimizing resource use.

3. FY 2022-23:

- **Change in Payment Terms:**

The payment terms for orders from Bangladesh were extended from **90 days to 120 days**, transitioning from **LC at Sight payments** to a **deferred payment facility**. This caused:

- An increase in trade receivable days from **26 to 57 days**, tying up more capital in receivables.

- **Inflated Cotton Prices:**

- Rising cotton prices led to higher inventory values.
- To hedge against further inflation, the company procured raw materials in bulk, increasing inventory holding.

4. FY 2021-22:

- **Favourable Payment Terms & Stable Market:**

- Bangladesh payments were on **90-day terms** with **LC at Sight**, resulting in faster payment cycles and reduced receivables.
- **Cotton prices were stable**, enabling the company to maintain lower inventory levels.

DETAILED RATIONALE FOR LOW WORKING CAPITAL REQUIREMENTS IN FY 2021-22:

Particulars	FY 2021-22	FY 2022-23
% of Inventory/Revenue from Operations	12%	30%
% of Trade receivables/ Revenue from operations	12%	15%
% of Trade Payable/ Revenue from operations	7%	9%

Reasons for:

Lower Inventory:

In FY 2021-22 inventories of the company was ₹2,549 lakhs which was increased to ₹4,883.64 in FY 2022-23. This was due to:

- **Fluctuation in cotton Prices:** In FY 2022-23, Cotton price faced major fluctuation from ₹43,010 as on 1st March 2022 to ₹62,180 as on 1st March, 2023 (Source: MCX). To mitigate price volatility risks, the company **strategically increased raw material procurement**, leading to higher inventory levels.
- **Inventory Valuation:** Given the price surge, inventory valued under the **FIFO (First-In-First-Out) method** was recorded at higher costs, further contributing to the increase in inventory value in FY 2023-24

Trade Receivables:

In FY 2021-22 Trade Receivables of the company was ₹2,651.39 lakhs which was decreased to ₹2,394.67 lakhs in FY 2022-23. Yet in terms of revenue from operations the same has been increased from 12% to 15%. This was due to:

- **Change in Payment terms:** In the FY 2021-22, export revenue Share 59% of our total sales, with 50% of those exports being executed through Advance Telegraphic transfer (TT) and L/C sight payments. This indicates that 75% of our business was based on Payment Received within 30 Days, resulting in a Less working capital requirement for that FY 2021-22.

In contrast, during the FY 2022-23, 80% of our exports Shifted to 120-day L/C terms due to buyer requirement, while only 20% remaining under L/C at sight and TT. Consequently, this shift has led to an increase in our working capital requirements for the year 2022-23.

Trade Payables:

In FY 2021-22 Trade payables of the company was ₹1,618.39 lakhs which was decreased to ₹1,460.83 in FY 2022-23. Yet In terms of Revenue from operations it has increased from 7% to 9%. This was due to:

- **Supplier Payment Extension:** As receivables were collected over longer durations (120-day L/Cs) in FY 2022-23, the company negotiated extended payment terms with suppliers.

This was necessary to **maintain operational liquidity** and align supplier payments with incoming cash flows.

Conclusion:

From **FY 2022-23 to the Stub Period ending December 2024**, the company maintained a consistent working capital relative to revenue from operations. This consistency reflects the company's ability to manage disruptions, inflation, and changes in payment terms effectively. The unusually low working capital requirement in FY 2021-22 can be attributed to favourable payment terms and stable market conditions.

Detailed Rationale for the fluctuation in Working Capital in Estimated Period:

For FY 2024-25

Working capital in 2024-25 as per provisional financials is approximately similar the working capital requirement of financial year 2023-24.

For FY 2025-26

Revenue from operations for FY 2025-26 is estimated to increase from FY 2024-25. This is attributed mainly for the following reasons:

Forward Integration: Company is expecting to install the fabric dyeing machinery in FY 2025-26, which will expand their operations from yarn dyeing to fabric dyeing, which will lead to more value addition with lesser inventory.

Increase in Yarn dyeing Capacity: As company is also planning to set more yarn dyeing machines from its IPO proceeds, it will increase its yarn dyeing capacity, which will in turn increase its revenue from operations.

Thus, due to expansion in operations, its working capital requirement will increase slightly majorly due to higher inventory maintenance leading to working capital requirement.

GLOBAL ECONOMY

1. EXECUTIVE SUMMARY

Following an unprecedented series of shocks in the preceding years, global growth was stable yet underwhelming through 2024 and was projected to remain so in the January 2025 World Economic Outlook (WEO) Update. However, the landscape has changed as governments around the world reorder policy priorities. Since the release of the January 2025 WEO Update, a series of new tariff measures by the United States and countermeasures by its trading partners have been announced and implemented, ending up in near-universal US tariffs on April 2 and bringing effective tariff rates to levels not seen in a century (Figure ES.1). This on its own is a major negative shock to growth. The unpredictability with which these measures have been unfolding also has a negative impact on economic activity and the outlook and, at the same time, makes it more difficult than usual to make assumptions that would constitute a basis for an internally consistent and timely set of projections. Given the complexity and fluidity of the current moment, this report presents a “reference forecast” based on information available as of April 4, 2025 (including the April 2 tariffs and initial responses), in lieu of the usual

baseline. This is complemented with a range of global growth forecasts, primarily under different trade policy assumptions. The swift escalation of trade tensions and extremely high levels of policy uncertainty are expected to have a significant impact on global economic activity. Under the reference forecast that incorporates information as of April 4, global growth is projected to drop to 2.8 percent in 2025 and 3 percent in 2026—down from 3.3 percent for both years in the January 2025 WEO Update, corresponding to a cumulative downgrade of 0.8 percentage point, and much below the historical (2000–19) average of 3.7 percent. In the reference forecast, growth in advanced economies is projected to be 1.4 percent in 2025. Growth in the United States is expected to slow to 1.8 percent, a pace that is 0.9 percentage point lower relative to the projection in the January 2025 WEO

Figure ES.1. US Effective Tariff Rates on All Imports (Percent)

Sources: US Bureau of the Census, *Historical Statistics of the United States, 1789–1945*; US International Trade Commission; and IMF staff calculations.

Note: The Jan. 20–Apr. 1 tariffs in 2025 include 20 percent tariffs on China; 25 percent tariffs on steel and aluminum; 25 percent tariffs on Mexico and Canada; and a 10 percent tariff on Canadian energy imports. A United States–Mexico–Canada Agreement (USMCA) carve-out is assumed to halve the effective tariff increase for Canada and Mexico. The April 2 tariffs include auto sector tariffs and country-specific tariffs, applying exemptions provided in Annex II of the Executive Order per IMF staff judgment. The April 9 tariffs include an increase in the tariffs on China to 145 percent and a reduction in other country-specific tariffs to 10 percent. It also includes exemptions on some electronic products announced on April 11. GATT = General Agreement on Tariffs and Trade.

Update, on account of greater policy uncertainty, trade tensions, and softer demand momentum, whereas growth in the euro area at 0.8 percent is expected to slow by 0.2 percentage point. In emerging market and developing economies, growth is expected to slow down to 3.7 percent in 2025 and 3.9 percent in 2026, with significant downgrades for countries affected most by recent trade measures, such as China. Global headline inflation is expected to decline at a pace that is slightly slower than what was expected in January, reaching 4.3 percent in 2025 and 3.6 percent in 2026, with notable upward revisions for advanced economies and slight downward revisions for emerging market and developing economies in 2025. Intensifying downside risks dominate the outlook. Ratcheting up a trade war, along with even more elevated trade policy uncertainty, could further reduce near- and long-term growth, while eroded policy buffers weaken resilience to future shocks. Divergent and rapidly shifting policy stances or deteriorating sentiment could trigger additional repricing of assets beyond what took place after the announcement of sweeping US tariffs on April 2 and sharp adjustments in foreign exchange rates and capital flows, especially for economies already facing debt distress. Broader financial instability may ensue, including damage to the international monetary system. Demographic shifts and a shrinking foreign labor force may curb potential growth and threaten fiscal sustainability. The lingering effects of the recent cost-of-living crisis, coupled with depleted policy space and dim medium-term growth prospects, could reignite social unrest. The resilience shown by many large emerging market economies may be tested as servicing high debt levels becomes more challenging in unfavorable global financial conditions. More limited international development assistance may increase the pressure on low-income countries, pushing them deeper into debt or necessitating significant fiscal adjustments, with immediate consequences for growth and living standards. On the upside, a deescalation from current tariff rates and new agreements providing clarity and stability in trade policies could lift global growth.

The path forward demands clarity and coordination. Countries should work constructively to promote a stable and predictable trade environment, facilitate debt restructuring, and address shared challenges. At the same time, they should address domestic policy and structural imbalances, thereby ensuring their internal economic stability. This will help rebalance growth-inflation trade-offs, rebuild buffers, and reinvigorate medium-term growth prospects, as well as reduce global imbalances. The priority for central banks remains fine-tuning monetary policy stances to achieve their mandates and ensure price and financial stability in an environment with even more difficult trade-offs. Mitigating disruptive foreign exchange volatility may require targeted interventions, as outlined in the IMF's Integrated Policy Framework. Macprudential tools should be activated as needed to contain the buildup of vulnerabilities and to provide support in case of stress events. Restoring fiscal space and putting public debt on a sustainable path remain an important priority, while meeting critical spending needs to ensure national and economic security. This requires credible medium-term fiscal consolidation plans. Structural reforms in labor, product, and financial markets would complement efforts to reduce debt and narrow cross-country disparities. As Chapter 2 explains, countries' age structures are evolving at different rates, with important consequences for medium-term growth and external imbalances. In addition, as Chapter 3 documents, migration policy shifts in destination countries have sizable spillover effects, disproportionately affecting emerging market and developing economies.

2. The Outlook: A Range of Possibilities

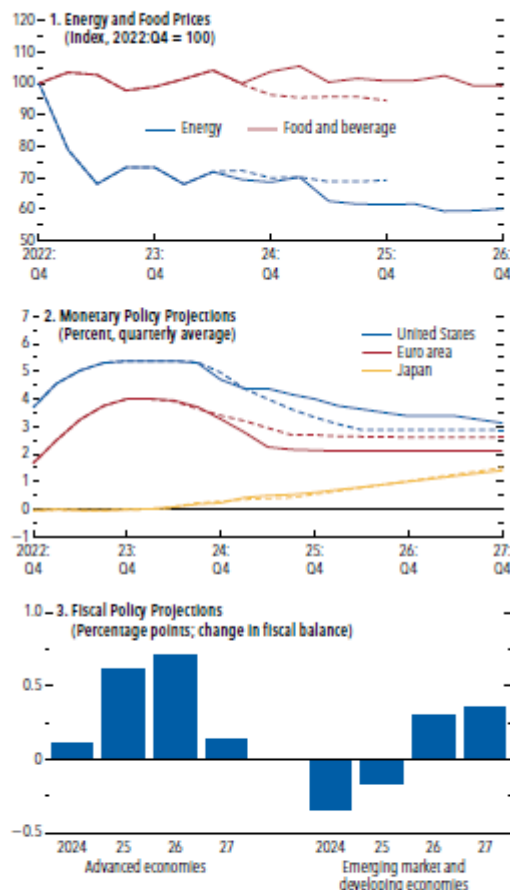

The swift escalation of trade tensions has generated extremely high levels of policy ambiguity, making it more difficult than usual to establish a central global growth outlook. Therefore, this WEO presents a range of global growth projections. First is a "reference forecast" based on measures announced as of April 4. This is what is presented in the tables of this report and the WEO database. Second, a pre-April 2 forecast (with a cutoff date of late March) incorporates all prior policy announcements and economic developments since the October 2024 WEO. Third, a post-April 9 model-based forecast is used to quantify the implications of the announced pause and associated additional exemptions, as well as the escalating tariff rates between China and the United States.

Global Assumptions

The reference forecast is predicated on several projections for global commodity prices, interest rates, and fiscal policies (Figure 1.16). Acknowledging the high level of prevailing uncertainty, Box 1.1 presents scenarios involving additional trade, fiscal, and structural policies as well as other plausible shocks.

- Commodity price projections:** Prices of fuel commodities are projected to decrease in 2025 by 7.9 percent, with a 15.5 percent decline in oil prices and a 15.8 percent drop in coal prices offset by a 22.8 percent increase in natural gas prices, the latter driven up by colder-than-expected weather and the halt of Russian gas flow to Europe through Ukraine since January 1. Nonfuel commodity prices are projected to increase by 4.4 percent in 2025. Projected food and beverage prices have been revised upward compared with those in the January 2025 WEO Update. Monetary policy projections: The Federal Reserve and the European Central Bank are expected to continue to reduce interest rates in the coming quarters, albeit at different paces from one another. In the United States, the federal funds rate is projected to be down to 4 percent at the end of 2025 and reach its long-term equilibrium of 2.9 percent at the end of 2028. In the euro area, 100 basis points in cuts are expected in 2025 (with three cuts having already occurred this year), representing two more 25 basis point cuts than in the assumptions underlying the October 2024 WEO, bringing the policy rate to 2 percent by the middle of the year. In Japan, policy rates are expected to be lifted at a similar pace as assumed in October 2024, gradually rising over the medium term toward a neutral setting of about 1.5 percent, consistent with keeping inflation and inflation expectations anchored at the Bank of Japan's 2 percent target.
- Fiscal policy projections:** Governments in advanced economies on average are expected to tighten fiscal policy in 2025–26 and, to a lesser extent, in 2027. The general government structural-fiscal-balance- to-GDP ratio is expected to improve by 1 percentage point in the United States in 2025. Yet it is worth noting that under current policies, US public debt fails to stabilize, rising from 121 percent of GDP in 2024 to 130 percent of GDP in 2030. These projections do not incorporate measures that remain under discussion at the time of publication, notably, the net expansionary US budget resolution (currently, most provisions under the Tax Cuts and Jobs Act are assumed to expire at the end of 2025). In the euro area, under the reference forecast, the primary deficit in Germany is expected to widen by about 1 percent of GDP by 2030 relative to 2024 and by about 4 percent of GDP relative to the January WEO forecast for 2030, with the increase driven primarily by higher defense spending and public investment, and this is assumed to generate spillovers to France, Italy, and Spain. The euro area debt-to-GDP ratio is expected to increase from its current 88 percent to 93 percent in 2030, although there is significant uncertainty surrounding the assessment of the economic impact of the

The structural primary balance is the cyclically adjusted primary balance excluding net interest payments and corrected for a broader range of noncyclical factors such as changes in asset and commodity prices.

additional fiscal spending. In emerging market and developing economies, primary fiscal deficits are projected to widen in 2025 by 0.3 percentage point on average, followed by fiscal tightening starting in 2026. In China, the structural-fiscal-balance-to-GDP ratio is expected to deteriorate by 1.2 percentage points in 2025. Public debt in emerging market and developing economies continues to rise from its current level of 70 percent of GDP, reaching a projected 83 percent in 2030.

- **Trade policy assumptions:** Tariff announcements between February 1 and April 4, with specific details on their implementation, are included in the reference forecast. On February 1, executive orders signed by US President Donald J. Trump imposed tariffs on Canada, China, and Mexico. An additional tariff of 10 percent on all imports from China came into effect on February 4, and another 10 percent was imposed on March 4. China responded with tariffs of 10 to 15 percent on imports of select US agricultural products, energy commodities, and farm equipment, which took effect on February 10, and on imports of agricultural products, which took effect on March 10. Tariffs of 25 percent on all nonenergy goods imports from Canada (for energy, 10 percent) and of 25 percent on all imports from Mexico took effect on March 4, with the exemption of goods compliant with the United States–Mexico–Canada Agreement (USMCA). Canada announced 25 percent countertariffs on roughly 40 percent of Canadian imports of goods from the United States. Mexico indicated the intention to respond without specifying the measures to be employed, hence the reference forecast includes no additional tariff imposed on Mexican imports from the United States. The United States also expanded tariffs on steel and aluminum, effective March 12, removing all exemptions to the 25 percent tariff on steel imports and increasing the tariff rate on aluminum from 10 to 25 percent. On March 26, the United States announced a 25 percent tariff on all automobiles and auto parts, excluding US content in auto and auto parts exports. This tariff came into effect on April 3 for autos, while implementation for auto parts was postponed to May 3. The US Fair and Reciprocal Plan was introduced on April 2, imposing a 10 percent minimum tariff on all countries other than Canada and Mexico and country-specific rates as high as 50 percent for roughly 60 countries. The universal 10 percent minimum tariff took effect on April 5, and the other tariffs were set to take effect on April 9. Exemptions applied to categories of goods deemed critical, such as pharmaceuticals, semiconductors, energy, and certain minerals. Countermeasures from Canada, announced on April 3, consisted of 25 percent tariffs on non-USMCA-compliant fully assembled vehicles imported from the United States. On April 4, China announced 34 percent tariffs, matching the increase in US duties on imports from China, to take effect on April 10.

Under the reference forecast, trade policy uncertainty is assumed to remain elevated through 2025 and 2026. The perceived unpredictability of the current trade landscape is evident from the significant spike in the daily trade policy indicator (Caldara and others 2020), which surged more than four standard deviations in just three days after April 2, despite the disclosure of the details of the expected tariffs.

3. Growth Forecast

Global Growth: Reference Forecast and Alternatives

In the near term, under the reference forecast, global growth is projected to fall from an estimated 3.3 percent in 2024 to 2.8 percent in 2025, before recovering to 3 percent in 2026. This is lower than the projections in the January 2025 WEO Update, by 0.5 percentage point for 2025 and 0.3 percentage point for 2026, with downward revisions for nearly all countries (Tables 1.1 and 1.2). The downgrades are broad-based across countries and reflect in large part the direct effects of the new trade measures and their indirect effects through trade linkage spillovers, heightened uncertainty, and deteriorating sentiment. As indicated in the illustrative model simulations presented in Box 1.2, the growth impact of tariffs in the short term varies across countries, depending on trade relationships, industry compositions, policy responses, and opportunities for trade diversification. Fiscal support in some cases (for example, China, euro area) offsets some of the negative growth impact.

¹ For world output, the quarterly estimates and projections account for approximately 90 percent of annual world output at purchasing-power parity weights. For emerging market and developing economies, the quarterly estimates and projections account for approximately 85 percent of annual emerging market and developing economies' output at purchasing-power parity weights.

Given uncertainty over where trade policy could settle, the two alternative growth outlooks are as follows:

Under the pre-April 2 forecast, global growth would be 3.2 percent for both 2025 and 2026, lower by 0.1 percentage point in each year compared with the January 2025 WEO Update. This forecast deviates from the global assumptions listed above on trade policy announcements, the level of uncertainty, and commodity prices. It is predicated on higher oil prices and only those trade policies announced between February 1 and March 12, namely, tariffs on Canada and Mexico, the first wave of tariffs on China, associated responses by Canada and China, and sectoral tariffs on steel and aluminum. The downgrades to growth under this outlook are largest for the countries directly involved, but growth in other economies is also lower because of increased uncertainty relative to that in January and tariff-related spillovers.

¹ Difference based on rounded figures for the current, January 2025 WEO Update, and October 2024 WEO forecasts.

The post-April 9 model-based forecast incorporates the tariff announcements made after April 4 and, hence, not included in the reference forecast. ◦ On April 9, the United States announced a 90-day pause on the higher tariff rates imposed on some countries but maintained the 10 percent minimum on all countries while further raising tariffs on Chinese goods as a countermeasure to China's tariff response, which China then countered again. The EU responded with 25 percent tariffs on a range of US imports, which were also paused for 90 days. On April 11, the United States announced that it would exempt smartphones, laptops, and other electronic devices and components from the April 2 tariffs, while China raised tariffs on US goods further, with the higher rate taking effect on April 12. As of April 14—the cutoff date for data and information used in this chapter—the US effective tariff rate on Chinese goods was 115 percent, while that imposed by China on US goods was 146 percent, and the US effective tariff rate on the world stood at about 25 percent, up from under 3 percent in January 2025. ◦ If the measures announced between April 5 and 14 were considered in isolation from the associated market fallout and policy-induced uncertainty and assumed to be permanent, global growth for 2025 would be about 2.8 percent for 2025 and about 2.9 percent for 2026. This is similar to the estimates for global growth in the reference forecast, albeit with a different composition of growth rates across countries. The gains from lower effective tariff rates for those countries that were previously subject to higher tariffs would now be offset by poorer growth outcomes in China and the United States—due to the escalating tariff rates—that would propagate through global supply chains. Further, the losses in China and the United States would become larger in 2026 and beyond, while the gains in other regions would fade, leading to weaker global outcomes than the reference forecast.

Growth Forecast for Advanced Economies

For advanced economies, growth under the reference forecast is projected to drop from an estimated 1.8 percent in 2024 to 1.4 percent in 2025 and 1.5 percent in 2026. Growth for 2025 is now projected to be 0.5 percentage point lower relative to that in January 2025 WEO Update projections. The forecasts for 2025 include significant downward revisions for Canada, Japan, the United Kingdom, and the United States and an upward revision for Spain.

- For the United States, growth is projected to decrease in 2025 to 1.8 percent, 1 percentage point lower than the rate for 2024 as well as 0.9 percentage point lower than the forecast rate in the January 2025 WEO Update. The downward revision is a result of greater policy uncertainty, trade tensions, and a softer demand outlook, given slower-than-anticipated consumption growth. Tariffs are also expected to weigh on growth in 2026, which is projected at 1.7 percent amid moderate private consumption.
- Growth in the euro area is expected to decline slightly to 0.8 percent in 2025, before picking up modestly to 1.2 percent in 2026. Rising uncertainty and tariffs are key drivers of the subdued growth in 2025. Offsetting forces

that support the modest pickup in 2026 include stronger consumption on the back of rising real wages and a projected fiscal easing in Germany following major changes to its fiscal rule (the “debt brake”). Within the region, Spain’s momentum contrasts with the sluggish dynamics elsewhere. The growth projection for 2025 for Spain is 2.5 percent, an upward revision of 0.2 percentage point from that in the January 2025 WEO Update. This reflects a large carryover from better-than-expected outturns in 2024 and reconstruction activity following floods.

- Among other advanced economies, several downward revisions stand out. For Canada, growth forecasts are revised downward by 0.6 percentage point for 2025 and by 0.4 percentage point for 2026. This largely reflects the new tariffs on exports to the United States that came into effect in March as well as heightened uncertainty and geopolitical tensions. For Japan, the growth projection for 2025 is 0.6 percent, marking a downgrade of 0.5 percentage point relative to the forecast in January. The effect of tariffs announced on April 2 and associated uncertainty offset the expected strengthening of private consumption, with above-inflation wage growth boosting household disposable income. For the United Kingdom, the growth projection for 2025 is 1.1 percent, lower by 0.5 percentage point compared to the forecast in January. This reflects a smaller carryover from 2024, the impact of recent tariff announcements, an increase in gilt yields, and weaker private consumption amid higher inflation as a result of regulated prices and energy costs.

Growth Forecast for Emerging Market and Developing Economies

For emerging market and developing economies, growth under the reference forecast is projected to drop to 3.7 percent in 2025 and 3.9 percent in 2026, following an estimated 4.3 percent in 2024. This is 0.5 and 0.4 percentage point lower, respectively, compared with the rate projected in the January 2025 WEO Update.

- After a marked slowdown in 2024, growth in emerging and developing Asia is expected to decline further to 4.5 percent in 2025 and 4.6 percent in 2026. Emerging and developing Asia, particularly Association of Southeast Asian Nations (ASEAN) countries, has been among the most affected by the April tariffs. For China, 2025 GDP growth is revised downward to 4.0 percent from 4.6 percent in the January 2025 WEO Update. This reflects the impact of recently implemented tariffs, which offset the stronger carryover from 2024 (as a result of a stronger-than-expected fourth quarter) and fiscal expansion in the budget. Growth in 2026 is also revised downward to 4.0 percent from 4.5 percent in the January 2025 WEO Update on the back of prolonged trade policy uncertainty and the tariffs now in place. For India, the growth outlook is relatively more stable at 6.2 percent in 2025, supported by private consumption, particularly in rural areas, but this rate is 0.3 percentage point lower than that in the January 2025 WEO Update on account of higher levels of trade tensions and global uncertainty.
- For Latin America and the Caribbean, growth is projected to moderate from 2.4 percent in 2024 to 2.0 percent in 2025, before rebounding to 2.4 percent in 2026. The forecasts are revised downward by 0.5 percentage point for 2025 and 0.3 percentage point in 2026 compared with those in the January 2025 WEO Update. The revisions owe largely to a significant downgrade to growth in Mexico, by 1.7 percentage points for 2025 and 0.6 percentage point for 2026, reflecting weaker-than-expected activity in late 2024 and early 2025 as well as the impact of tariffs imposed by the United States, the associated uncertainty and geopolitical tensions, and a tightening of financing conditions.
- Growth in emerging and developing Europe is projected to slow down considerably, from 3.4 percent in 2024 to 2.1 percent in 2025 and 2026. This reflects a sharp drop in growth in Russia from 4.1 percent in 2024 to 1.5 percent in 2025 and to 0.9 percent in 2026 as private consumption and investment decelerate amid reduced tightness in the labor market and slower wage growth. Compared with that projected in the January 2025 WEO Update, growth in Russia has been revised slightly

upward for 2025 thanks to stronger-than-expected outturns in the data for 2024. For Türkiye, growth is projected to bottom out in 2025 at 2.7 percent and accelerate to 3.2 percent in 2026, owing to recent pivots in monetary policy.

- The Middle East and Central Asia is projected to come out of several years of subdued growth, with the rate accelerating from an estimated 2.4 percent in 2024 to 3.0 percent in 2025 and to 3.5 percent in 2026 as the effects of disruptions to oil production and shipping dissipate and the impact of ongoing conflicts lessens. Compared with that in January, the projection is revised downward, reflecting a more gradual resumption of oil production, persistent spillovers from conflicts, and slower- than-expected progress on structural reforms. • For sub-Saharan Africa, growth is expected to decline slightly from 4 percent in 2024 to 3.8 percent in 2025 and recover modestly in 2026, lifting to 4.2 percent. Among the larger economies, the growth forecast in Nigeria is revised downward by 0.2 percentage point for 2025 and 0.3 percentage point for 2026, owing to lower oil prices, and that in South Africa is revised downward by 0.5 percentage point for 2025 and 0.3 percentage point for 2026, reflecting slowing momentum from a weaker-than-expected 2024 outturn, deteriorating sentiment due to heightened uncertainty, the intensification of protectionist policies, and a deeper slowdown in major economies. South Sudan has a downward revision of 31.5 percentage points for 2025 on account of the delay in the resumption of oil production from a damaged pipeline.

India Economy

Strong economic growth in the first quarter of FY23 helped India overcome the UK to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. Nominal GDP for FY25 is estimated at Rs. 33.10 lakh crore (US\$ 3.8 trillion) with growth rate of 9.9%, compared to Rs. 30.12 lakh crore (US\$ 3.5 trillion) in FY24. Strong domestic demand for consumption and investment, along with Government's continued emphasis on capital expenditure are seen as among the key driver of the GDP in the second half of FY25. In FY25, India's exports stood at Rs. 37.31 lakh crore (US\$ 433.56 billion), with Engineering Goods (26.88%), Petroleum Products (13.86%) and electronic goods (8.89%) being the top three exported commodity. Rising employment and increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalization of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers. The contact-based services sector has demonstrated promise to boost growth by unleashing the pent-up demand. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's appeal as a destination for investments has grown stronger and more sustainable because of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

Market size

Real GDP for FY25 is estimated at Rs. 187.95 lakh crores (US\$ 2.2 trillion) with growth rate of 6.5%, compared to Rs. 176.51 lakh crore (US\$ 2.06 trillion) for FY24. As on Jan 2025, there are 118 unicorn startups in India, with a combined valuation of over Rs. 3.0 lakh crore (US\$ 354 billion). The government is also focusing on renewable sources by achieving 40% of its energy from non-fossil sources by 2030. India is committed to achieving the country's ambition of Net Zero Emissions by 2070 through a five-pronged strategy, 'Panchamrit'. Moreover, India ranked 3rd in the renewable energy country attractive index. According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 to 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between same time periods. The Current Account Deficit (CAD) stood at Rs. 98,095 crore (US\$ 11.5 billion) for Q3 of FY25 as compared to Rs. 88,712 crore (US\$ 10.4 billion) in Q3 of FY24. This was largely due to increase in merchandise trade deficit. Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles Mr. Piyush Goyal, Indian exports are expected to reach US\$ 1 trillion by 2030.

Recent Developments

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below.

1. The HSBC India Manufacturing PMI increased to 58.4 in April 2025, up from 58.1 in March 2025, based on preliminary estimates. This rise signifies improved operating conditions and represents the most rapid growth pace observed in the past year. Contributing factors include a notable surge in new export orders, which experienced their most significant increase in over fifteen years, alongside a faster expansion in overall new business activity.
2. In Q1 CY25, private equity (PE) and venture capital (VC) investments stood at Rs. 1,16,861 crore (US\$ 13.7 billion) across 284 deals.
3. India saw a robust 10.35% growth in passengers carried by domestic airlines at 431.98 lakh in FY25, from 391.46 lakh in FY24, according to the Directorate General of Civil Aviation (DGCA).

4. As of April 18, 2025, India's foreign exchange reserves stood at Rs. 58,57,537 crore (US\$ 686.70 billion).
5. India secured 39th position out of 133 economies in the Global Innovation Index 2024. India rose from 81st position in 2015 to 39th position in 2024. India ranks 3rd position in the global number of scientific publications.
6. The gross GST (Goods and Services Tax) revenue collection stood at Rs. 1.84 lakh crore (US\$ 21.57 billion) in February 2025.
7. Between April 2000–December 2024, cumulative FDI equity inflows to India stood at Rs. 89.88 lakh crore (US\$ 1.05 trillion).
8. In February 2025, the overall IIP (Index of Industrial Production) stood at 151.3. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 141.9, 148.6 and 194.0, respectively.
9. According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) – Combined inflation was 3.34% in March 2025 against 4.85% in March 2024.
10. Foreign Institutional Investors (FII) inflows in FY25 were close to Rs. 1.27 lakh crore (US\$ 14.89 billion), while Domestic Institutional Investors (DII) bought Rs. 6.00 lakh crore (US\$ 70.34 billion) in the same period.
11. India's wheat procurement rose 34% YoY, reaching 22.36 MT as of April 28, 2025, with target of 31 MT in sight. Strong MSP, bonuses, and robust crop output boost sales to government agencies, ensuring food security and potential for open market intervention.

Government Initiatives

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, is aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

1. According to a report by Wood Mackenzie in January 2025, India, the United States, and West Asia are expected to collectively add 100 Gigawatts (GW) of solar capacity by 2025, while China is anticipated to continue its leadership in the solar industry.
2. In July 2024, the Ministry of Finance held the Union Budget and announced that for 2024-25, the total receipts other than borrowings and the total expenditure are estimated at Rs. 32.07 lakh crore (US\$ 383.93 billion) and Rs. 48.21 lakh crore (US\$ 577.16 billion), respectively.
3. In February 2024, the Finance Ministry announced the total expenditure in Interim 2024-25 estimated at Rs. 47,65,768 crore (US\$ 571.64 billion) of which total capital expenditure is Rs. 11,11,111 crore (US\$ 133.27 billion).
4. On January 22, 2024, Prime Minister Mr. Narendra Modi announced the 'Pradhan Mantri Suryodaya Yojana'. Under this scheme, 1 crore households will receive rooftop solar installations.
5. On September 17, 2023, Prime Minister Mr. Narendra Modi launched the Central Sector Scheme PM-VISHWAKARMA in New Delhi. The new scheme aims to provide recognition and comprehensive support to

traditional artisans & craftsmen who work with their hands and basic tools. This initiative is designed to enhance the quality, scale, and reach of their products, as well as to integrate them with MSME value chains.

6. On August 6, 2023, Amrit Bharat Station Scheme was launched to transform and revitalize 1309 railway stations across the nation. This scheme envisages development of stations on a continuous basis with a long-term vision.
7. On June 28, 2023, the Ministry of Environment, Forests, and Climate Change introduced the 'Draft Carbon Credit Trading Scheme, 2023'.
8. From April 1, 2023, Foreign Trade Policy 2023 was unveiled to create an enabling ecosystem to support the philosophy of 'Aatmanirbhar Bharat' and 'Local goes Global'.
9. To enhance India's manufacturing capabilities by increasing investment and production in the sector, the government of India has introduced the Production Linked Incentive Scheme (PLI) for Pharmaceuticals. Prime Minister's Development Initiative for North-East Region (PM-DevINE) was announced in the Union Budget 2022-23 with a financial outlay of Rs. 1,500 crore (US\$ 182.35 million).
10. Prime Minister Mr Narendra Modi has inaugurated a new food security scheme for providing free food grains to Antyodaya Ann Yojna (AAY) & Primary Household (PHH) beneficiaries, called Pradhan Mantri Garib Kalyan Ann Yojana (PMGKAY) from January 1, 2023.

Road Ahead

India's economy grew by 6.2% in Q3 FY25. Signs of recovery are now visible, with growth expected to rise to 7.6% in Q4 FY25—indicating a possible turnaround in the coming months. India's comparatively strong position in the external sector reflects the country's positive outlook for economic growth and rising employment rates. India ranked 5th in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022. India's economic story during the first half of FY24 highlighted the unwavering support the government gave to its capital expenditure, which, in FY24, stood 37.4% higher than the same period last year. In the Union Budget of FY26, capital expenditure took lead by steeply increasing the capital expenditure outlay by 10.0 % to Rs. 11.21 lakh crore (US\$ 131.42 billion) over Rs. 10.18 lakh crore (US\$ 119.34 billion) in FY25. Stronger revenue generation because of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels. India's total exports of goods and services rose by 5.5% to a record Rs. 69.8 lakh crore (US\$ 820.9 billion) in FY25, compared to Rs. 65.8 lakh crore (US\$ 773.0 billion) in FY24. With a reduction in port congestion, supply networks are being restored. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

TEXTILE MARKET

India's textiles sector is one of the oldest industries in the Indian economy, dating back to several centuries. The industry is extremely varied, with hand-spun and hand-woven textiles sectors at one end of the spectrum, with the capital-intensive sophisticated mills sector at the other end. The fundamental strength of the textile industry in India is its strong production base of a wide range of fibre/yarns from natural fibres like cotton, jute, silk, and wool, to synthetic/man-made fibres like polyester, viscose, nylon and acrylic.

The decentralised power looms/ hosiery and knitting sector form the largest component of the textiles sector. The close linkage of textiles

industry to agriculture (for raw materials such as cotton) and the ancient culture and traditions of the country in terms of textiles makes it unique in comparison to other industries in the country. India's textiles industry has a capacity to produce a wide variety of products suitable for different market segments, both within India and across the world.

According to Crisil Ratings, the organised retail apparel sector is projected to achieve revenue growth of 8-10% in FY25, driven by rising demand from a normal monsoon, easing inflation, and the festive and wedding seasons.

The increasing preference for affordable, trendy fashion clothing that mimics high-fashion designs is expected to be the primary revenue driver. In order to attract private equity and employee more people, the government introduced various schemes such as the Scheme for Integrated Textile Parks (SITP), Technology Upgradation Fund Scheme (TUFS) and Mega Integrated Textile Region and Apparel (MITRA) Park scheme.

Market Size

Raw cotton and man-made fiber production increasing

1. India is the world's largest producer of cotton. Agriculture ministry projected cotton output for 2023-24 at 32.3 million bales..
2. Natural fibres are regarded as the backbone of the Indian textile industry, which is expected to grow from US\$138 billion to US\$195 billion by 2025.
3. The cotton production in 2023-24 is estimated to be 316.57 lakh bales (LB) with 75.76 LB in Maharashtra, 19.29 LB in Karnataka and 15.64 LB in Madhya Pradesh.
4. According to the Cotton Association of India (CAI), the total availability of cotton for the 2023-24 season is estimated at 34.6 million bales, against a domestic demand of 31.1 million bales, which includes 28 million bales for mills, 1.5 million for small-scale industries, and 1.6 million bales for non-mills.
5. Cotton and fibres are the two major segments in this category. Production of man-made fibre has also been on an upward trend.

6. In 2022-23, fibre production in India was recorded at 2.15 million tonnes.

Export have posted strong growth over the years

1. In FY25 (April-June), total textile exports were valued at US\$ 9.17 billion.
2. Exports of textiles (RMG of all textiles, cotton yarns/fabs. /Made-ups/handloom products, man-made yarns/fabs. /Made-ups, handicrafts excl. handmade carpets, carpets and jute mfg. including floor coverings) stood at US\$ 9.17 billion in FY25 (April-June)
3. India's ready-made garment (RMG) exports are likely to surpass US\$ 30 billion by 2027, growing at a CAGR of 12-13%
4. In July 2021, the government extended the Rebate of State and Central Taxes and Levies (RoSCTL) scheme for exports of apparel/garments and made-ups until March 2021. This helped boost exports and enhance competitiveness in the labour-intensive textiles sector
5. In August 2021, Minister of Textiles, Commerce and Industry, Consumer Affairs, Food and Public Distribution, Mr. Piyush Goyal, said that steps need to be taken to boost production capacities of the handloom sector from existing Rs. 60,000 crore (US\$ 8.06 billion) to 125,000 crore (US\$ 16.80 billion) in three years. He added that target must be set to increase exports of handloom items from existing Rs. 2,500 crore (US\$ 335.92 million) to Rs. 10,000 crore (US\$ 1.34 billion). He also announced that a committee would be constituted consisting of all weavers, trainer equipment makers, marketing experts and other stakeholders to recommend ways and means to achieve these objectives and enhance overall progress of the handloom sector

Technical textile industry - a new arena of growth

1. Technical textiles have been grouped into 12 categories: Agrotech, Meditech, Mobiltech, Packtech, Sportech, Buildtech, Clothtech, Hometech, Protech, Geotech, Oekotech and Indutech.
2. Ministry of Textiles, has sanctioned 19 research projects totaling approximately Rs. 21 crore (US\$ 2.52 million) across various domains of Technical Textiles under the National Technical Textiles Mission.
3. Technical textile industries' major service offerings include thermal protection and blood-absorbing materials, seatbelts and adhesive tapes. Healthcare and infrastructure sectors are two major drivers of the technical textile industry.
4. The Government has assigned 207 Harmonized System Nomenclature (HSN) to promote India's technical textile industry. As of November 2021, 377 technical textile products were developed according to the Bureau of Indian Standards (BIS).
5. Under National Technical Textile Mission (NTTM), 74 research proposals valuing US\$ 28.27 million (Rs. 232 crore) have been approved in the category of speciality fibre and technical textile. 31 new HSN codes have been developed in this space.
6. In 2022-23, the Sardar Vallabhbhai Patel International School of Textiles and Management (SVPISTM) is planning to offer B.Sc. And MBA courses in technical textiles
7. The Indian government has notified a uniform GST rate of 12% on manmade fabrics (MMF), MMF yarns, MMF fabrics and apparel, which came into effect on January 1, 2022.
8. The Indian Technical Textile market has a huge potential of a 10% growth rate, increased penetration level of 9-10% and the 5 th largest technical textiles market in the world.
9. India's sportech industry is estimated around US\$ 1.17 million in 2022-23
10. The Government of India has earmarked a corpus of Rs. 1,000 crore (US\$ 127.72 million) dedicated to research and development of the technical textiles sector.
11. Government introduced six additional courses for technical textiles in its skill development programme called Samarth
12. Exports for 247 technical textile items stood at Rs. 5,946 crore (US\$ 715.48 million) between April-June (2023-24).

RECENT TRENDS AND PROSPECTS IN THE WORLD COTTON MARKET AND POLICY DEVELOPMENTS

🚩 Crop insurance subsidies

For most cotton farmers, crop insurance (which continues under the 2018 farm bill) is the most important component of the 'safety net' programmes provided by the United States Government, and about 90 percent of the cotton area in the United States of America is enrolled in a crop insurance policy. Crop insurance is intended

to protect farmers against the adverse impacts of poor weather, diseases, pests or other menaces, but coverage does not extend to loss due to negligence. The Government pays 80 percent of the insurance premiums and also covers all administrative costs. During 2016/17 and 2017/18, crop insurance subsidies were estimated by ICAC to be about US 5 cents/lb of total US production each season. Since provisions for crop insurance remained unchanged in the 2018 farm bill, it is likely that crop insurance subsidies will continue at roughly the same level in the next years

Minimum prices provided by a marketing loan

All cotton farmers in the United States of America are eligible to harvest their cotton and store the bales in warehouses. The Government then extends loans to farmers equal to the weight of the cotton stored in the warehouse multiplied by the loan rate, plus or minus quality premiums and discounts. During the past decade, the national average loan rate was US 52 cents/lb every year except for 2017, when the loan rate fell to US 49.5 cents/lb. The loan rate returned to US 52 cents/lb during 2018, and the rate for 2019 is again US 52 cents/lb, the maximum rate foreseen in the farm bill. If market prices are below the loan rate, farmers can keep the rate and forfeit the cotton to the Government, which then auctions the bales used as collateral. However, if market prices are above the loan rate, farmers have nine months in which to repay the loan – including interest and storage charges – recover control of their cotton and market it through normal commercial channels. The existence of a loan rate encourages increased cotton production, since farmers have the certainty that even during an economic collapse, they can still ‘sell’ their cotton to the United States Government. The loan is therefore an effective floor for prices received by farmers for the base quality of cotton at average location

Subsidies to textile mills

The Economic Adjustment Assistance Programme provides a subsidy of US 3 cents/lb to textile mills in the United States of America for each pound of upland cotton consumed. The annual cost to the government is around USD 40 million.

Direct payments to producers

Since 2016/17, the Chinese Government has made a significant shift in its cotton policy towards the provision of direct payments, differentiating among regions. Payments to producers in Xinjiang Uygur Autonomous Region are calculated based on the difference between market prices and a target price. The target price beginning in 2016/17 and continuing through 2018/19 was CNY 18 600 per tonne of lint, or about USD 1.30/lb.⁵ The lint equivalent of the market price for seed cotton delivered to procurement centres in Xinjiang Uygur Autonomous Region was about USD 1.10/lb in both 2016/17 and 2017/18, and it remained at that level during 2018/19. Thus, direct payments to farmers in Xinjiang Uygur Autonomous Region have been equal to approximately US 20 cents/lb of lint. In the eastern provinces cotton receives less support, as land in these regions is considered to have a higher valued use in the production of food. A fixed payment rate of CNY 2 000/tonne of lint was established in 2016/17, and is still in place. As such, the payment rate equals approximately US 13 cents/lb. The Government also encourages the use of certified planting seed by subsidizing the cost of high-quality seeds paid by farmers. Around the world cotton farmers tend to use seed from each harvest to plant the next crop, a practice that reduces plant vigour and varietal purity and spreads disease. To prevent this type of problem, a number of governments subsidize the use of certified seed each season.

State Reserve

In 2010/11, mill use in China declined significantly due to a scarcity of cotton available in the world market. World cotton production fell from nearly 27 million tonnes prior to the global crisis in 2008 and 2009 to just 22 million tonnes in the year following the crisis. This led to a spike in prices (the Cotlook A Index jumped from a long-term average of US 73 cents/lb to a season average of USD 1.64 /lb in 2010/11), which limited the quantities that Chinese spinners could acquire from the global market. A policy response by China was to augment the state reserve that had existed but was scarcely used. Stocks in China rose from 2 million tonnes at the end of 2010/11 to 14 million tonnes in the space of four seasons (Figure 51). As a result, at the end of

2014/15 three-fifths of world cotton stocks were held by China's state reserve. The objective of the state reserve was both to stabilize domestic prices and ensure that the domestic textile industry would never to curtail activities due to supply constraints. The system used by the state reserve was that the Government of China allowed the sale of cotton in auctions during times of shortage, and to rebuild stocks during times of abundance, thereby stabilizing domestic prices.

AN OVERVIEW OF RAW MATERIAL IN INDIAN MARKET

1. COTTON

a. Cotton remains a leading cash crop globally, making up ~23% of global fibre production. In India, it constitutes around 60% of the raw material used in textiles, with annual consumption near 323 lakh bales (170 kg each). In the 2024/25 marketing year, India planted cotton over 11.4 million hectares (294 lakh 170-kg bales), with yields averaging 436–443 kg/ha. apps.fas.usda.gov+1paradigmfutures.net+1

b. Cotton, often called “White-Gold,” is vital for India's economy, generating significant foreign exchange through exports of raw cotton, yarns, fabrics, garments, and home-textiles.

c. This crop supports livelihoods for around 6 million farmers and 40–50 million workers across associated sectors. The Government of India maintains MSP (Minimum Support Prices) for medium- and long-staple cotton, with the CCI (Cotton Corporation of India Ltd.) responsible for procurement when market prices fall below MSP.

d. CCI MSP Interventions (Recent Years):

2019–20: Procured 124.6 lakh bales worth ₹33,500 crore — serving 25 lakh farmers.

2020–21: Procured 99.33 lakh bales worth ₹28,800 crore — benefiting 20.5 lakh farmers.

2021–22 & 2022–23: No procurement; market prices were above MSP.

2023–24: CCI procured 32.84 lakh bales worth ₹11,712 crore — assisting 7.25 lakh farmers.

2024–25: CCI stepped in once more—100 lakh bales procured, costing around ₹37,450 crore, supporting approximately 21 lakh farmers. apps.fas.usda.gov

e. Trade & Trade Balance:

Domestic mill consumption is projected at 25.7 million 480-lb bales (~31.4 million 170-kg bales) for 2025/26, reflecting stable textile demand.

Imports are expected at 2.5 million 480-lb bales (~3.2 million 170-kg bales), easing slightly from the previous year. apps.fas.usda.gov+1paradigmfutures.net+1

Exports forecast for 2025/26 stand at 1.5 million 480-lb bales (~1.9 million 170-kg bales), a modest rise supported by carryover stock and favorable global prices. apps.fas.usda.gov+1paradigmfutures.net+1

2. WOOL

For the holistic growth of the Wool Sector, Ministry of Textiles, had approved rationalization and continuance of 'Integrated Wool Development Programme', (IWDP) which has been approved by Standing Finance Committee (SFC) in its meeting held on 15-06-2021 under Central Sector Scheme. The objectives of the IWDP scheme to position India as a competitive and as a quality manufacturer/ supplier of woollen product through technological interventions and optimizing the different segments of wool sector through :- (i) Harmonizing wool supply chain and to enhance backward and forward linkages by increasing raw wool procurement capacity of State Govt., (ii) Create facilities for linking wool industry with wool producers, (iii) Provide marketing platform to small woollen product manufacturing through Expos, (iv) Coverage of more sheep through machine shearing to improve wool quality, (v) Improvement in finished woollen products quality through establishing modern wool processing machines, (vi) Increase wool testing, bale forming facilities and providing tools for manufacturing woollen products, (vii) Utilization of coarse wool, and use of wool in technical textiles through Research & Development, (viii) Skill development and capacity building for manufacturing handmade traditional design quality woollen products, (ix) Branding of Pashmina and carpet grade wool and (x) Develop pashmina wool sector in Himalayan region.

3. JUTE

As of **31 March 2024**, India had a total of **111 composite jute mills**, with **82** in West Bengal, **14** in Andhra Pradesh, **3** in Uttar Pradesh, **4** in Bihar, **3** in Odisha, **2** in Assam, **2** in Chhattisgarh, and **1** in Tripura jutecomm.gov.in+14ministryoftextiles.gov.in+14data.gov.in+14. Of the 111 mills, **6** are owned by the Government of India, **1** each by the Governments of Tripura and Odisha, **1** cooperative mill in Assam, and the remaining **102** are under private ownership. The jute sector continues to be a key employer, providing direct jobs to around **400,000** workers and supporting the livelihoods of approximately **4 million** farm families, along with many others engaged in jute trade and allied services.

To support jute growers, the Government of India maintains procurement operations via the **Jute Corporation of India (JCI)** at MSP. Under the **Jute Packaging Material (Compulsory Use in Packing Commodities) Act, 1987**, the government purchases roughly **₹12,000 crore** worth of jute sacking annually for foodgrain packaging—providing critical support both to farmers and mill workers. Since 1 November 2016, the **JUTE-SMART** e-platform has streamlined these procurements; by 31 March 2024, indents for approximately **22.532 million bales** worth **₹67,800 crore** had been placed via the platform.

The **JUTE-ICARE** programme—implemented by the National Jute Board since 2015—continues targeting yield and quality improvements. Latest data shows coverage of around **125,000 hectares**, registration of **300,000 farmers**, and activity across **141 jute-growing blocks**, with provisioning of **certified seeds, seed drills, weeders**, and microbial retting agents like **CRIJAF-SONA** and **NINFET-SATHI** pib.gov.in+3jute.com+3jute.com+3. JUTE-ICARE promotes scientific agronomy—line sowing, mechanised weeding, microbe-enhanced retting—which studies indicate can boost yield by 5-15%, improve fibre grade by one level, reduce cultivation costs by ₹8,000–10,000/ha, and increase farmer income by around ₹7,000/ha jutecorp.in.

The **National Jute Board (NJB)**, established under the National Jute Board Act 2008, is the nodal agency for implementing promotional schemes in the sector ministryoftextiles.gov.in. This includes modernisation incentives (up to 30% machinery cost subsidy), crop diversification support, market linkage improvement, technical training, and revival/expansion of jute cultivation area. Despite these efforts, PRS reports that only 50% of target land and 45% of target farmers have been covered under ICARE between 2021–22 and 2023–24, with similar shortfalls in setting up training centres (41 vs. target of ~150) and PLI beneficiary engagement (19% achieved) pib.gov.in+2prsindia.org+2jute.com+2.

In summary, while the eastern region—and West Bengal in particular—remains the hub of India's jute industry, recent government data highlights continued progress in capacity, technological adoption, and farmer outreach through schemes like MSP procurement, smart e-platforms, JUTE-ICARE, and modernisation incentives, even as further expansion and deeper penetration remain key priorities.

4) Natural Fibres

Natural fibers used in technical textile industry are cotton, jute, silk, and coir. Cotton is the most important natural fiber being used in India. India is the largest producer of cotton in the world accounting for about 22% of the world cotton production. Gujarat, Andhra Pradesh and Maharashtra are the leading producers of Cotton.

5) Man-Made Fibres

India is second largest producers of man-made fibers globally. The key man-made fibers/filaments used as raw material in technical textile industry are Viscose, Polyester, Nylon, Acrylic/Mod-acrylic, and Polypropylene. Key Polymers used as raw materials are HDPE (High Density Polyethylene), LDPE (Low Density Polyethylene), LLDPE (Linear Low-Density Polyethylene), and PVC (Polyvinyl Chloride). A major chunk of man-made fibers and filament production is clustered in Gujarat.

6) Viscose

Viscose is an important raw material for Clothtech. Viscose also finds application in manufacturing of wipes (Homotech) because of high absorbent properties. A special variety of viscose i.e. Viscose High

Tenacity Filament yarn called tyre yarn finds application in Mobiltech. Polyester is the one of the most widely used synthetic fiber, both, in textile and in technical textiles. Some of the unique features of polyester, making it more desirable in the technical textile industry, are shrinkage resistance, wrinkle resistance, mildew and abrasion resistance, etc. Polyester is used as a raw material either in form of Polyester Staple fiber (PSF) or Polyester Filament yarn (PFY).

India holds a competitive advantage in the textile industry

Overview of polyester yarn industry in India

Economic revival in major exporting regions coupled with rise in consumption to lead long-term growth for PSF

From fiscal 2019 to 2023, India's **Polyester Staple Fiber (PSF)** production rose from approximately **1.3 million tonnes** to **around 1.4 million tonnes**, largely due to increased domestic polyester yarn demand. However, in fiscal 2023, total PSF production declined by **3.1%** compared to 2022, driven by a sharp **40.7% drop in exports**, even as domestic demand (excluding imports) grew **10.5% year-on-year**, reflecting strong internal consumption textileexchange.org+8chemicals.gov.in+8apps.fas.usda.gov+8techsciresearch.com+1fibre2fashion.com+1. The export slump is attributed to global demand weakening, especially from China, and international trade disruptions.

Moving into fiscal 2024, domestic demand is forecast to increase by **9.2%** thanks to a low base, while exports are expected to contract further amid weak demand from key markets such as the EU and US. Thus, over the 2019–2024 period, India's PSF production is expected to record a **CAGR of ~2.4%**, primarily propelled by robust domestic demand.

Looking ahead to 2024–2028, as global economies stabilize and consumption in blended and non-cotton textiles grows, PSF production is expected to maintain a steady expansion at a **CAGR of 1.5–2.5%**. Additionally, global PSF supply expanded from **63 million tonnes to 71 million tonnes** in 2023 (57% share of global fiber output), signaling capacity build-up and potentially more competitive dynamics fibre2fashion.com+7textileexchange.org+7techsciresearch.com+7.

In summary:

- **FY19–23:** Growth from ~1.3 mt to ~1.4 mt; FY23 dip due to exports falling sharply.
- **FY24 forecast:** Domestic demand up ~9%; exports expected to continue declining.
- **2019–24 CAGR ≈2.4%**, driven by internal demand.

- **2024–28 outlook:** Steady production growth at ~1.5–2.5% CAGR amid economic recovery and textile diversification.

➤ Growth drivers of Indian polyester yarn industry

Affordability compared to cotton yarn

Polyester yarn offers a cost-effective alternative to cotton, driving its adoption across various segments of the textile industry. Further, inherent properties of polyester, such as resistance to wrinkles, shrinkage, and fading, further enhance its appeal as a practical and economical option for both mass-market and premium textile products in turn aids the industry growth.

Rise in demand from end-use industries

The increasing demand for polyester yarn is driven by its versatile applications across a wide range of end-use industries. Polyester yarn's attributes such as strength, durability, and resistance, make it well-suited for technical applications such as geotextiles, automotive textiles, medical textiles, and protective clothing. In addition to this, polyester yarn usage in performance wear segments such as athleisure and sportswear is also supporting the growth.

Emergence of sustainable fashion as a trend

Sustainable fashion is emerging as one of key trends in textile and apparel industry, with consumers prioritising environmentally friendly clothing. This shift in consumer behavior will drive the growth of the polyester yarn industry in India. With the aid of technology, the production of polyester yarns can be made from recycled PET bottles. Additionally, polyester yarn can be blended with natural fibers like cotton or

produced using sustainable manufacturing practices to reduce its environmental impact. This shift towards sustainability not only protects the environment but also presents a significant growth opportunity for the industry. As sustainable fashion gains momentum, driven by consumer demand, polyester yarn industry in India is poised to grow.

➤ **Key entry barriers in Indian polyester yarn industry**

Economies of Scale: Established players in the polyester yarn industry often enjoy economies of scale due to their large production capacities which allows them to produce yarn at lower average costs compared to new entrants.

Backward integration: Backward integration in India's polyester yarn industry, where key players produce raw materials like PTA and MEG, acts as a formidable entry barrier. Established firms benefit from economies of scale, control over supply chains, and lower production costs. The capital-intensive nature of setting up PTA and MEG facilities further deters new entrants.

Long lead time for vendor approval: India is one of the leading exporters of polyester yarn globally. Exporting to international brands necessitates a lengthy vendor lead time for approval, hindering entry for new players in India's polyester yarn manufacturing. New entrants may face challenges in meeting quality requirements set by global brands. Hence, companies with proven track record and large economies of scale hold an advantage over new entrants.

Access to Capital: Polyester manufacturing is capital intensive in nature. Adequate capital is necessary for setting up manufacturing facilities, purchasing equipment, hiring skilled labor, and covering operational expenses

COMPANY'S PRODUCT OVERVIEW

▪ **FABRIC**

Fabrics are defined as the clothing material, which is made by weaving or knitting threads and is obtained from the yarn. They are made from tiny thread-like fibres. These fibres are twisted to make a yarn. The characteristics of a fabric depend upon the type of fibre used and the treatment applied to them. Cotton voile, rayon, linen, satin, and denim are different types of fabrics.

▪ **YARN**

The yarn is a raw material produced from the fibres, which is used for making fabrics or textiles and later used to make different clothes out of these fabrics. from a group of filament or staple fibres twisted together. Spinning is the crucial and significant stage of processing textile products. In the method of spinning the extracted fibres are made into yarn and are used in the production of textiles. The thread is a type of yarn intended for sewing, knitting, weaving, embroidery, etc. Before spinning cotton yarn, the obtained plant fibre has to go through several procedures to remove impurities such as blending, opening, cleaning, and drawing to obtain a final yarn of desired thickness. Yarns are composed of the interlocked fibers, such as the staple and filament fibers. By performing different textile technologies, yarns serve to produce knitwear, embroidery, woven and nonwoven fabrics, etc. Generally, yarns are usually made into spun yarns, filament yarns, and their composite before using. According to the twisting degrees, yarns are also divided into single-ply yarn and multi-ply yarn.

▪ GARMENTS

A garment is a piece of cloth made of textile material(s) and it is stitched by means of a sewing machine. 'Garment' is the most common term used to name our clothes. The clothing item we wear to cover our body is known as a garment. Other terms used interchangeably for 'garment' are apparel, attire, dress, uniform, and clothes. Clothing items like t-shirts, shirts, pants, jackets, boxer pants, and ladies' blouses are garments. Garments can be classified in many ways, including by fabric type (woven, knit, or non-woven), intended body position (top or bottom), season, purpose, manufacturing method, material source, gender/age, style, and length.

GOVERNMENT REGULATIONS REGARDING TEXTILE INDUSTRY AND ITS IMPACT ON TEXTILE INDUSTRY

❖ PM -MEGA INTEGRATED TEXTILES AND APPAREL PARK

The Government of India is setting up 7 PM-MITRA Parks at Greenfield/Brownfield sites in partnership with willing State Governments. The scheme aims to create modern, integrated, large-scale, world-class industrial infrastructure including plug-and-play facilities, with a budgetary outlay of ₹4,445 crore for the period 2021-22 to 2027-28. The parks are being developed in Tamil Nadu, Telangana, Gujarat, Karnataka, Madhya Pradesh, Uttar Pradesh, and Maharashtra. The scheme focuses on developing end-to-end textile value chains—spinning, weaving, processing, garmenting, and textile machinery—in one location. These parks are being set up at sites with inherent strengths for textile growth and connectivity. The implementation follows a Public-Private Partnership model with financial support from the Centre through Development Capital Support and Competitive Incentive Support, ensuring timely execution.

❖ PRODUCTION- LINKED INCENTIVE SCHEME

The Government of India has approved the **PLI Scheme for Textiles** with an outlay of **₹10,683 crore** for a **five-year period**, aimed at boosting production of **MMF apparel, MMF fabrics, and technical textile products** to enhance the sector's scale and competitiveness. The scheme is structured in two parts: **Part-1** mandates a minimum investment of **₹300 crore** by a company with a minimum turnover of **₹600 crore**; **Part-2** requires a minimum investment of **₹100 crore** and a turnover of **₹200 crore** matexil.org+15pib.gov.in+15m.economictimes.com+15. FY 2022–23 and FY 2023–24 served as gestation years under the scheme pib.gov.in.

So far, **64 applicants** have been selected—comprising **14 under Part-1** and **50 under Part-2**, with total proposed investments amounting to approximately **₹19,798 crore** and projected turnover of around **₹1.94 lakh crore**, expected to generate about **245,000 jobs** flexiloans.com+3india-briefing.com+3pib.gov.in+3. By 30 September 2023, **30 companies** had made eligible investments totaling **₹2,119 crore**, with **12** commencing commercial production, achieving a turnover of **₹520 crore** (including exports of ₹81 crore), and generating employment for **8,214** individuals pli.texmin.gov.in+14pib.gov.in+14india-briefing.com+14.

During FY 2024–25, the Ministry of Textiles allocated **₹1,143 crore** for PLI disbursements to eligible companies indiafilings.com+15m.economictimes.com+15indianexpress.com+15. The first tranche of incentive payments is expected to begin in FY 2024–25 itself for companies meeting early investment and production targets, with broader disbursement planned from FY 2025–26 india-briefing.com.

❖ SAMARTH INITIATIVE (SUPPORT FOR SKILLING)

The Samarth initiative, led by the Ministry of Textiles, Government of India, is a key skill development program for the textile sector. It serves as a flagship initiative aimed at enhancing industry skills. This scheme, both demand-driven and placement-oriented, covers the entire textile value chain, excluding spinning and weaving. Its primary goal was to train 10 lakh individuals skillfully from 2017 to 2020. a significant impact on the textiles and garments industry, employing 45 million people, Samarth plays an important role in supporting this labor-intensive sector in India. Samarth adopts an all-around approach, targeting both the organized and traditional sectors. It includes special requirements for upskilling and re-skilling programs and handling diverse skill development needs. The scheme is especially dedicated to uplifting women, with over 85% of its beneficiaries being women. This focus on gender inclusivity aligns with broader societal goals. A remarkable achievement lies in the scheme's organized-sector courses, which boast a placement rate of over 70%. Underscoring its effectiveness in translating training into meaningful employment opportunities. Implemented through Implementing Partners (IPs), the scheme works with a strategic vision, aiming to create a skilled workforce, improve job creation, and promote the overall growth and competitiveness of the Indian textile industry. Samarth is operational until March 2024, marking a notable stride towards capacity building and skill development in the textile sector. Its enduring impact extends beyond mere training, contributing to the industry's sustainable growth.

❖ NATIONAL TECHNICAL TEXTILE MISSION (NTTM)

Created in 2020, the National Technical Textile Mission unfolds over four years, focusing on improving technical education,, promoting research and innovation, promoting market growth, and simplifying objectives. Prioritizing technical education at engineering and technology levels, the mission aims to build expertise in technical textiles and their applications. Dedicated to groundbreaking research on fibers and applications, including geo, agro, medical, sports, and mobile textiles. Additionally, it highlights the development of biodegradable technical textiles and indigenous machinery. Focused on expanding the global market for Indian technical textiles and handling the **domestic market's low penetration rate (5–10%)**. A key aspect is the promotion of exports to improve India's global market share. Simplifying mission goals into four components provides a clear and focused approach, aiming for effective implementation and impact.

THE SPINNING OF COTTON YARN PROCESS

Cotton is a naturally extracted plant fibre from the cotton plant. Cotton is a soft and fluffy Fibre widely used to produce shirts, sarees, trousers, socks, towels, earbuds, blankets, medical purposes, and other medical or cosmetic products. Spinning is the process of winding together drawn-out strands of fibres to form a yarn. It is a major part of the textile industry. Spinning is used in manufacturing various textile fibres. The different types of spinners used in the textile industry are Ring, Rotor and Air-jet spinners.

The polymer is first converted into a fluid state. A thermoplastic polymer is melted, and other polymers are treated chemically or dissolved in a solvent to form thermoplastic derivatives. The fluid polymer is then passed through the spinneret. The polymer upon cooling and solidifying forms a rubber-like material.

Types of Spinning

The Processing of cotton involves the following steps:

Preparatory Processes → Spinning → Weaving → Finishing.

Cotton Yarn Spinning- The spinning of cotton yarn is the initial stage of textile product processing. The process of producing yarns from the extracted fibres is called spinning. In this process:

- The strands of cotton fibres are twisted together to form yarn.
- The yarn is placed on the rings of the spinning frame and is allowed to pass through several sets of rollers, which are rotating at a successively higher speed.
- The yarn is rolled by the rollers and wound up on the desired bobbins.
- This is the final stage of spinning the cotton yarn, in which drafting, twisting and winding of the yarn are all completed in one operation.
- The bobbins filled with yarn are then removed from ring frames and used for processing for bleaching, weaving, etc.

Weaving of Cotton

Two sets of yarn are interlaced so that they cross each other at right angles. This process is accomplished either manually or by machines. The woven cloth is converted into useful material, this is known as finishing. The textile material is treated with bleach and dyes to enhance its quality.

OVERVIEW

Our company was incorporated as a Private Limited Company namely “Cedar Textile Private Limited” under the Companies Act, 2013 vide Certificate of Incorporation dated 28-09-2020 issued by Registrar of Companies, ROC Bangalore bearing Registration no. 139070. Thereafter, our Company was converted into a Public Limited Company in pursuance of a special resolution passed by the members of our Company at the Extra Ordinary General Meeting held on April 30, 2024. A fresh Certificate of Incorporation consequent to conversion was issued on August 23, 2024 by the Registrar of Companies, ROC CPC Manesar Haryana and consequently the name of our Company was changed from “Cedar Textile Private Limited” to “Cedar Textile Limited”. The Company’s Corporate Identification Number is U17299KA2020PLC139070.

ABOUT US

Our Promoters Mr. Rajesh Mittal and Mr. Virender Goyal has the experience of 28 and 33 years respectively in the industry of textile. Our Company offers the widest range of Raw white Yarns, Melange Yarns, Solid Top dyed Yarns, and Grey Fancy Yarns in Cotton, Polyester, Acrylic, Viscose, Tencel, Modal, and other Fibers. All Yarns are being

offered with sustainability as the prime focus, in 100% Organic, Recycle Fibers (Polyester & Cotton) for a Green Environment and Conservation of natural resources.

The company's focus is on Innovation, Customer Orientation, R & D, Technology Up Gradation, Digitalization, ERP, Continuous Improvement, and Moving towards Green Energy. Our Company manufacture and sells its products like **Yarn, Technical Textile IFR, Fabrics, and Dyed Yarn.**

We are engaged in the manufacturing of Quality Melange Yarn for use in the household textile, woven goods, and hosiery.

The Company Objective is to cater the Top Line Customers Overseas and in India, who produce Garments for renowned Fashion Brands. Our production process begins with procurement of Raw material from the suppliers and processed the same in machine by mixing the different fabrics like cotton, polyester, viscos, acrylic and other fibers.

The Company Objective is to cater the Top Line Customers Overseas and in India, who produce Garments for renowned Fashion Brands.

OUR VISION AND MISSION

The Company carefully assess the reliability of all materials purchased to ensure that the regulatory and legal requirements are complied with, and they comply with the all quality and safety standards required for our products. We work closely with our suppliers to help ensure availability and continuity of supply while maintaining quality and reliability and identifying any potential for improvement.

Generally, there are multiple sources that can supply the raw materials that we require. Our raw material sourcing is not dependent on a single source of supply and we have access to alternate sources for our procurement of raw materials. All raw materials and packing materials are easily available in India.

Procurement process

Key steps

- **Requirement Analysis** - Determine the type of fiber needed based on the desired yarn characteristics (strength, softness, drape). Consider factors like yarn count, intended end-use, and market demands
- **Supplier Sourcing** – Most of the cases Company have 2-3 suppliers of each type of Raw material which is mostly use for production and in case if there is any new Raw material requirement we repeat the process to find out new supplier and ask for quotation. Evaluation of supplier on their production capacity, quality, market reputation and past performance.
- **Sample Request and Evaluation** - Request fiber samples from shortlisted suppliers to assess quality attributes like micron, staple length, cleanliness, and color. Conduct laboratory testing to ensure fiber quality meets specifications.
- **Price Negotiation** – Discuss pricing with suppliers based on the fiber type, quality, quantity and delivery terms and payment terms.
- **Contract and Purchase order** - Finalize the purchase agreement with the chosen supplier, outlining key details like fiber type, quality standards, delivery schedule, and payment terms. After place a purchase order to the suppliers.
- **Quality Inspection on Delivery** – Conduct thorough quality checks on the delivered fiber batch to ensure compliance with agreed specifications. Reject or pass the material to accept in the store.

the Reason of Decrease in the cost of raw material in Last 3 Financial Years as comparatively: -

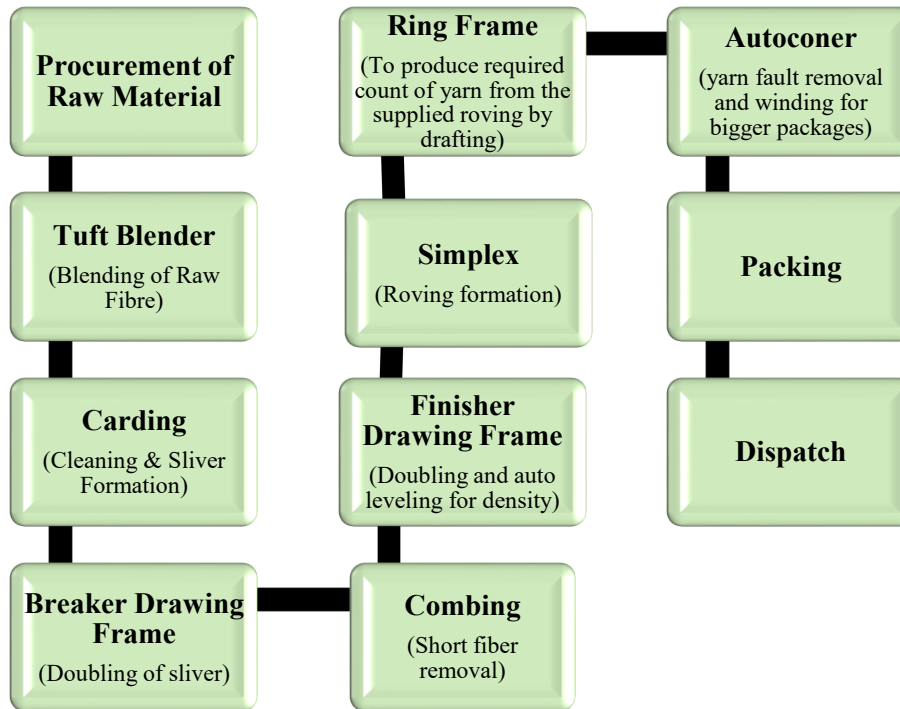

- In the financial year 2022-23, there was a notable decrease in both raw material consumption and revenue compared to 2021-22.
 - a) Revenue declined from 21,740 Lacs to 16,025 Lacs, representing a reduction of nearly 24%. Similarly, raw material consumption also experienced a decrease of 24%. The reduction in revenue for the financial year 2022-23 can largely be attributed to the rising cotton prices in India. This surge in cotton prices has resulted in increased production costs, leading to diminished profit margins that do not meet expected standards.
 - b) Additionally, there has been a notable shift in domestic market demand towards polyester-based products, prompting us to adjust our production focus accordingly. As a result, the domestic market has experienced a transition from cotton-based yarns to polyester-based or blended alternatives. The prices of cotton-based products are nearly double those of polyester-based products. While the volume of supply remains relatively constant, the lower prices of polyester products have resulted in reduced revenue. This transition has also significantly impacted exports, which plummeted from 59% to 36% during the 2022-23 period.
- In the financial year 2023-24, raw material consumption saw a modest reduction of only 4.15% compared to the previous year, while revenue increased by 15%.
 - a) This rise can be attributed to the contribution from other value-added products, such as dyed yarns and technical textiles.
 - b) Additionally, it is important to consider the sales derived from job work, where raw material consumption is negligible in contrast to other spinning sales. For instance, producing 100 tons of yarn requires 125 tons of raw material, whereas job work incurs no raw material costs. In the stub period the company has generated the revenue through job worker approx. 40% of total dyed yarn.

In Stub period, our focus has shifted towards technical yarn, which offers higher value and comparatively lower raw material consumption than regular yarn.

PROCESS FLOW CHART

I. Process of Production from Raw Material to Final Product. (YARN):

Tuft Blender - it is used to blend different types of fibers to create a homogeneous material with a uniform appearance. Tuft blending is particularly useful for ring yarns because it improves the homogeneity of the yarn, which is less blended on a ring spinning machine

Blow Room - Blow room is the first and foremost stage in the spinning process. As all the processes in this stage are carried out with air flow this stage is called Blow room. Blow room consist of series of machines which is to open and clean the cotton tufts

Carding - A carding machine separates and aligns cotton fibers into a web, called a carded sliver, for spinning. It works like a giant comb, with rollers covered in fine wire teeth that straighten and separate the fibers.

Breaker Drawing Frame - Draw frame is a very critical machine in the spinning process. It's influence on quality, especially on evenness is very big. If Draw frame is not set properly, it will also result in drop in yarn strength and yarn elongation at break. The faults in the sliver that come out of Draw frame cannot be corrected. It will pass into the yarn.

Finisher Drawing Frame – it is basically the part of the Drawing frame process but during this process 6-8 breaker slivers are fed to this machine to produce more parallelized & uniformed finisher sliver.

Simplex - The simplex machine prepares fiber for ring spinning by drafting and twisting it onto packages. The simplex machine takes drawn sliver as input and produces roving as output. It attenuates the sliver through drafting to make it thinner, imparts a small amount of twist, and winds the roving onto bobbins

Ring Frame - that drafts roving (fibres prepared into loose strands ready for spinning where the fibres have been laid parallel to some extent), twists the yarn, and winds it on the bobbin continuously and simultaneously in one operation.

Autoconer – is the final stage of winder the yarn on cones, before winding it will also check and detect all the defects in the yarn and remove them. The process of Yarn Clearing, Monitoring and yarn fault removal is done before winding onto final package.

Packing – after winding is done, they yarn separate as per the count and send to the packing department. Packing done in Bags and Boxes.

Dispatch - Now material is ready for dispatch by our logistics and dispatch department.

II. Yarn Dyeing Process:

Step 1: Yarn Soft Winding - The main object of soft winding is preparing the yarn package for the subsequent yarn dyeing process by controlling the density of the package. A traversing motion is giving to the yarn while winding which impart lower density of package.

Step 2: Yarn Loading - The yarns are meticulously wound onto specially designed cones that are perforated. These perforations are critical as they allow the dye to pass through and ensure an even distribution of color. Once wound, these cones are placed onto the dyeing machine's carrier.

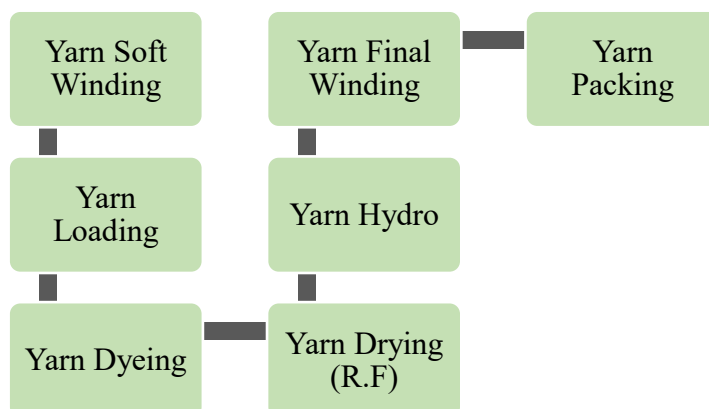

Step 3: Yarn Dyeing - The yarn dyeing happens in hanks or in package dyeing. Package dyeing is a method where yarns are wound on perforated cones placed in a dye vessel. The dye solution is then alternatively pushed inside out and vice versa.

Step 4: Yarn Drying (R.F) - Yarn package pass through the drying chamber, the radio waves vibrate the contained water molecules million times per second, vaporizing them.

Step 5: Yarn Hydro – The wet material is placed in the extractor, which has a wall of perforated metal, generally stainless steel. The internal drum rotates at high speed, thus throwing out the water contained in it.

Step 6: Yarn Final Winding – yarn final winding on the cones after dyeing.

Step 7: Yarn Packing – yarn packing after winding on cones.

III. Fibre Dyeing Process (more similar to the yarn dyeing process in the beginning)

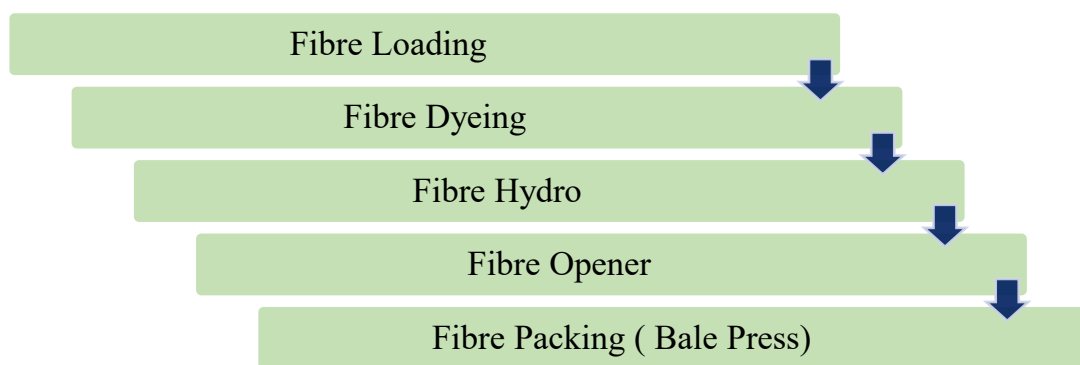

Step 1: Fibre Loading – Load the fibres in the dyeing machines.

Step 2: Fibre Dyeing - Dyeing process after loading.

Step 3: Fibre Hydro – Soaking the water with Hydro Extractors.

Step 4: Fibre Opener - Once the dyeing process is complete, the fibres are straightened.

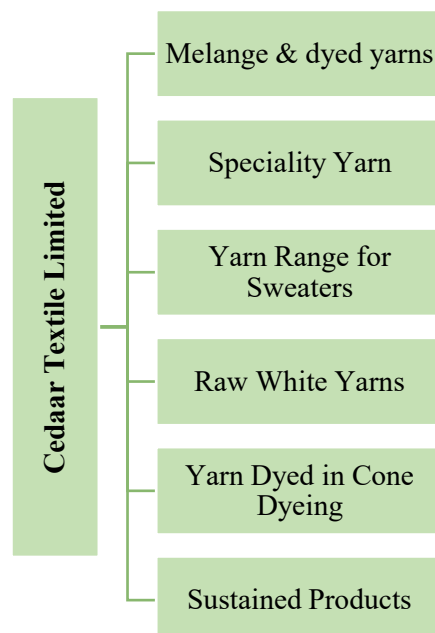

Step 5: Fibre Packing (Bale Press) - During the packing process the fibers will be protected. In a pre-press the fibers will be compacted to a pre-press bale which will be transferred to the main- press without a press box. The baling press guarantees well-shaped bales.

OUR PRODUCTS

Our business is divided into Six separate yarn business verticals, consisting of: 1) Melange yarn & Dyed Yarns; 2) Speciality Yarn; 3) Yarn Range for Sweaters Count Range 2/20 Ne to 2/40 Ne; 4) Raw White Yarns Counts: NE 16s to NE 40s for Knitting and Weaving; 5) Yarn Dyed in Cone Dyeing (Capacity 4 MT Per Day); 6) Sustainable Products

PRODUCT VERTICLES

Following are the details of our products along with their varieties:

1. **Melange yarn & Dyed Yarns:**

100% Cotton	Multi Fiber Blends	Tencel Blends
Polyester / Viscose	Polyester / Cotton	Cotton / Nylon
Cotton / Viscose	100% Viscose	100% Polyester
Acrylic / Cotton	Acrylic / Viscose	Modal / Cotton

Dyed yarn

Melange shades

Melange Yarn

Slub Yarn

2. **Speciality Yarn**

Coloured Neppy Melange	Jaspe / Siro Yarn (Two/Multi Toned Grindle)	Raw White Jaspe / Siro Yarn
Neon Neppy Melange	Snow Heather (Inj Snow / Inj Spect)	Jaspe / Siro with Neppy Melange
Jaspe / Siro Slub	Flax Feel Melange	Triblends Melange
Jaspe / Siro with Snow Melange	Slub Melange	Injection Yarn

3. **Yarn Range for Sweaters Count Range 2/20 Ne to 2/40 Ne**

Cotton / Acrylic	100% Cotton	Acrylic Viscose
Cotton / Viscose	100% Viscose	Cotton / Polyester

4. <u>Raw White Yarns Counts: NE 16s to NE 40s for Knitting and Weaving</u> <ul style="list-style-type: none"> • 100% Cotton Yarns • Cotton / Polyester Blended Yarns in Ring • Cotton / Viscose Blended Yarns • Cotton / Modal yarns, Cotton/Tencel Yarns • Cotton / Acrylic Blended Yarns • Cotton / Nylon Yarns, Tri Blend Yarns • Recycled Cotton and Recycled Polyester GRS Certified yarns • Organic and BCI Cotton in Blended Yarns 	5. <u>Yarn Dyed in Cone Dyeing</u> <ul style="list-style-type: none"> • 100% Polyester • 100% Cotton • Polyester Filament • Poly / Cotton • 100% Viscose
	6. <u>Sustainable Products</u> <ul style="list-style-type: none"> • 100% Organic Cotton & Organic Blends • BCI Cotton & Cotton Blends • GRS Certified Recycled Polyester Blends • Eco Friendly Viscose Blends • Recycled Cotton Blends

FABRICS:

In fabrics company are trading in Single Jersey, Inter Lock and Rib fabrics and various customized fabrics as per the customer Demand.

- **Single jersey fabric** is a lightweight, stretchy, weft-knitted fabric that's often used for t-shirts
- **Interlock fabric** is a thick, double-knit fabric that's identical on both sides.
- **Rib fabrics** are characterized by their raised vertical lines, which create a unique ribbed texture. These fabrics are known for their exceptional elasticity

*Further, the company has given the yarn to job workers for manufacturing the fabric and traded the same on the trial basis to develop and for better understanding the fabric market.

Yarns for technical textiles and industrial uses:

Cedar Textile has diversified into the production of technical textile yarns utilizing multi-blend fibers, focusing on sustainable textiles and protective wear. We are now expanding our offerings to include home furnishings and apparel, particularly in women's and children's wear, with a specialization in Inherent Fire-Retardant (IFR) yarns and fabrics for both domestic and export markets.

Currently, we are successfully delivering fiber-dyed yarns, fabrics, and garments to our existing customers in the sectors of technical textiles, sustainability, and fiber production.

Technical Textile Yarn

In the context of Yarns "IFR" stands for "Inherently Flame Retardant". The meaning of the yarn itself is naturally resistant to fire without the need for additional chemical treatment to achieve flame retardancy.

Key Points about Technical Textile IFR:

No Extra Treatment Needed: Unlike regular flame retardant (FR) Yarns, IFR Yarns do not required any additional chemical application to be fire resistant.

Long-Lasting Flame Resistance: The Fire-Retardant properties of IFR yarns are permanent and will not wash out over time.

Common Materials: Polyester is often used to create IFR Yarns due to its inherent flame-retardant properties.

*The company do not give any exclusive dealership for their product to anybody. they are working with dealers/traders who are regularly buying yarn from them and selling to their customers but there is no exclusive agreement between them regarding product or market.

** The term "Other than Dealers" refers to customers who process yarn, adding value to the product by converting it into fabrics and other items. In contrast, dealers are traders who purchase yarn from us and subsequently sell it to their own customers. Both groups are considered our customers, and direct billing is conducted for each.

Note: please note that top dealers for last 3 Financial year and for the stub period are same. Some of the names are also in our top ten customer list.

Rationale for decrease in the revenue earned from yarn in the past three years and stub period:

1. The reduction in yarn revenue for the financial year 2022-23 can largely be attributed to the rising cotton prices in India. This surge in cotton prices has resulted in increased production costs, leading to diminished profit margins that do not meet expected standards. Additionally, there has been a notable shift in domestic market demand towards polyester-based products, prompting us to adjust our production focus accordingly. As a result, the domestic market has experienced a transition from cotton-based yarns to polyester-based or blended alternatives. The prices of cotton-based products are nearly double those of polyester-based products. While the volume of supply remains relatively constant, the lower prices of polyester products have resulted in reduced revenue. This transition has also significantly impacted exports, which dropped from 59% to 36% during the 2022-23 period.
2. In contrast, the revenue from yarn in 2023-24 has shown an increase compared to the previous year, with exports rising by 10%. Moreover, during the stub period, the yarn business has not experienced a substantial decline, as both dyed yarn and other yarn types remain within the yarn category. Overall, the total business of the company has not been adversely affected, as we have introduced more value-added products, such as technical textiles and fabrics, which are expected to enhance revenue streams.
3. The decrease in Yarn in last 3 financial years does not have any negative impact on the sales and Profits as we have added some other value-added products like Fabrics, Technical Textile and other category as explained as other products which give more boost to company sales.

BUSINESS STRATEGIES

- *Maintain the upward trend in financial performance by concentrating on functional and operational efficiencies.*

Our core priorities include cost optimization and reduction in production and supply chain management. We use Time and Motion studies to optimize parameters and suggest environmentally friendly production methods like solar energy. We focus on efficient raw material sourcing to increase cost efficiency and competitiveness in both domestic and overseas markets.

- *Increase the Production Capacity and Optimum Use of Resources*

Our strategy involves calculating production capacity to maximize resource output and make financial plans. We aim to increase immediate capacity and plan for future product capacity through investments in new machinery, specifically for our spinning Dye House.

➤ *Energy Cost Saving and Switch to Solar Energy*

The spinning sector faces increasing energy costs due to rising prices. To reduce production cost without affecting product quality, measurable steps are needed. We prioritize power saving, as every penny is crucial for survival. Solar energy plant is under commissioning, and it will run very soon, it will only be contributing to energy conservation but also is environment friendly.

➤ *Sustainability and Environment*

As people become more environmentally conscious, the demand of sustainable products has increased drastically as well. We will be also adopting the sustainable products and we are coming up with 100% Recycle yarn for Garments. Also, solar plant is coming at our plant which will help in environmentally sustainable cost-effective production. The company follows a policy of effective waste management and pollution control to protect Mother Earth. Some of these initiatives includes Effluent Treatment plant for wastewater irrigation and 100% commitment to environmental protection.

➤ *Entering to new Segment of Products*

Looking at increased demand of the recycle yarn we are also focusing on 100% recycle yarn for garments which not only boost to our sales and revenue. Apart from that production of yarn, company has expanded its business in fabric dyeing.

➤ *Dye House Expansion*

Dye House is an integral part of our unit which we are using for our products as well we are using it for job work and we are focusing on installing upgraded machines to increase the capacity and efficiency of the Dye House.

MARKETING

We have a dedicated sales team that manages the relationship with distributors and customers. The experience of the sales team helps in penetrating the market and in reaching out to more customers.

We also regularly participate in several trade fairs which help in networking, attracting potential customers, and updating our customers about the new products that we manufacture. The marketing team taps the various entities through the direct marketing approach. Our team through their vast experience owing to timely and quality delivery of services plays an instrumental role in creating and expanding a work platform for our Company.

2	Draw Frame and speed Frame LMW	30 tons per day
3	Ring Frames LMW	25 tons per day
4	Twister TFO	5 tons per day
5	Autoconer	25 tons per day
6	Fiber / Yarn Dyeing	5 tons per day

S. no.	Category	Sub-Category	No of Machines	Purpose	Pictures
1	Blow Room & Carding	Blow Room	40	It is used to blend different types of fibers to create a homogeneous material with a uniform appearance.	
		Carding	53	A carding machine separates and aligns cotton fibers into a web, called a carded sliver, for spinning. It works like a giant comb, with rollers covered in fine wire teeth that straighten and separate the fibers.	
2	Draw Frame and Speed Frame	Draw Frame	37	The draw frame plays a crucial role in the spinning process by improving the sliver's uniformity, reducing variations in fiber length and thickness, and aligning the fibers parallel to each other.	

		Speed Frame	17	Speed frame is a machine that attenuates sliver through drafting and applies a small amount of twist before winding it onto bobbins. It takes the coarse sliver from the draw frame and processes it through multiple drafting zones to reduce its weight and increase length, imparting some twist along the way.	
3	Ring Frames		58	In the ring spinning frame, the fibre bundle follows a path between the drafting system and yarn take-up on the cop. This path involves the drafting arrangement, thread guide, balloon control ring and traveller. These elements are arranged at various angles and distances relative to each other.	
4	Two-for-one (TFO) twistors		6	A Two-for-One (TFO) machine is a textile machine that twists two strands of yarn together to create a stronger, more even yarn.	
5	Autoconer		18	Is the final stage of winder the yarn on cones, before winding it will also check and detect all the defects in the yarn and remove them. The process of Yarn Clearing, Monitoring and yarn fault removal is done before winding onto final package	

6	Yarn Dyeing		29	Dyeing process

Other Plant and machineries:

1. Knitting machines

Please find below the capacity of the Knitting machines we have in-house for Single Jersey and RIB Fabrics for AVG. Count 24.

Name of machine	No of machines	Output capacity (Per day) in Kg	Purpose
Circular Knitting Machine	3	700.00	The company is using the knitting machines for manufacturing the sample fabrics which are used to be shown as sample to the customers of the company

2. Biomass Pellets production Plant

In the stub period Company has installed Biomass Pellets production plant in the stub period for the trial basis. Since this is the beginning and Trial project for Cedar Textile Limited therefore they have basic machinery as under:

Sr. No.	Name of machines	No. of machines
1.	Shredder Machine	1
2.	Dust Collector	1
3.	Biomass Pellet Machines	2
4.	Hammer Machine	1

The Combine capacity of all above machine is around 22 MT (Metric Tonne) approx. per day but due to Maintenance and servicing time the capacity is coming around 20 MT Approx per day.

Process of Production

Shredding → Hammer → Dust Collector → Pellet Making Machine

- **Shredder** – The purpose of a biomass shredder machine in the production of biomass pellets is to break down biomass materials into smaller pieces so that they can be further processed into biomass energy
- **Hammer** - A hammer mill is a machine that grinds biomass materials into small pieces so they can be used to make biomass pellets
- **Dust Collector** - A dust collector's purpose in biomass pellets is to capture and remove harmful particles and gas fumes, which can prevent accidents and improve worker safety
- **Pellet Machine** – all the material which cuts into small pieces put in the pellet machine to make the pellets.

I. Rationale for the installation of the Biomass Pallets production plant

The company has planned the installation of the Biomass Pellets production plant due to the following reasons:

1. **Sustainability and Environmental Benefits** – Biomass pellets provide a renewable and eco-friendly energy source, reducing carbon emissions compared to fossil fuels.
2. **Rising Demand for Renewable Energy** – The global and domestic push for clean energy has increased the demand for biomass pellets as an alternative fuel for industries and households.
3. **Utilization of Agricultural and Industrial Waste** – The plant will help convert agricultural residues, wood waste, and other biomass materials into valuable fuel, reducing waste disposal issues.
4. **Cost-Effective Energy Solution** – Biomass pellets offer a cost-efficient alternative to traditional fuels, helping industries and households save on energy costs.
5. **Government Incentives and Policies** – Many governments offer subsidies and tax benefits for renewable energy projects, making biomass production a profitable venture.

II. Below is the Cost and Profit Ratio of the Biomass Pellets project which is taken on the assumptions of 19.9 MT (19900 kg) per day.

Production and Cost Analysis:

Production Per Day (kg)	Production Per Month (kg)
19,900.00	5,97,000.00

1. Manufacturing cost per KG (INR Rupees):

Raw Material*	Power	Manpower	Spare Parts	Logistics and other	Total
2.00	0.70	1.00	0.50	1.20	5.40

*Raw Material is Mixture of Paddy Straw (Rice Residual, Sustainable material) / Turi (Wheat Residual)

2. Profit per KG

Selling Cost	Production Cost	Net Profit
7.00	5.40	1.60

3. Monthly Profit (taken on 19,900 kg per day)

Monthly Production (kg)	Selling Cost (INR)	Production Cost (INR)	Net Profit (INR)
5,97,000	41,79,000	32,23,800	9,56,100.00

4. Annual Cost and Benefit (taken on 19,900 kg per day)

Monthly Production (KG)	Selling Cost (INR)	Production Cost (INR)	Net Profit (INR)
71,64,000 kg	5,01,48,000.00	3,86,85,600.00	1,14,62,400

Annual Sale – Rs. 5,01,48,000.00

Annual Net Profit – Rs. 1,14,62,400.00

3. Effluent Treatment Plant

Our Company has a full - fledged Effluent Treatment Plant (“ETP”) at the existing Unit. The salient features of the existing ETP are as under:

Multi-Stage Treatment Process - ETPs utilizes several phases to remove pollutants from wastewaters, applying physical, chemical, and biological methods. The individual step has its own function for all the possible contaminants that may include, solid, chemical, and pathogenic bacteria.

Advanced Filtration Systems - Some of the features include the ability of ETPs to have effective filters that enable them to remove fine or even smaller impurities in the water. These systems may be classified as sand filter, activated carbon filter, membrane filter and are essential for the purification of the water.

Automated Controls - Most of the modern ETPs are equipped with a control system that assists in the operation of the treatment process. These controls are useful to observe the condition of water respectively and control the process of water treatment to gain the same outputs.

Sludge Management -In treatment process, there is a production of the solid waste that is referred to as a sludge. ETPs have provisions to handle this sludge and the processes by which it is dealt with are environmentally appropriate for its disposal or reuse.

Energy-Efficient Design - ETPs are expected to incorporate energy-saving features with the incorporation of latest technologies in the achievement of their tasks of efficient treatment of wastewater. This helps to bring down operating expenses, and thus make friendly impacts towards the tiny environment.

ETP (Effluent Treatment Plant) key benefits:

Effluent treatment plants offer several significant benefits for both industries and the environment:

Environmental Protection - ETPs remove pollutants from the wastewater through tertiary treatment thus conserving natural water sources from pollution. This is important in natural conservation especially to the lives of water beings as well as securing water for human consumption.

Compliance with Regulations - The law has set standards of water quality which industries must meet when discharging their wastewater. ETPs assist companies in meeting these requirements thus avoiding cases of fines and lawsuits.

Reduction of Water Pollution - ETPs have the added advantage of releasing fewer pollutants into the environment. It reduces water pollution and since water forms a large part of life, the effects that comes with it are enormous.

Resource Recovery - Some ETPs are used primarily for the purpose of recycling certain materials from effluents these may include metals or chemicals as well as energy. But it also helps industries find another way to earn money, apart from cutting down waste products.

Note: Capacity of the ETP Plant is 4 Lac Liters and consumption is 3.5 Lac Liters daily.

COMPETITION

Much of the market in which we operate is unorganized and fragmented with many small and medium-sized entities. We face substantial competition for our products from other brands in domestic market. Our competition varies for our products and regions. We compete with other brands on the basis of product range, product quality, and product price including factors, based on reputation, regional needs, and customer convenience. While these factors are key parameters in client's decisions matrix in purchasing goods; product range, product quality and product price is often the deciding factor in most deals.

LOGISTICS

Our suppliers directly deliver raw materials to our manufacturing facility. We outsource the delivery of our products to either third-party logistics companies or as mutually agreed shipment terms as decided between the customer and Company. We do not enter into any formal contracts rather we finalise delivery companies on the basis of pricing mechanism pursuant to which such companies undertake the delivery of products to our consumers. We instruct the delivery companies to collect products from our manufacturing facility and deliver to our consumers in accordance with their orders.

QUALITY CONTROL

Our Company has inhouse quality management systems which ensures good quality and at all steps from procurement till dispatch. We have established a quality control team which has the responsibility to ensure compliance with manufacturing practices. Before commencement of the manufacturing process, the materials purchased by our Company have to undergo a quality check, to ensure that they are of relevant quality and match the standards as specified. The finished products are tested done by our in-house team to ensure that the same is of relevant standards and design as specified by the customer to achieve the norms of self- certification; the products are then packed and dispatched.

ENVIRONMENT, HEALTH & SAFETY

Our activities are subject to various environmental laws and regulations which govern, among other matters, air emissions, waste water discharges, the handling, storage and disposal of hazardous substances and wastes and employee health and employee safety. For further information, see “*Key Industry Regulations and Policies*” beginning on page no. 202. We continue to ensure compliance with applicable health and safety regulations and other requirements in our operations. We have complied, and will continue to comply, with all applicable environmental and associated laws, rules and regulations. We have obtained, or are in the process of obtaining or renewing, all material environmental consents and licenses from the relevant governmental agencies that are necessary for us to carry on our business. For further information, see “*Government and Other Statutory Approvals*” beginning on page no. 330.

REPAIR AND MAINTAINANCE

We conduct weekly and quarterly repair and maintenance programs for our manufacturing facility. Our machinery and electrical repair teams carry out periodic maintenance and repair of the plant and machineries on as needed basis. In addition, our manufacturing facility is periodically inspected by our technicians.

It is planned and scheduled in such a way that it will not affect any production loss and does not have any Negative Impact and there are no such instances in the past as well.

EXPORT AND EXPORT OBLIGATION

More than 50 % of the total revenue of the company is come from the export, however we have don’t have formal agreement with our overseas customer. For more details, please see geographical wise revenue in the chapter titled Our business on page no. 164.

INSURANCE

Our Company has insurance coverage which we consider reasonably sufficient to cover all normal risks associated with our operations and which we believe is in accordance with the industry standards.

Our Company has taken following insurance policies against any damage or loss:

APPROVALS

For the purpose of the business undertaken by our Company, it is required to comply with various laws, statutes, rules, regulations, executive orders, etc. that may be applicable from time to time. The details of such approvals have more particularly been described for your reference in the chapter titled “Government and Other Statutory Approvals” beginning on page 330 of this Red Herring Prospectus.

RELATED TO OUR BUSINESS

a) The Textile Committee Act, 1963

The Textiles Committee Act, 1963 was enacted to provide for the establishment of a Textiles Committee, which is responsible for promoting and facilitating the development of the textile industry in India. The Act outlines the composition, powers, and functions of the Committee. The Committee is tasked with conducting research and providing recommendations on matters related to the textile industry, including quality control, standardization, and improvement of production methods. The Act also empowers the Committee to inspect textile mills and to issue certificates of quality for textile products. The Textiles Committee Act, 1963 plays a crucial role in the growth and development of the Indian textile industry. The Textiles Committee, as corollary to its main objective of ensuring the quality of textiles and textiles machinery has been entrusted with the following functions, under Section 4 of the Act -

1. To undertake, assist and encourage, scientific, technological and economic research.

b) The National Jute Board Act, 2008

The National Jute Board Act, 2008 was passed to establish a National Jute Board, which is responsible for the development of the jute industry in India. The Act outlines the constitution, powers, and functions of the National Jute Board, and provides for the appointment of its members and the terms of their service. The Board is also tasked with promoting the use of jute and jute products, conducting research and development activities, and ensuring the welfare of jute farmers and workers. Additionally, the Act provides for the establishment of a Jute Technology Mission and a Jute Manufactures Development Council to support the growth of the jute industry. The Act also lays out penalties for offenses committed under it.

c) The Textile Undertakings (Nationalization) Act, 1995

The Textile Undertakings (Nationalization) Act, 1995 was enacted to provide for the nationalization of textile undertakings. The Act provides for the acquisition of textile undertakings and the payment of compensation to the owners. The Act also lays down the procedure for the management and operation of the nationalized undertakings. The Act has the objective of developing the textile industry in India and ensuring that it contributes to the economic growth of the country.

d) The handlooms (Reservation of Articles for Production) Act, 1985

This Act provides for the reservation of certain articles for exclusive production by handlooms. It prohibits the production of articles exclusively reserved for handlooms, by other means. It gives the central government the power to summon information or samples of the textile articles as well as inspect and seize them. The Act includes a penalty for whoever produces articles or class of articles in contravention of an order. It mandates that entities/companies be punished when an offence under this Act has been committed. This Act included articles or class of articles reserved for exclusive production by handlooms based on a September 3, 2008 order of the Ministry of Textiles.

e) The Swadeshi Cotton Mills Company Limited (Acquisition and Transfer of Undertakings) Act, 1986

An Act to provide for the acquisition and transfer of certain textile undertakings of the Swadeshi Cotton Mills Company Limited, with a view to securing the proper management of such undertakings so as to subserve the interests of the general public by ensuring the continued manufacture, production and distribution of different varieties of cloth and yarn and thereby to give effect to the policy of the State towards securing the principles specified in clauses (b) and (c) of article 39 of the Constitution and for matters connected therewith or incidental thereto.

g) Legal Metrology Act, 2009

Legal Metrology” means that part of metrology which treats units of weighment and measurement, methods of weighment and measurement and weighing and measuring instruments, in relation to the mandatory technical and legal requirements which have the object of ensuring public guarantee from the point of view of security and accuracy of the weighments and measurements. (Section 2(g) of Legal Metrology Act, 2009) The Legal Metrology Act, 2009 (Act 1 of 2010) repeals and replaces the Standard of Weights and Measures Act, 1976 and the Standards

of weights and Measures (Enforcement) Act, 1985. The central government has appointed the date 01.04.2011 from which the provisions of the Act will come into force.

h) Essential Commodities Act, 1955

The Essential Commodities Act (ECA) is an act of the Parliament of India that was established to ensure the delivery of certain commodities or products, the supply of which, if obstructed due to hoarding or black marketing, would affect the normal life of the people. This includes foodstuff, drugs, fuel (petroleum products) etc. This act was modified by the Essential Commodities (Amendment) Act, 2020 as part of the 2020 Indian farm reforms.

The ECA was enacted in 1955 and has since been used by the Government to regulate the production, supply, and distribution of a host of commodities declared ‘essential’ to make them available to consumers at a fair price. Additionally, the government can also fix the minimum support price (MSP) of any packaged product that it declares an “essential commodity”.

TAXATION LAWS

a) Income-Tax Act, 1961

The government of India imposes an income tax on taxable income of all persons including individuals, Hindu Undivided Families (HUFs), companies, firms, association of persons, body of individuals, local authority and any other artificial judicial person. Levy of tax is separate on each of the persons. The levy is governed by the Indian Income Tax Act, 1961. The Indian Income Tax Department is governed by CBDT and is part of the Department of Revenue under the Ministry of Finance, Govt. of India. Income tax is a key source of funds that the government uses to fund its activities and serve the public. The quantum of tax determined as per the statutory provisions is payable as: a) Advance Tax; b) Self-Assessment Tax; c) Tax Deducted at Source (TDS); d) Tax Collected at Source (TCS); e) Tax on Regular Assessment.

b) The Central Goods and Service Tax Act, 2017

The Goods and Services Tax (“GST”) is levied on supply of goods or services or both jointly by the Central Government and State Governments. GST provides for imposition of tax on the supply of goods or services and will be levied by the Central Government and by the state government including union territories on intra-state supply of goods or services. Further, Central Government levies GST on the inter-state supply of goods or services. The GST is enforced through various acts viz. Central Goods and Services Act, 2017 (“CGST”), relevant state’s Goods and Services Act, 2017 (“SGST”), Union Territory Goods and Services Act, 2017 (“UTGST”), Integrated Goods and Services Act, 2017 (“IGST”), Goods and Services (Compensation to States) Act, 2017 and various rules made thereunder.

c) The Custom Act, 1962

The Customs Act 1962 is a law in India that deals with customs duties, imports, exports, and related issues. It was created to bring together and update the rules about customs. This act provides the legal basis for charging and collecting customs duties. It explains how goods should be cleared at customs ports and airports. It gives customs officials the power to manage the movement of goods across borders, stop smuggling, and ensure that international trade agreements are followed.

STATE LAWS

(i) The Haryana Shops & Establishments Act

The Haryana Shops & Commercial Establishments Act, and Rules, are applicable to all the shops and commercial establishments in the areas notified by Government of Haryana. The State of Haryana is following the Punjab Shops & Commercial Establishments Act of 1958. The Act is enacted for the purpose of protecting the rights of employees. The Act provides regulations of the payment of wages, terms of services, work hours, rest intervals, overtime work, opening and closing hours, closed days, holidays, leaves, maternity leave and benefits, work conditions, rules for employment of children, records maintenance, etc.

(ii) The Punjab Shops & Establishment Act, 1958

The Punjab Shops and Establishment Act, 1958, governs the working conditions and employment practices in shops and commercial establishments across the state of Punjab. This legislation is designed to ensure fair treatment of employees and maintain orderly workplace practices. It requires all establishments to be registered with the local labor authorities, and it stipulates various working conditions, including working hours, rest intervals, overtime compensation, and weekly holidays. The Act sets limits on the number of hours employees can work in a day and week, ensuring they receive adequate breaks and time off.

The Act also outlines specific health, safety, and welfare measures that employers must adhere to. This includes maintaining a clean and safe work environment, providing proper ventilation and lighting, and ensuring the availability of safe drinking water and sanitation facilities. Additionally, it addresses the employment of women and young persons, imposing restrictions on night shifts for women to safeguard their well-being. The Punjab Shops and Establishment Act aims to protect workers' rights, prevent exploitation, and promote a balanced and healthy work environment. Compliance with the Act is essential for businesses to avoid legal penalties and contribute to a positive work atmosphere.

(ii) The Karnataka Shops and Commercial Establishments Act 1961 And Rules 1963

This act has been enforced from 01-03-1962 in karnataka state and time to time amendments are made. This Act provides for the regulation of conditions of work and employment in Shops & commercial establishments in the State of Karnataka. This Act applies to the areas notified by the Karnataka Government

INTELLECTUAL PROPERTY LAWS

(i) Trademarks Act, 1999 (Tm Act)

A trademark is used in relation to goods to indicate a connection in the course of trade between the goods and a person having the right as proprietor or user to use the mark. The Trademarks Act, 1999, (Trademarks Act) governs the registration, acquisition, transfer and infringement of trademarks and remedies available to a registered proprietor or user of a trademark. Registration is valid for a period of 10 years but can be renewed in accordance with the specified procedure. As per the Trademarks (Amendment) Bill, 2009, Registrar of Trademarks is empowered to deal with international applications originating from India as well as those received from the International Bureau and maintain a record of international registrations. It also removes the discretion of the Registrar to extend the time.

(ii) Copyrights Act, 1957

The Copyrights Act governs copyright protection in India. Under the Copyright Act, copyright may subsist in original literary, dramatic, musical or artistic works, cinematograph films, and sound recordings. Following the issuance of the International Copyright Order, 1999, subject to certain exceptions, the provisions of the Copyright Act apply to nationals of all member states of the World Trade Organization.

While copyright registration is not a prerequisite for acquiring or enforcing a copyright, registration creates a presumption favoring ownership of the copyright by the registered owner. Copyright registration may expedite

infringement proceedings and reduce delay caused due to evidentiary considerations. Once registered, the copyright protection of a work lasts for 60 years.

The remedies available in the event of infringement of a copyright under the Copyright Act include civil proceedings for damages, account of profits, injunction and the delivery of the infringing copies to the copyright owner. The Copyright Act also provides for criminal remedies, including imprisonment of the accused, imposition of fines and seizure of infringing copies.

(iii) Patents Act, 1970 (Patent Act)

The purpose of the Patent Act in India is to protect inventions. Patents provide the exclusive rights for the owner of a patent to make, use, exercise, distribute and sell a patented invention. The patent registration confers on the patentee the exclusive right to use, manufacture and sell his invention for the term of the patent. An application for a patent can be made by (a) person claiming to be the true and first inventor of the invention; (b) person being the assignee of the person claiming to be the true and first invention in respect of the right to make such an application; and (c) legal representative of any deceased person who immediately before his death was entitled to make such an application. Penalty for the contravention of the provisions of the Patents Act include imposition of fines or imprisonment or both.

PROPERTY RELATED LAWS

(i) Transfer of Property Act, 1882

The transfer of property, including immovable property, between living persons, as opposed to the transfer of property by operation of law, is governed by the Transfer of Property Act, 1882. This Act establishes the general principles relating to the transfer of property, including among other things, identifying the categories of property that are capable of being transferred, the persons competent to transfer property, the validity of restrictions and conditions imposed on the transfer and the creation of contingent and vested interest in the property. The Act recognizes, among others, the following forms in which an interest in an immovable property may be transferred:

- Sale: the transfer of ownership in property for a price paid or promised to be paid.
- Mortgage: the transfer of an interest in property for the purpose of securing the payment of a loan, existing or future debt, or performance of an engagement which gives rise to a pecuniary liability. The Act recognizes several forms of mortgages over a property.
- Charges: transactions including the creation of security over property for payment of money to another which are not classifiable as a mortgage. Charges can be created either by operation of law, e.g. decree of the court attaching to specified immovable property, or by an act of the parties.
- Leases: the transfer of a right to enjoy property for consideration paid or rendered periodically or on specified occasions.

(ii) Registration Act, 1908 (The “Registration Act”)

The Registration Act has been enacted with the objective of providing public notice of the execution of documents affecting, inter alia, the transfer of interest in immovable property. The purpose of the Registration Act is the conservation of evidence, assurances, title and publication of documents and prevention of fraud. It details the formalities for registering an instrument. Section 17 of the Registration Act identifies documents for which registration is compulsory and includes, among other things, any non-testamentary instrument which purports or operates to create, declare, assign, limit or extinguish, whether in present or in future, any right, title or interest, whether vested or contingent, in any immovable property of the value of one hundred rupees or

more, and a lease of immovable property for any term exceeding one year or reserving a yearly rent. A document will not affect the property comprised in it, nor be treated as evidence of any transaction affecting such property (except as evidence of a contract in a suit for specific performance or as evidence of part performance under the TP Act or as collateral), unless it has been registered. Evidence of registration is normally available through an inspection of the relevant land records, which usually contains details of the registered property. Further, registration of a document does not guarantee title of land.

(iii) The Indian Stamp Act, 1899

Stamp duty is payable on all instruments/ documents evidencing a transfer or creation or extinguishment of any right, title or interest in immoveable property. The Indian Stamp Act, 1899 (the —Stamp Act) provides for the imposition of stamp duty at the specified rates on instruments listed in Schedule I of the Stamp Act. However, under the Constitution of India, the states are also empowered to prescribe or alter the stamp duty payable on such documents executed within the state. Instruments chargeable to duty under the Stamp Act but which have not been duly stamped, are incapable of being admitted in court as evidence of the transaction contained therein. The Stamp Act also provides for impounding of instruments by certain specified authorities and bodies and imposition of penalties, for instruments which are not sufficiently stamped or not stamped at all. Instruments which have not been properly stamped can be validated by paying a penalty of up to 10 times of the total duty payable on such instruments.

(iv) Indian Easements Act, 1882 (The “Easement Act”)

An easement is a right which the owner or occupier of land possesses for the beneficial enjoyment of that land, and which permits him to do or to prevent something from being done, in or upon, other land not his own. Under the Easements Act, a license is defined as a right to use property without any interest in favour of the licensee. The period and incident may be revoked and grounds for the same may be provided in the license agreement entered in between the licensee and the licensor.

FOREIGN TRADE AND EXCHANGE LAWS

1. Foreign Exchange management Act 1999

An Act to consolidate and amend the law relating to foreign exchange with the objective of facilitating external trade and payments and for promoting the orderly development and maintenance of foreign exchange market in India.

2. Foreign Trade (Development and Regulation) Act, 1992

An Act to provide for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India and for matters connected therewith or incidental thereto

DATA PROTECTION AND PRIVACY LAWS

Data protection and privacy laws are critical in safeguarding individuals' personal information in an increasingly digital world. These laws ensure that personal data is collected, processed, stored, and shared in a manner that respects privacy and security. In India, the Personal Data Protection Bill, 2019, is a key legislative effort aimed at providing a comprehensive framework for data protection. The bill proposes stringent guidelines on the processing of personal data by both government and private entities, emphasizing the need for consent, purpose limitation, and data minimization. It also mandates the appointment of data protection officers, conducting data protection impact assessments, and reporting data breaches to the authorities.

Globally, the General Data Protection Regulation (GDPR) set by the European Union is a benchmark for data protection laws, influencing regulations worldwide. The GDPR enforces robust data protection principles, including the right to access, rectify, erase, and restrict processing of personal data. It also introduces the concept

of data portability and mandates transparency in data processing activities. Organizations are required to implement technical and organizational measures to ensure data security and are subject to significant penalties for non-compliance. These laws not only protect individuals' privacy but also foster trust in digital services, encouraging responsible data handling practices and enhancing overall cybersecurity.

1. Information Technology Act, 2000

The Information Technology Act, 2000 (also known as ITA-2000, or the IT Act) is an Act of the Indian Parliament (No 21 of 2000) notified on 17 October 2000. It is the primary law in India dealing with cybercrime and electronic commerce.

Secondary or subordinate legislation to the IT Act includes the Intermediary Guidelines Rules 2011 and the Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Rules, 2021.

ADVERTISING STANDARDS COUNCIL OF INDIA (ASCI) GUIDELINES

ASCI seeks to ensure that advertisements conform to its Code for Self-Regulation, which requires advertisements to be legal, decent, honest and truthful, and not hazardous or harmful while observing fairness in competition.

ENVIRONMENTAL REGULATIONS

(i) The Environment Protection Act, 1986 (“Environment Protection Act”)

The purpose of the Environment Protection Act is to act as an "umbrella" legislation designed to provide a framework for Central government co-ordination of the activities of various central and state authorities established under previous laws. The Environment Protection Act authorizes the central government to protect and improve environmental quality, control, and reduce pollution from all sources, and prohibit or restrict the setting and /or operation of any industrial facility on environmental grounds. The Act prohibits persons carrying on business, operation or process from discharging or emitting any environmental pollutant more than such standards as may be prescribed. Where the discharge of any environmental pollutant in excess of the prescribed standards occurs or is apprehended to occur due to any accident or other unforeseen act, the person responsible for such discharge and the person in charge of the place at which such discharge occurs or is apprehended to occur is bound to prevent or mitigate the environmental pollution caused as a result of such discharge and should intimate the fact of such occurrence or apprehension of such occurrence; and (b) be bound, if called upon, to render all assistance, to such authorities or agencies as may be prescribed.

(ii) Air (Prevention and Control of Pollution) Act, 1981

Air (Prevention and Control of Pollution) Act 1981(—the ActI) was enacted with an objective to protect the environment from smoke and other toxic effluents released in the atmosphere by industries. With a view to curb air pollution, the Act has declared several areas as air pollution control area and prohibits the use of certain types of fuels and appliances. Prior written consent is required of the board constituted under the Act, if a person intends to commence an industrial plant in a pollution control area.

(iii) Water (Prevention and Control of Pollution) Act, 1974

The Water (Prevention and Control of Pollution) Act 1974 (—the ActI) was enacted with an objective to protect the rivers and streams from being polluted by domestic and industrial effluents. The Act prohibits the discharge of toxic and poisonous matter in the river and streams without treating the pollutants as per the standard laid down by the Pollution control boards constituted under the Act. A person intending to commence any new industry, operation, or process likely to discharge pollutants must obtain prior consent of the board constituted under the Act.

(iv) National Environmental Policy, 2006

The Policy seeks to extend the coverage, and fill in gaps that still exist, in light of present knowledge and accumulated experience. This policy was prepared through an intensive process of consultation within the Government and inputs from experts. It does not displace but builds on the earlier policies. It is a statement of India's commitment to making a positive contribution to international efforts. This is a response to the national commitment to a clean environment, mandated in the Constitution in Articles 48 A and 51 A (g), strengthened by judicial interpretation of Article 21. The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource. Following are the objectives of National Environmental Policy:

- Conservation of Critical Environmental Resources
- Intra-generational Equity: Livelihood Security for the Poor
- Inter-generational Equity
- Integration of Environmental Concerns in Economic and Social Development
- Efficiency in Environmental Resource Use
- Environmental Governance
- Enhancement of resources for Environmental Conservation

IN GENERAL

(i) Companies Act, 2013

The Companies Act, 2013, is a comprehensive piece of legislation that governs corporate entities in India. It replaced the Companies Act of 1956 with the aim of aligning India's corporate laws with global standards and enhancing corporate governance. The Act covers various aspects of company formation, administration, and dissolution, providing a regulatory framework for the incorporation of companies, their management, and their financial disclosures. It introduces provisions for corporate social responsibility (CSR), requiring certain companies to allocate a portion of their profits towards social causes. The Act also emphasizes transparency and accountability through stringent disclosure norms, ensuring that companies maintain accurate records and submit regular financial reports to the Registrar of Companies (RoC).

Additionally, the Companies Act, 2013, establishes mechanisms for the protection of shareholders and creditors, including the appointment of independent directors and the formation of audit committees. It also streamlines the processes for mergers, demergers, and acquisitions, and provides a more efficient framework for the resolution of corporate disputes. The Act enhances regulatory oversight by granting the Ministry of Corporate Affairs broader powers to enforce compliance and penalize violations. By promoting good governance practices and accountability, the Companies Act, 2013, aims to foster a robust corporate environment that supports sustainable economic growth and investor confidence.

(ii) The Competition Act, 2002

The Competition Act, 2002, is a pivotal piece of legislation in India designed to promote fair competition and prevent anti-competitive practices in the market. The Act establishes the Competition Commission of India (CCI) as the regulatory authority responsible for enforcing competition laws and ensuring a level playing field for businesses. It addresses various aspects of market competition, including anti-competitive agreements, abuse of market dominance, and mergers and acquisitions that may adversely affect market competition. The Act empowers the CCI to investigate and take action against practices that restrict or distort competition, such as cartels, monopolistic behaviors, and unfair trade practices.

The Competition Act, 2002, also emphasizes the importance of fostering a competitive market environment to benefit consumers and promote economic efficiency. It includes provisions for the assessment of mergers and acquisitions to prevent the creation of monopolies or significant market distortions. Additionally, the Act promotes transparency and accountability by mandating that businesses operate in a manner that does not hinder competition. Through its rigorous enforcement and regulatory measures, the Competition Act, 2002, aims to encourage innovation, protect consumer interests, and drive economic growth by ensuring that competitive practices prevail in the Indian market.

(iii) Consumer Protection Act, 1986 (COPRA)

The Consumer Protection Act, 1986 (COPRA) was a landmark legislation in India designed to safeguard the interests of consumers and provide a robust mechanism for addressing grievances related to goods and services. The Act established a three-tier consumer redressal system consisting of District Forums, State Commissions, and the National Consumer Disputes Redressal Commission (NCDRC). This hierarchical structure allows consumers to seek remedies for disputes and obtain compensation for losses due to defective goods or deficient services. COPRA empowers consumers with the right to seek redressal through various means, including replacement of goods, repair, or monetary compensation, ensuring that their grievances are addressed effectively.

COPRA also introduced the concept of consumer rights and protection against unfair trade practices, misleading advertisements, and exploitation. It provides consumers with fundamental rights, such as the right to be informed about the quality, quantity, and price of goods and services, as well as the right to seek redressal. Although the Act significantly improved consumer protection, it was later replaced by the Consumer Protection Act, 2019, which introduced more comprehensive provisions, including the establishment of a Central Consumer Protection Authority (CCPA) and enhanced mechanisms for addressing online consumer grievances. The 2019 Act aims to further strengthen consumer rights and adapt to the evolving market dynamics.

(iv) The Indian Contract Act, 1872 (“Contract Act”)

The Contract Act 1872 codifies the way in which a contract may be entered into, executed, implementation of the provisions of a contract and effects of breach of a contract. A person is free to contract on any terms he chooses. The Contract Act consists of limiting factors subject to which contract may be entered into, executed and the breach enforced. It provides a framework of rules and regulations that govern formation and performance of contract. The contracting parties themselves decide the rights and duties of parties and terms of agreement.

(v) Taxes on Professions, Trades, Callings and Employments

Every person engaged in any profession, trade, callings, and employment is liable to pay tax at the rate prescribed by the respective state government. It is considered necessary to levy tax on profession, trade callings and employment to augment state revenues. Every state is empowered by the Constitution of India to make laws relating to levy of taxes on professions, trades, callings, and employments that shall serve as the governing provisions in that state.

(vi) SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015

Every Company which has listed its specified securities on the Main Board or SME Board of the Exchange (“BSE/NSE”) has comply with the requirements as mentioned in the above-mentioned regulation. This regulation is in addition to the requirements of the Companies Act, 2013 and it has stricter requirement in addition to the Companies Act, 2013.

ANNEXURE – IV

1) Background

CEDAAR TEXTILE LIMITED (formerly known as Ceddar Textile Private Limited) is a Company limited by shares domiciled in India, with its registered office situated at KSSIDC Plot No. B-34, Industrial Estate, Yelahanka New Town, Bangalore, Karnataka, India, 560064. The Company has been incorporated under Companies Act, 2013 on 28 September 2020 (CIN U17299KA2020PLC139070). The Company primarily engaged in operations of manufacturing, buying, selling, importing, exporting and dealing in textiles, cotton, silk, art silk, rayon, nylon and other goods or merchandise whether textile felted, netted or looped.

2) Summary of Material accounting policies

i) Basis of Preparation

"The Restated Summary Statement of the Assets and Liabilities of the Company as at 31st December 2024, 31st March 2024, 31st March 2023 and 31st March 2022, the Restated Summary Statement of Profit and Loss and the Restated Summary Statement of Cash Flow thereof (collectively referred to as 'Restated Summary Statements') have been compiled by the management of the Company and have been prepared specifically for the purpose of inclusion in the offer document to be filed by the Company with the Securities and Exchange Board of India ('SEBI') in connection with the proposed Initial Public Offering (hereinafter referred to as 'IPO').

These financial statements have been prepared to comply with the Generally Accepted Accounting Principles in India (Indian GAAP), including the Accounting Standards notified under Section 133 of the Companies Act, 2013 read together with paragraph 7 of the companies (Accounts) rules 2014 and companies (accounting standards) Rules, 2021 (as amended from time to time). The financial statements have been prepared on going concern on an accrual basis and under the historical cost convention. The financial statements are presented in Indian rupees and rounded off to the nearest lacs."

ii) Use of estimates

The preparation of financial statements requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities, at the end of the reporting period. Although, these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

iii) Property, Plant and Equipment and Intangible assets

Property, Plant and Equipment

"Property, plant and equipment is stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. Cost of acquisition or construction of property, plant and equipment comprises its purchase price including import duties and non-refundable purchase taxes after deducting trade discounts, rebates and any directly attributable cost of bringing the item to its working condition for its Intended use.

- a. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance cost are charged to the standalone statement of profit and loss during the period in which they are incurred.

- b. Gains or losses that arise on disposal or retirement of an asset are measured as the difference between net disposal proceeds and the carrying value of property, plant and equipment and are recognized in the statement of profit and loss when the same in derecognized."

Intangible assets

Acquired intangible assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortised on a straight-line basis over their estimated useful lives. A rebuttable presumption that the useful life of an intangible asset will not exceed ten years from the date when the asset is available for use is considered by the management. The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly.

iv) Depreciation on property, plant and equipment

Depreciation on these assets commences when the assets are ready for their intended use which is generally on commissioning. Based on internal assessment and technical evaluation the management believes the useful life as given below best represent the period over which management expects to use these assets. Hence, the useful lives for these assets are different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013. The companies uses straight line method and the estimated useful lives of property, Plant and equipment of the Companies are as follows:

Particulars	Useful life in years
Factory Building	30
Residence Buliding	60
Plant and machinery	15
Software and ERP	6
Land	0
Furniture and fixture	10
Power Plant	40
Solar Power Plant	22
Vehicles	6
Computer	6

v) Impairment of Assets

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets' net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.

After impairment, depreciation/amortization is provided on the revised carrying amount of the asset over its remaining useful life.

vi) Revenue recognition

Revenue is recognized to the extent, that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

**Revenue from sale of goods**

Revenue from sale of goods is recognized when the significant risks and rewards of ownership of the goods are transferred to the buyer.

Interest income

Interest income is recognized on a time proportion basis taking into account the amount outstanding and applicable interest rate.

vii) Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposits with banks. Bank overdrafts are shown within borrowings in current liabilities in balance sheet.

viii) Employees Benefit

Employee benefits in the form of Provident Fund and Employee State Insurance Scheme are defined contribution plans and the contributions are charged to the Statement of Profit and Loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective funds.

Short-term employee benefits: All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and are recognised in the Statement of Profit and Loss in the period in which the employee renders the related service.

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the balance sheet date. The defined benefit obligation is calculated at the balance sheet date by an independent actuary using the projected unit credit method. Actuarial gains and losses arising from past experience and changes in actuarial assumptions are charged to the Statement of Profit and Loss in the year in which such gains or losses are determined.

ix) Foreign currency translation**Initial recognition:**

Foreign currency transactions are recorded in the reporting currency by applying the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion:

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when such values were determined.

Exchange differences:

Exchange differences arising on the settlement of monetary items or on reporting the Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they occur.

x) Inventories and Work in progress

"Inventories are valued at lower of cost and net realizable value. Cost is determined using the first-in, first-out (FIFO) method. The cost of finished goods and work in progress comprises raw materials, direct labour, other direct cost and related overheads.

Provision of obsolescence on inventories is considered on the basis of management's estimate based on demand and market of the inventories.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale."

xi) Income taxes

Tax expense for the period comprises of current tax, deferred tax and Minimum alternate tax credit considered in determining the net profit or loss for the year.

Current tax

"Provision for current tax is recognized on the basis of estimated taxable income for the current accounting year in accordance with the Income-tax Act, 1961.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts, and there is an intention to settle the asset and the liability on a net basis. "

Deferred tax

The deferred tax for timing differences between the book and tax profits for the year is accounted for, using the tax rates and laws that have been substantively enacted as of the reporting date.

Deferred tax charge or credit reflects the tax effects of timing differences between accounting income and taxable income for the period. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carry forward of losses, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed at each balance sheet date and are written-down or written up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realised.

At each reporting date, the Company reassesses the unrecognized deferred tax assets, if any.

xii) Provisions, Contingent Liability and Contingent Asset

Provisions

Provisions are recognized in terms of Accounting Standard 29 Provisions, Contingent Liabilities and Contingent Assets (AS-29), notified by the Companies (Accounting Standards) Rules, 2006, when there is a present legal or statutory obligation as a result of past events, where it is probable that there will be outflow of resources to settle the obligation and when a reliable estimate of the amount of the obligation can be made.

Contingent liabilities

Contingent Liabilities are recognized only when there is a possible obligation arising from past events due to occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Company, or where any present obligation cannot be measured in terms of future outflow of resources

or where a reliable estimate of the obligation cannot be made. Obligations are assessed on an ongoing basis and only those having a largely probable outflow of resources are provided for.

Contingent assets

Contingent Assets are not recognized in the financial statements. Involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of economic resources and a reliable estimate can be made of the amount of the obligation. These are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

xiii) Statement of Cash Flows

Statement of Cash Flows is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit is adjusted for the effects of:

- i. transactions of a non-cash nature;
- ii. any deferrals or accruals of past or future operating cash receipts or payments;
- iii. items of income or expense associated from investing or financing cash flows; and

Cash and cash equivalents (including bank balances) are reflected as such in the Statement of Cash Flows.

xiv) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average numbers of equity shares are adjusted for events such as bonus issue, bonus element in the rights issue, share split and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Other notes to restated financial statements

1. Non-adjustment Items:

No Audit qualifications for the respective periods which require any corrective adjustment in these Restated Financial Statements of the Company have been pointed out during the restated period.

2. Material Regroupings:

Appropriate adjustments have been made in the restated summary statements of Assets and Liabilities, Profit & Loss and Cash flows wherever required by reclassification of the corresponding items of income, expenses, assets and liabilities in order to bring them in line with the requirements of the SEBI Regulations.

9. Employee benefits plans

A. Defined contribution plans:

The Company makes Provident fund and Employee State Insurance Scheme contribution which are defined contribution plans, for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to the fund. The contribution payable to these plans by the Company are at rates specified in the rules of the schemes. Employers' contribution to Provident Fund and Employee's State Insurance Scheme recognised as expenses in the Statement of Profit and Loss for the year are as under:

	For the period / year ended			
	31 st December 2024	31st March 2024	31st March 2023	31st March 2022
Contribution to provident fund and other funds	56.68	91.01	135.55	117.08

B. Defined benefit plans:

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service.

iii. Economic assumptions:

The principal assumptions are the discount rate and salary growth rate. The discount rate is generally based upon the market yield available on the Government bonds at the accounting date with a term that matches that of the liabilities and the salary growth rate takes account of inflation, seniority, promotion and other relevant factors on long term basis."

- Impact due to increase of 0.50 %	(0.44)	(0.33)	(0.22)	(0.12)
- Impact due to decrease of 0.50 %	0.45	0.34	0.22	0.13
Impact of the change in salary increase				
Present value of obligation at the end of the year	30.84	17.88	9.70	4.54
- Impact due to increase of 0.50 %	0.45	0.34	0.22	0.12
- Impact due to decrease of 0.50 %	(0.44)	(0.33)	(0.22)	(0.12)

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied which was applied while calculating the defined benefit obligation recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to prior period.

Notes:

(1) The above figures have been extracted from the actuarial valuation report issued by M/s Kapadia Global Actuaries Dated- 26 July 2024 For the Year ended 31 March 2022, 31st March 2023 & 31 March 2024 respectively and dated 07 April 2025 for the period ended 31 December 2024.

Non-current position of obligation as at the end of the year	11.59	13.65	17.92	16.15

iii. Economic assumptions:

The principal assumptions are the discount rate and salary growth rate. The discount rate is generally based upon the market yield available on the Government bonds at the accounting date with a term that matches that of the liabilities and the salary growth rate takes account of inflation, seniority, promotion and other relevant factors on long term basis."

	As at			
	31 st December, 2024	31st March 2024	31st March 2023	31st March 2022
Discount rate	6.80%	7.15%	7.20%	5.15%
Salary growth rate	7.00%	7.00%	7.00%	7.00%

iv. Demographic assumptions:

Withdrawal rates	40%	40%	40%	40%

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied which was applied while calculating the defined benefit obligation recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to prior period.

"Note:

As at December 31, 2024, the balance with government authorities Rs. 496.15 lakhs pertaining to Goods and Services Tax (GST) input credit. However, this has not been reconciled with the balance available on the GST portal, which reflects an input credit of Rs. 167.96 lakhs only. This indicates an excess input credit of approximately Rs. 328.18 lakhs in the books of accounts. The company has initiated the process of reconciling the difference and necessary adjustments, if any, will be made upon completion of the reconciliation."

EBITDA (in Lakhs) ⁵	1,958.99	2,881.05	1,563.41	1,525.89

*Basic and Diluted EPS figures are adjusted to reconcile the impact of bonus issue, pursuant to Accounting Standard 20 “Earning Per Share” issued by ICAI and for presenting comparable figures.

Notes:

1. Basic EPS (₹) = Basic earnings per share are calculated by dividing the net restated profit for the period / year attributable to equity shareholders by the weighted average number of Equity Shares outstanding during the year.
2. Diluted EPS (₹) = Diluted earnings per share are calculated by dividing the net restated profit for the period / year attributable to equity shareholders by the weighted average number of Equity Shares outstanding during the year as adjusted for the effects of all dilutive potential Equity Shares during the year.
3. Return on net worth is calculated as restated profit for the period / year divided by total shareholder's fund.
4. Net asset value per equity share is calculated as total shareholder's fund divided by weighted average number of equity shares (After considering impact of Bonus)
5. EBITDA is calculated as profit for the period/year minus other income plus finance costs, depreciation and amortization, total income tax expenses.

SIGNIFICANT FACTORS AFFECTING OUR RESULTS OF OPERATIONS

Our business is subjected to various risks and uncertainties, including those discussed in the section titled “*Risk Factor*” beginning on page no. 36 of this Red Herring Prospectus. Our results of operations and financial conditions are affected by numerous factors including the following:

- Changes, if any, in the regulations / regulatory framework / economic policies in India and / or in foreign countries, which affect national & international finance.
- Substantial portion of our revenues has been dependent upon few customers. The loss of any one or more of our major customers would have a material adverse effect on our business, cash flows, results of operations and financial condition.
- Production of cotton, and factors affecting its production such as weather, rain etc. may impact the prices of raw material.
- We generally do business with our customers on purchase order basis and do not enter into long term contracts with them. Our inability to maintain relationships with our customers could have an adverse effect on our business, prospects, results of operations and financial condition.
- Price of our one of the raw materials i.e. cotton is volatile and is based on the market prices, any significant change in the price of the cotton may affect our business adversely.
- Failure to adapt to the changing needs of industry may adversely affect our business and financial condition;
- Inflation, deflation, unanticipated turbulence in interest rates,
- Our dependence on our key personnel, including our directors and senior management;
- Our ability to successfully implement our business strategy and plans;
- The occurrence of natural disasters or calamities;
- Other factors beyond our control.

PERIOD ENDED DECEMBER 31, 2024 COMPARED WITH THE FISCAL YEAR ENDED MARCH 31, 2024 (BASED ON RESTATED FINANCIAL STATEMENTS)

Revenues

◆ Total Income

Total Income for the period ended December 31, 2024, stood at Rs. 11,390.67 Lakhs whereas in Financial Year 2023-24 it stood at Rs. 19,101.24 Lakhs, which is almost equivalent to 59.63% of the Total Income registered in full Financial Year 2023-24. This is due to revenue from operations.

◆ Revenue from operations

Net revenue from operations for the period ended December 31, 2024, stood at Rs. 11,202.62 Lakhs whereas in Financial Year 2023-24 it stood at Rs. 18,968.38 Lakhs, which is almost equivalent to 59.06% of the Revenue from Operations registered in full Financial Year 2023-24. In textile/yarn industry, order flow is less in the first two quarters and it starts picking from 3rd quarter. Also, during the 1st quarter, due to political instability in Bangladesh, our exports were impacted resulting in relatively lesser sales in stub period. As product mix is done on order basis, sales order from Bangladesh was received, but due to instability, letter of credit was delayed resulting in sales, which would be made in further 4th quarter.

◆ Other Income

Other Income for the Period ended December 31, 2024, stood at Rs. 188.05 Lakhs whereas in Financial Year 2023-24 it stood at Rs. 132.86 Lakhs, which represents 1.65% and 0.70% of the Total Income of corresponding periods respectively. It comprises of insurance claimed in the stub period of ₹45.56 lakhs. Due to short circuit in machinery (Radio Frequency Dryer RFD), claim was taken. Also, it consists of sale of biomass pellets which the company started from the stub period on trial basis.

Expenditure

◆ Total Expenses

Total Expenses for the Period ended December 31, 2024, stood at Rs. 10,450.20 Lakh whereas in Financial Year 2023-24 it stood at Rs. 17,602.52 Lakh, which represents 91.74% and 92.15% of the Total Income of corresponding periods respectively.

◆ Cost of Material Consumed

Total cost of Material consumed for the Period ended December 31, 2024, stood at Rs. 8,277.12 Lakh whereas in Financial Year 2023-24 it stood at Rs. 14,453.33 Lakh, which represents 72.67 % and 75.67% of the Total Income of corresponding periods respectively. As company had increased operations in technical textile, which is generally traded on better margin than cotton yarns. Hence, it incurred lower cost of material consumed.

◆ Changes in inventory

Total changes in inventory for the period ended December 31, 2024, stood at Rs. (220.59) lakhs whereas in Financial Year 2023-24 it stood at Rs. (469.55) Lakhs, which represents (1.94)% and (2.46%) of the total income of corresponding periods respectively. Which is similar to previous year.

◆ Employment Benefit Expenses

Employee benefit expenses for the Period ended December 31, 2024, stood at Rs.553.10 Lakhs whereas in Financial

Year 2023-24 it stood at Rs 860.75 Lakhs which represents 4.86% and 4.51% of the Total income of corresponding periods respectively, which is similar to previous year.

◆ **Other Expenses**

The Other Expenses for the Period ended December 31, 2024, stood at Rs. 634.00 Lakhs whereas in Financial Year 2023-24 it stood at Rs. 1242.81 Lakhs, which represents 5.57% and 6.51% of the Total Income of corresponding periods respectively. This was mainly due to lower exports done in stub period as compared to previous year and thus incurring less export expenses. Also due to more non-commission and brokerage sale, decreasing brokerage expenses.

◆ **Depreciation and Amortization Expenses**

The Depreciation and Amortization Expenses for the Period ended December 31, 2024, stood at Rs. 305.54 Lakhs whereas in Financial Year 2023-24 it stood at Rs. 367.06 Lakhs, which represents 2.68% and 1.92% of the total income of corresponding period respectively. It is calculated for the period and values, as per the utilization of assets for the Company's business.

◆ **Finance Cost**

Finance Cost for the Period ended December 31, 2024, stood at Rs. 901.03 Lakhs whereas in Financial Year 2023-24 it stood at Rs. 1,148.13 Lakhs, which represents 7.91% and 6.01% of the Total Income of corresponding periods respectively due to additional working capital loan taken by the company, resulting in higher finance cost.

◆ **Restated Profit before Tax**

The restated profit before tax for the Period ended December 31, 2024, stood at Rs. 940.47 Lakhs whereas in Financial Year 2023-24 it stood at Rs. 1498.72 Lakhs, which represents 8.26% and 7.85% of the Total Income of corresponding periods respectively, due to dealings made in dyed yarns and other combined yarns providing better margins.

◆ **Restated Profit after Tax**

The restated profit after tax for the Period ended December 31, 2024, stood at Rs. 706.18 Lakhs whereas in Financial Year 2023-24 it stood at Rs. 1105.04 Lakhs which represents 6.20% and 5.78% of the Total Income of corresponding periods respectively, in line with Profit before Tax.

Conclusion for increase in PAT margin:

Value Addition: Company started dealing in job work of dying of fiber, yarns and fabrics. Leading to higher revenue from operations. As this job work doesn't require any extra cost, all the revenue from this is directly reflected in the bottom line. Thus, leading to increase in profit margin.

Market forces: As price of cotton is highly dependent on market forces, and trends, it faced adverse increase in its price during the FY 2023-24. Which were stabilized during the stub period. This led to better margins and lower cost of acquisition of raw material for the company.

DETAILS OF FINANCIAL YEAR 2024 COMPARED TO FINANCIAL YEAR 2023 (BASED ON RESTATED FINANCIAL STATEMENTS)

Revenues

◆ **Total Income**

Total Income for the Financial Year 2023-24, it stood at Rs. 19,101.24 Lakhs whereas in Financial Year 2022-23 it stood at Rs. 16,187.94 Lakhs representing an increase of 18.00%. This is due to increase in revenue from

operations.

◆ **Revenue of operations**

Net revenue from operations For the Financial Year 2023-24 stood at Rs.18,968.38 Lakhs. Whereas for the Financial Year 2022-23, it stood at Rs.16,024.98 Lakhs representing an increase of 18.37%. Company focused on different blended yarns, dealings made in yarn dyed, technical textiles and fabrics, resulted in better sales. Additionally, cotton prices which was fluctuating in FY 2022-23 were stabilized around 55000 to 62000 points in MCX.

◆ **Other Income**

Other Income for the Financial Year 2023-24 stood at Rs. 132.86 Lakhs. Whereas for the Financial Year 2022-23, it stood at Rs. 162.96 Lakhs representing a decrease of 18.47%. This is due to lower interest rate and foreign exchange gain booked.

Expenditure

◆ **Total Expenses**

Total Expenses for the Financial Year 2023-24 stood at Rs. 17,602.52 Lakhs. Whereas for the Financial Year 2022-23, it stood at Rs.15,543.43 Lakhs representing increase of 13.25%. This can be contributed to many factors as discussed below:

◆ **Cost of Material Consumed**

Total cost of material consumed for the Financial Year 2023-24, stood at Rs. 14,453.33 Lakh whereas in Financial Year 2022-23 it stood at Rs. 14,044.78 Lakh, representing an increase of 2.91%. The increase is lower than increase in revenue from operations as company started value addition by selling dyed yarns, and technical textiles which were trading at better margins. Thus, percentage increase in cost of material consumed is less than percentage increase in revenue from operations.

◆ **Change in inventory**

Total change in inventory for the financial year 2023-24, stood at Rs. (469.55) Lakhs, whereas in financial year 2022-23 it stood at Rs. (1966.59) lakhs representing increase of 76.12% due to high maintenance of inventory due to increase in capacity utilization and change in product mix to cotton-polyester-cotton.

◆ **Employment Benefit Expenses**

Employee benefit expenses for the Financial Year 2023-24 stood at Rs. 860.76 Lakhs. Whereas for the Financial Year 2022-23, it stood at Rs. 953.2 Lakhs representing a decrease of 9.70%, this was due to modernization and increase in automation, dependency on labour was decreased. Thus, employee cost was decreased.

◆ **Other Expenses**

The Other Expenses for the Financial Year 2023-24 stood at Rs. 1242.85 Lakhs. Whereas for the Financial Year 2022-23, it stood at Rs.1430.17 Lakhs representing a decrease of 13.10%, this is primarily due to less expenses incurred for letter of credit, and lesser cost and freight expenses. Also, company incurred foreign exchange loss in FY 2022-23 of ₹90 lakhs.

◆ **Depreciation and Amortization Expenses**

The Depreciation and Amortization Expenses for the Financial Year 2023-24, stood at Rs.367.06 Lakhs whereas in Financial Year 2022-23 it stood at Rs. 329.6 Lakhs, representing an increase of 11.37%, due to purchase of solar plant during the year of ₹483.37 lakhs. This increased the depreciation and amortization expenses.

◆ Finance Cost

Finance Cost for the Financial Year 2023-24, stood at Rs.1148.13 Lakhs whereas in Financial Year 2022-23 it stood at Rs.752.27 Lakhs representing an increase of 52.62%, this was due to loan taken for working capital requirement, resulting in higher interest cost. As short-term borrowings were increased from ₹58.24 crores to ₹73.47 crores resulting in increase in finance cost.

◆ Restated Profit before Tax

The restated profit before tax For the Financial Year 2023-24 stood at Rs.1498.72 Lakhs. Whereas for the Financial Year 2022-23, it stood at Rs.644.51 Lakhs, representing an increase of 132.54%. It is primarily due to increase in revenue from operations, and better market conditions for cotton leading to better margins.

◆ Restated Profit after Tax

The restated profit after tax For the Financial Year 2023-24 stood at Rs.1105.04 Lakhs. Whereas for the Financial Year 2022-23, it stood at 458.94 Lakhs, representing an increase of 140.77% in line with profit before tax.

Conclusion for increase in PAT Margin:

High Sales: As company initiated different product mix for yarns, it resulted in better profit margins. Resulting in high sales of yarn at better prices.

Diversification: Company started dealing in technical textiles and fabrics, which in turn increased their PAT margin.

Market stabilization: MCX prices which were fluctuating in FY 2022-23 from ₹45,680 in April 1, 2022 to lowest seen in December 1, 2022 of ₹28,680 and seen growth in march 2024 of ₹ 62,180. This fluctuation in price impacted the consumption of raw material. Thus, when market stabilized and saw growth in FY 2023-24, its revenue from operations decreased.

FISCAL YEAR ENDED MARCH 31, 2023 COMPARED WITH THE FISCAL YEAR ENDED MARCH 31, 2022 (BASED ON RESTATED FINANCIAL STATEMENTS)

Revenues

◆ Total Income

Total Income for the Financial Year 2022-23 stood at Rs. 16187.94 Lakhs. Whereas for the Financial Year 2021-22, it stood at 22043.72 Lakhs, representing a decrease of 26.56%. This is due increase in revenue from operations.

◆ Revenue from operations

Revenue from Operations for the Financial Year 2022-23 stood at Rs.16,024.98 Lakhs. Whereas for the Financial Year 2021-22, it stood at 21,740.31 Lakhs representing decrease of 26.29% due to high cost of cotton from ₹ 43,010 as on March 1, 2022 to ₹62,180 as on March 1, 2023. This sudden increase majorly took place during the last quarter of the financial year leading to major decline in exports from 59.29% in FY 2021-22 to only 36% in FY 2022-23. High cost of cotton impacted its demand, but to keep the mill running it started dealing in more synthetic, nylon and polyester yarn, which makes less money.

The Reduction in the Revenue in FY 2022-23 is due to following detailed reasons:

- (i) Increase the price of raw material i.e. cotton, as cotton is a primary raw material in the textile, due to high prices of cotton the demand of cotton yarn was reduced;

- (ii) In view of that the company had changed the strategy of production and produced the product mix yarns, which consist of 50% of cotton & 50% polyester and sold more 100 % polyester yarn in the FY 2022-23;
- (iii) Polyester based yarns have a lower selling price (40 % less) than the cotton yarns which directly impacted the revenue;
- (iv) Despite, lower revenue net margins remained intact due to strategic shift in product mix.

Cotton and Polyester Fiber Purchase Comparison FY 2021-22 and FY 2022-23

Particulars	FY 2021-22	FY 2022-23	% Change
Cotton Purchase (MT)	1146613.28 MT	527867.96 MT	(53.96)
Polyester Fibre Purchase (MT)	145581.10 MT	447512.31 MT	207.40

- Purchase of Cotton was dropped by 50% reduced in 2022-23 as compared to 2021-22
- Purchase of Polyester is increase by more than 3 times in 2022-23 as compared to 2021-22

Sales during the FYs:

Particular	FY 2021-22	FY 2022-23	% change
Total Sale (in MT)	6852	6625	(3.31)
Total Production (in MT)	6315	6742	6.76

Even the sale quantity remains constant in the FY 2021-22 and 2022-23 revenue decreased due to lower sale price per kg.

◆ Other Income

Other Income for the Financial Year 2022-23 stood at Rs.162.96 Lakhs. Whereas for the Financial Year 2021-22, it was 303.41 Lakhs representing a decrease of ₹140.45 lakhs or 46.29%. This is due to lower exports that company incurred less foreign exchange gain.

Expenditure

◆ Total Expenses

Total Expenses for the Financial Year 2022-23 stood at Rs. 15,543.43 Lakhs. Whereas for the Financial Year 2021-22, it stood at Rs. 21,127.48 Lakhs representing a decrease of 26.43%, this is in line with decrease in revenue from operations.

◆ Cost of Material consumed

Total cost of material consumed for the Financial Year 2022-23, stood at Rs. 14044.78 Lakh whereas in Financial Year 2021-22 it stood at Rs. 18,017.70 Lakh, representing a decrease of 22.05 %. Decrease in cost of material consumed is lower than that of revenue from operations because of high cotton prices, increasing the cost of raw material and further use of other synthetic yarns, increased the percentage of material consumed in respect to total revenue from 81.74% in FY 2021-22 to 86.76% in FY 2022-23.

◆ Change in inventory

Total change in inventory for the financial year 2022-23, stood at Rs. (1966.59) Lakhs representing closing stock of finished goods and work-in-progress of ₹2,169.45 lakhs and ₹1,376.54 lakhs respectively. Whereas in Financial year 2021-22 it stood at Rs. (608.02) lakhs representing closing stock of finished goods and work-in-progress ₹813.43 lakhs and ₹765.97 lakhs. It represents a decrease of 223.44%. It was due to the fact due to high prices, inventory was purchased at high rate, leading to increase in closing inventory. Also due to low demand, sales were impacted, leading to some piled up inventory with the company.

◆ **Employment Benefit Expenses**

The Employee Benefit Expenses for the Financial Year 2022-23 stood at Rs. 953.2 Lakhs. Whereas for the Financial Year 2021-22, it stood at Rs. 968.45 Lakhs representing a decrease of 1.57% due which is similar to previous year.

◆ **Other Expenses**

The Other Expenses for the Financial Year 2022-23 stood at Rs.1430.17 Lakhs. Whereas for the Financial Year 2021-22, it stood at Rs.1836.28 Lakhs representing a decrease of 22.12%, this was due to lower exports in FY 2022-23. Thus, incurring lower custom house expenses by ₹228.04 lakhs and free on-board expenses by ₹174.41 lakhs. It also incurred lower brokerage and marketing expenses by ₹147.34 lakhs due to more non-commission sales made during the year resulting in lower expenses.

◆ **Depreciation and Amortization Expenses**

The Depreciation and Amortization Expenses for the Financial Year 2022-23 stood at Rs.329.6 Lakhs. Whereas for the Financial Year 2021-22, it stood at Rs.292.29 Lakhs which is calculated for the period and values, as per the utilization of assets for the Company's business.

◆ **Finance Cost**

The finance costs for the Financial Year 2022-23 stood at Rs.752.27 Lakhs. Whereas for the Financial Year 2021-22, it stood at Rs.620.77 Lakhs representing an increase of 21.18%, or increase of ₹131.5 lakhs. This is mainly due to the loan taken from HDFC Bank for plant and machinery.

◆ **Restated Profit before Tax**

The restated profit before tax For the Financial Year 2022-23 stood at Rs.644.50 Lakhs. Whereas for the Financial Year 2021-22, it stood at 916.26 Lakhs representing a decrease of 29.66%. This is primarily due to decrease in revenue from operations and further increase in finance cost and depreciation.

◆ **Restated Profit after Tax**

The trading of the Equity Shares will happen in the minimum contract size of [●] Equity Shares and the same may be modified by the National Stock Exchange India Limited from time to time by giving prior notice to investors at large. Allocation and allotment of Equity Shares through this Issue will be done in multiples of [●] Equity Shares subject to a minimum allotment of [●] Equity Shares to the successful Applicants in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

MINIMUM APPLICATION VALUE, MARKET LOT AND TRADING LOT

In accordance with Regulation 267 (2) of the SEBI ICDR Regulations, our Company shall ensure that the minimum application size shall not be less than ₹ 1,00,000/- (Rupees One Lakh) per application.

Pursuant to Section 29 of the Companies Act, the Equity Shares shall be Allotted only in dematerialised form. As per SEBI ICDR Regulations, the trading of the Equity Shares shall only be in dematerialised form. In this context, two agreements have been signed by our Company with the respective Depositories and the Registrar to the Issue before filing this Red Herring Prospectus:

The trading of the Equity Shares will happen in the minimum contract size of [●] Equity Shares and the same may be modified by the EMERGE Platform of NSE from time to time by giving prior notice to investors at large. For further details, see “*Issue Procedure*” on page no. 355 of this Red Herring Prospectus.

MINIMUM NUMBER OF ALLOTTEES

Further in accordance with the Regulation 268(1) of SEBI (ICDR) Regulations, the minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and all the monies blocked by SCSBs shall be unblocked within two (2) working days of closure of Issue.

JOINT HOLDERS

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

JURISDICTION

Exclusive Jurisdiction for the purpose of this Issue is with the competent courts/authorities in India.

The Equity Share have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and may not be issued or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are being issued and sold only outside the United States in off-shore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

NOMINATION FACILITY TO THE INVESTOR

In accordance with Section 72 of the Companies Act, 2013, read with Companies (Share Capital and Debentures) Rules, 2014, the sole Applicant, or the first Applicant along with other joint Applicants, may nominate any one person in whom, in the event of the death of sole Applicant or in case of joint Applicants, death of all the Applicants, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale/transfer/alienation of Equity Share(s) by the person nominating. A buyer will be titled to make afresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or Corporate Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act shall upon production of such evidence, as may be required by the Board, elect either:

1. to register himself or herself as the holder of the equity shares; or
2. to make such transfer of the equity shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the equity shares, and if the notice is not complied with within a period of ninety (90) days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the equity shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the applicant would prevail. If the Applicants require changing of their nomination, they are requested to inform their respective depository participant.

ARRANGEMENTS FOR DISPOSAL OF ODD LOTS

The trading of the equity shares will happen in the minimum contract size of [●] Equity Shares in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012. However, in terms of Regulation 261(5) of the SEBI (ICDR) Regulations, 2018, the market maker shall buy the entire shareholding of a shareholder in one lot, where value of such shareholding is less than the minimum contract size allowed for trading on the Emerge Platform of National Stock Exchange of India Limited.

There are no new financial instruments such as deep discounted bonds, debenture, warrants, secured premium notes, etc. issued by our Company. Application by eligible NRIs, FPIs Registered with SEBI, VCFs, AIFs registered with SEBI and QFIs. It is to be understood that there is no reservation for Eligible NRIs or FPIs or QFIs or VCFs or AIFs registered with SEBI. Such Eligible NRIs, QFIs, FPIs, VCFs or AIFs registered with SEBI will be treated on the same basis with other categories for the purpose of Allocation.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the BRLM, reserve the right to not to proceed with the Issue after the Issue Opening

Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Issue advertisements were published, within two (2) days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Lead Manager through, the Registrar to the Issue, shall notify the SCSBs to unblock the bank accounts of the ASBA applicant within one (1) Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchange on which Equity Shares are proposed to be listed.

Notwithstanding the foregoing, this Issue is also subject to obtaining the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment. If our Company withdraws the Issue after the Issue Closing Date and thereafter determines that it will proceed with an issue/issue for sale of the Equity Shares, our Company shall file a fresh Draft Red Herring Prospectus with Stock Exchange.

MINIMUM SUBSCRIPTION

This Offer is not restricted to any minimum subscription level. This Offer is 100% underwritten. If the Issuer does not receive the subscription of 100% of the Issue through this offer document including devolvment of Underwriter within sixty days from the date of closure of the Offer, the Issuer shall forthwith refund the entire subscription amount received within the time limit as prescribed under the SEBI (ICDR) Regulations and Companies Act, 2013.

In terms of Regulation 272(2) of SEBI ICDR Regulations, in case the issuer fails to obtain listing or trading permission from the stock exchanges where the specified securities were to be listed, it shall refund through verifiable means the entire monies received within four (4) days of receipt of intimation from stock exchanges rejecting the application for listing of specified securities, and if any such money is not repaid within four (4) days after the issuer becomes liable to repay it the issuer and every director of the company who is an officer in default shall, on and from the expiry of the fourth day, be jointly and severally liable to repay that money with interest at the rate of fifteen per cent. per annum.

***Our Company may in consultation with the BRLM, consider closing the Bid/Issue Period for QIBs one Working Day prior to the Bid/Issue Closing Date in accordance with the SEBI ICDR Regulations*

#In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding four Working Days from the Bid/Issue Closing Date, the Bidder shall be compensated at a uniform rate of ₹ 100/- per day for the entire duration of delay exceeding four Working Days from the Bid/Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. For the avoidance of doubt, the provisions of the SEBI circular dated March 16, 2021, as amended pursuant to SEBI circular dated June 2, 2021 shall be deemed to be incorporated in the agreements to be entered into by and between the Company and the relevant intermediaries, to the extent applicable.

The above timetable, other than the Bid/Issue Closing Date, is indicative and does not constitute any obligation on our Company and the BRLM. While our Company shall ensure that all steps for the completion of the necessary formalities for the listing and commencement of trading of the Equity Shares on the Stock Exchange are taken within three Working Days of the Bid/Issue Closing Date or such other period as may be prescribed by the SEBI, the timetable may be extended due to various factors, such as extension of the Bid/Issue Period by our Company in consultation with the BRLM, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchange. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws. The SEBI is in the process of streamlining and reducing the post Issue timeline for initial public offerings.

The BRLM will be required to submit reports of compliance with listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

In terms of the UPI Circulars, in relation to the Issue, the BRLM will submit report of compliance with T+3 listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Submission of Bids

Bid/Issue Period (except the Bid/Issue Closing Date)

Submission and Revision in Bids: Only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time ("IST"))

Bid/Issue Closing Date

Submission and Revision in Bids: Only between 10.00 a.m. and 3.00 p.m. IST

On the Bid/Issue Closing Date, the Bids shall be uploaded until:

- i. 4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- ii. until 5.00 p.m. IST or such extended time as permitted by the Stock Exchange, in case of Bids by Retail Individual Bidders.

On the Bid/Issue Closing Date, extension of time will be granted by the Stock Exchange only for uploading Bids received from Retail Individual Bidders after taking into account the total number of Bids received and as reported by the BRLM to the Stock Exchange.

The Registrar to the Issue shall submit the details of cancelled/ withdrawn/ deleted applications to the SCSBs on a daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/ Issue Closing Date by obtaining the same from the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day and submit the confirmation to the BRLM and the RTA on a daily basis.

To avoid duplication, the facility of re-initiation provided to Syndicate Members, if any shall preferably be allowed only once per Bid/batch and as deemed fit by the Stock Exchange, after closure of the time for uploading Bids.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to limitation of time available for uploading the Bids on the Bid/Issue Closing Date, Bidders are advised to submit their Bids one day prior to the Bid/Issue Closing Date. Any time mentioned in this Red Herring Prospectus is Indian Standard Time. Bidders are cautioned that, in the event, large number of Bids are received on the Bid/Issue Closing Date, as is typically experienced in public offerings, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Issue. Bids will be accepted only during Monday to Friday (excluding any public holiday). None among our Company or any Member of the Syndicate shall be liable for any failure in (i) uploading the Bids due to faults in any software/ hardware system or blocking of application amount by the SCSBs on receipt of instructions from the Sponsor Bank on account of any errors, omissions or non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in, or otherwise, in the UPI Mechanism.

In case of any discrepancy in the data entered in the electronic book *vis-a-vis* data contained in the physical Bid cum Application Form, for a particular Bidder, the details of the Bid file received from the Stock Exchanges may be taken.

Our Company in consultation with the BRLM, reserve the right to revise the Price Band during the Bid/Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly. The Floor Price shall not be less than the face value of the Equity Shares.

In case of any revision to the Price Band, the Bid/Issue Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid/Issue Period not exceeding a total of 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the BRLM, for reasons to be recorded in writing, extend the Bid/Issue Period for a minimum of three Working Days, subject to the Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/Issue Period, if applicable, will be widely disseminated by notification to the Stock Exchange, by issuing a public notice, and also by indicating the change on the respective websites of the BRLM and the terminals of the Syndicate Members, if any and by intimation to SCSBs, other Designated Intermediaries and the Sponsor Bank, as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

Bids will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holiday).

Phased implementation of unified payments interface

SEBI has issued UPI Circulars in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI will be introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIIs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circulars proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

- a. Phase I: This phase was applicable from January 01, 2019 and lasted till June 30, 2019. Under this phase, a Retail Individual Bidder, besides the modes of Bidding available prior to the UPI Circulars, also had the option to submit the Bid cum Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six (6) Working Days.
- b. Phase II: This phase commenced on completion of Phase I i.e., with effect from July 1, 2019 and was to be continued for a period of three months or launch of five main board public issues, whichever is later. Further, as per the SEBI circular SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019, the UPI Phase II has been extended until March 31, 2020. Further still, as per SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, the current Phase II of Unified Payments Interface with Application Supported by Blocked Amount be continued till further notice. Under this phase, submission of the Application Form by a Retail Individual Bidder through intermediaries to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public issue closure to listing would continue to be six Working Days during this phase.
- c. Phase III: This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 ("T+3 Notification"). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by the SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

The Issue is being made under Phase III of the UPI (on a mandatory basis).

All SCSBs offering the facility of making applications in public issues are required to provide a facility to make applications using the UPI Mechanism. Further, in accordance with the UPI Circulars, our Company has appointed Axis Bank Limited as the Sponsor Bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Investors into the UPI mechanism.

Pursuant to the UPI Circular, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors' complaints in this regard, the relevant SCSB as well as the post – Offer BRLM will be required to compensate the concerned investor.

SEBI through its circular (SEBI/HO/CFD/DIL2/CIR/P/2022/45) dated April 5, 2022, has prescribed that all individual investors applying in initial public offerings opening on or after May 1, 2022, where the application amount is up to Rs. 5,00,000, shall use UPI. Individual investors bidding under the Non-Institutional Portion bidding for more than Rs. 200,000 and up to Rs. 5,00,000, using the UPI Mechanism, shall provide their UPI ID in the Bid-cum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

The processing fees for applications made by Retail Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021. For further details, refer to the “General Information Document” available on the websites of the Stock Exchange and the BRLM.

Bid cum Application Form

Copies of the Bid cum Application Form (other than for Anchor Investors) and the abridged prospectus will be available with the Designated Intermediaries at the Bidding Centres, and our Registered Office. An electronic copy of the Bid cum Application Form will also be available for download on the websites of NSE (www.nseindia.com) at least one day prior to the Bid/Offer Opening Date.

Copies of the Anchor Investor Application Form will be available at the office of the BRLM.

All Bidders (other than Anchor Investors) shall mandatorily participate in the Offer only through the ASBA process. Anchor Investors are not permitted to participate in the Offer through the ASBA process. The RII's Bidding in the Retail Portion can additionally Bid through the UPI Mechanism.

A Retail Individual Investor making applications using the UPI Mechanism shall use only his / her own bank account or only his / her own bank account linked UPI ID to make an application in the Issue. The SCSBs, upon receipt of the Application Form will upload the Bid details along with the UPI ID in the bidding platform of the Stock Exchange. Applications made by the Retail Individual Investors using third party bank accounts or using UPI IDs linked to the bank accounts of any third parties are liable for rejection. The Bankers to the Issue shall provide the investors' UPI linked bank account details to the RTA for the purpose of reconciliation. Post uploading of the Bid details on the bidding platform, the Stock Exchanges will validate the PAN and demat account details of Retail Individual Investors with the Depositories.

ASBA Bidders shall submit a Bid cum Application Form either in physical or electronic form to the SCSB's authorizing blocking funds that are available in the bank account specified in the Bid cum Application Form used by ASBA Bidders.

ASBA Bidders (other than RIBs using UPI Mechanism) must provide bank account details and authorization to block funds in their respective ASBA Accounts in the relevant space provided in the ASBA Form and the ASBA Forms that do not contain such details are liable to be rejected.

ASBA Bidders shall ensure that the Bids are made on ASBA Forms bearing the stamp of the Designated Intermediary, submitted at the Bidding Centres only (except in case of electronic ASBA Forms) and the ASBA Forms not bearing

such specified stamp are liable to be rejected. RIBs Bidding in the Retail Portion using UPI Mechanism, may submit their ASBA Forms, including details of their UPI IDs, with the Syndicate, Sub-Syndicate members, Registered Brokers, RTAs or CDPs. RIBs authorizing an SCSB to block the Bid Amount in the ASBA Account may submit their ASBA Forms with the SCSBs. ASBA Bidders must ensure that the ASBA Account has sufficient credit balance such that an amount equivalent to the full Bid Amount can be blocked by the SCSB or the Sponsor Bank, as applicable at the time of submitting the Bid.

Since the Offer is made under Phase II of the UPI Circulars, ASBA Bidders may submit the ASBA Form in the manner below:

- i. RIIs (other than the RIIs using UPI Mechanism) may submit their ASBA Forms with SCSBs (physically or online, as applicable), or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.
- ii. RIIs using the UPI Mechanism, may submit their ASBA Forms with the Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.
- iii. QIBs and NIBs may submit their ASBA Forms with SCSBs, Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs. ASBA Applicants shall submit an Application Form either in physical or electronic form to the SCSB's authorizing blocking funds that are available in the bank account specified in the Application Form used by ASBA applicants.

Anchor Investors are not permitted to participate in the issue through the ASBA process

In accordance with the SEBI circular no. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all the Bidders have to compulsorily apply through the ASBA Process. Bidders shall only use the specified Bid cum Application Form for the purpose of making a Bid in terms of the Red Herring Prospectus.

The prescribed colour of the Application Form for various categories is as follows:

Category	Colour of Application Form
Resident Indians and Eligible NRIs applying on a non-repatriation basis	White
Non-Residents including Eligible NRIs, FII's, FVCIs etc. applying on a repatriation basis	Blue
Anchor Investors**	White

**Excluding electronic Bid cum Application Form*

*** Bid cum application for Anchor Investor shall be made available at the Office of the BRLM.*

Note:

- ◆ Details of depository account are mandatory and applications without depository account shall be treated as incomplete and rejected. Investors will not have the option of getting the allotment of specified securities in physical form. However, they may get the specified securities re-materialised subsequent to allotment.
- ◆ The shares of the Company, on allotment, shall be traded on stock exchanges in demat mode only.
- ◆ Single bid from any investor shall not exceed the investment limit/maximum number of specified securities that can be held by such investor under the relevant regulations/statutory guidelines.

As per the existing regulations, OCBs are not eligible to participate in this Issue. The RBI has however clarified in its circular, A.P. (DIR Series) Circular No. 44, dated December 8, 2003 that OCBs which are incorporated and are not under the adverse notice of the RBI are permitted to undertake fresh investments as 138 incorporated non-resident entities in terms of Regulation 5(1) of RBI Notification No.20/2000-RB dated May 3, 2000 under FDI Scheme with the prior approval of Government if the investment is through Government Route and with the prior approval of RBI if the investment is through Automatic Route on case by case basis. OCBs may invest in this Issue provided it obtains a prior approval from the RBI. On submission of such approval along with the Bid Cum Application Form, the OCB shall be eligible to be considered for share allocation.

MAXIMUM AND MINIMUM APPLICATION SIZE

a) For Retail Individual Applicants

The Application must be for a minimum of [●] Equity Shares. As the Application Price payable by the Applicant cannot exceed Rs. 2,00,000, they can make Application for only minimum Application size i.e. for [●] Equity Shares.

b) For Other Applicants (Non-Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares such that the Application Amount exceeds Rs. 2,00,000 and in multiples of [●] Equity Shares thereafter. An application cannot be submitted for more than the

Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Applicant cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application. In case of revision in Applications, the Non-Institutional Applicants, who are individuals, have to ensure that the Application Amount is greater than Rs. 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Applicants are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Red Herring Prospectus.

MEHTODS OF BIDDING PROCESS

Our Company, in consultation with the BRLM will decide the Price Band and the minimum Bid lot size for the Issue and the same shall be advertised in one widely circulated English language national daily newspaper; one widely circulated Hindi language national daily newspaper and one regional newspaper with wide circulation at least two Working Days prior to the Bid / Issue Opening Date. The BRLM and the SCSBs shall accept Bids from the Bidders during the Bid / Issue Period.

- a) The Bid / Issue Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Bid/ Issue Period maybe extended, if required, by an additional three Working Days, subject to the total Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid / Issue Period, if applicable, will be published one widely circulated English language national daily newspaper; one widely circulated Hindi language national daily newspaper and one regional newspaper with wide circulation where the registered office of the company is situated, and also by indicating the change on the websites of the Book Running Lead Manager.
- b) Each Bid cum Application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Issue Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.
- c) The Bidder / Applicant cannot Bid through another Bid cum Application Form after Bids through one Bid cum Application Form have been submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.
- d) The BRLM/the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum Application Form
- e) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form, prior to uploading such Bids with the Stock Exchange.
- f) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.
- g) If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.
- h) The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful

Bidders to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

BIDS AT DIFFERENT PRICES LEVELS AND REVISION OF BIDS

- a) Our Company in consultation with the BRLM, and without the prior approval of, or intimation, to the Bidders, reserves the right to revise the Price Band during the Bid/ Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on the either side i.e. the floor price can move up or down to the extent of 20% of the floor price disclosed. If the revised price band decided, falls within two different price bands than the minimum application lot size shall be decided based on the price band in which the higher price falls into.
- b) Our Company in consultation with the BRLM, will finalize the Issue Price within the Price Band, without the prior approval of, or intimation, to the Bidders.
- c) The Bidders can Bid at any price within the Price Band. The Bidder has to Bid for the desired number of Equity Shares at a specific price. Retail Individual Bidders may Bid at the Cut-off Price. However, bidding at the Cut-off Price is prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders shall be rejected.
- d) Retail Individual Bidders, who Bid at Cut-off Price agree that they shall purchase the Equity Shares at any price within the Price Band. Retail Individual Bidders shall submit the Bid cum Application Form along with a cheque/demand draft for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders shall instruct the SCSBs to block an amount based on the Cap Price.

PARTICIPATION BY ASSOCIATES OF BRLM

The BRLM shall not be entitled to subscribe to this Issue in any manner except towards fulfilling their underwriting obligations. However, associates and affiliates of the BRLM may subscribe to Equity Shares in the Issue, either in the QIB Portion and Non-Institutional Portion where the allotment is on a proportionate basis. All categories of Applicants, including associates and affiliates of the BRLM, shall be treated equally for the purpose of allocation to be made on a proportionate basis.

OPTION TO SUBSCRIBE IN THE ISSUE

- a) As per Section 29(1) of the Companies Act 2013, Investors will get the allotment of Equity Shares in dematerialization form only.
- b) The Equity Shares, on allotment, shall be traded on Stock Exchange in demat segment only.
- c) In a single Application Form any investor shall not exceed the investment limit/minimum number of specified securities that can be held by him/her/it under the relevant regulations/statutory guidelines and applicable law.

Sale proceeds of such investments in equity shares will be allowed to be repatriated along with a income thereon subject to permission of the RBI and subject to the Indian Tax Laws and Regulations and any other applicable laws. The company does not require approvals from FIPB or RBI for the issue of equity shares to eligible NRIs, FIIs, Foreign Venture Capital Investors registered with SEBI and multi-lateral and Bi-lateral development financial institutions

In accordance with the FEMA Rules, the total holding by any individual NRI, on a repatriation basis, shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and

OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company. Participation of Eligible NRIs in the Issue shall be subject to the FEMA Non-debt Instrument Rules.

Only bids accompanied by payment in Indian rupees or fully convertible foreign exchange will be considered for allotment. For details of restrictions on investment by NRIs, please refer to the chapter titled “Restrictions on Foreign Ownership of Indian Securities” beginning on page no. 385 of this Red Herring Prospectus.

APPLICATIONS BY ELIGIBLE FIIs/FPIs

In terms of the SEBI FPI Regulations, an FII who holds a valid certificate of registration from SEBI shall be deemed to be a registered FPI until the expiry of the block of three years for which fees have been paid as per the SEBI FII Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) must be below 10% of our post-Issue Equity Share capital and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company.. Further, in terms of the FEMA NDI Rules, with effect from April 1, 2020, the aggregate FPI investment limit is the sectoral cap applicable to an Indian company as prescribed in the FEMA NDI Rules with respect to its paid-up equity capital on a fully diluted basis. Currently, the sectoral cap for relevant business sector in India is 100% under automatic route.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time. In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non-Residents.

In terms of the FEMA, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

The FEMA NDI Rules were enacted on October 17, 2019 in supersession of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017, except as respects things done or omitted to be done before such supersession. FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments(as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with ‘know your client’ norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing off-shore derivate instruments is also required to ensure that any transfer of off-shore derivative instruments issued by, or on behalf of it subject to, inter alia, the following conditions:

- (i). such offshore derivative instruments are transferred to person subject to fulfilment of SEBI FPI Regulations; and
- (ii). prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred are pre-approved by the FPI.

Bids by FPIs which utilise the multi-investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of the SEBI FPI Regulations (“Operational FPI Guidelines”), submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs shall not be treated as multiple Bids (“MIM Bids”). It is hereby clarified that FPIs

bearing the same PAN may be treated as multiple Bids by a Bidder and may be rejected, except for Bids from FPIs that utilise the multi-investment manager structure in accordance with the Operational FPI Guidelines (such structure referred to as “MIM Structure”). In order to ensure valid Bids, FPIs making MIM Bids using the same PAN and with different beneficiary account numbers, Client IDs and DP IDs, are required to submit a confirmation that their Bids are under the MIM Structure and indicate the name of their investment managers in such confirmation which shall be submitted along with each of their Bid cum Application Forms. In the absence of such confirmation from the relevant FPIs, such MIM Bids shall be rejected.

APPLICATIONS BY SEBI REGISTERED ALTERNATIVE INVESTMENT FUND (AIF), VENTURE CAPITAL FUNDS AND FOREIGN VENTURE CAPITAL INVESTORS

The Securities and Exchange Board of India (Venture Capital Funds) Regulations, 1996 as amended, (the “SEBI VCF Regulations”) and the Securities and Exchange Board of India (Foreign Venture Capital Investor) Regulations, 2000, as amended, among other things prescribe the investment restrictions on VCFs and FVCIs registered with SEBI. Further, the Securities and Exchange Board of India (Alternative Investment Funds) Regulations, 2012 (the “SEBI AIF Regulations”) prescribe, amongst others, the investment restrictions on AIFs.

The holding by any individual VCF registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

The category I and II AIFs cannot invest more than 25% of the corpus in one Investee Company. A category III AIF cannot invest more than 10% of the corpus in one Investee Company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulation until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

All FIIs and FVCIs should note that refunds, dividends, and other distributions, if any, will be payable in Indian Rupees only and net of Bank charges and commission.

Our Company or the Lead Manager will not be responsible for loss, if any, incurred by the Applicant on account of conversion of foreign currency.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Applicants will be treated on the same basis with other categories for the purpose of allocation.

APPLICATIONS BY LIMITED LIABILITY PARTNERSHIPS

In case of applications made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Application Form. Failing this, our Company reserves the right to reject any application, without assigning any reason thereof. Limited Liability Partnerships can participate in the Issue only through the ASBA Process.

APPLICATIONS BY INSURANCE COMPANIES

In case of applications made by insurance companies registered with the IRDA, a certified copy of certificate of registration issued by IRDA must be attached to the Application Form. Failing this, our Company reserves the right to reject any application, without assigning any reason thereof.

The exposure norms for insurers are prescribed under the IRDAI Investment Regulations, based on investments in equity shares of the investee company, the entire group of the investee company and the industry sector in which the investee

company operates. Insurance companies participating in the Issue are advised to refer to the IRDAI Investment Regulations 2016, as amended, which are broadly set forth below:

- a) equity shares of a company: the lower of 10%* of the outstanding equity shares (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- b) the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- c) the industry sector in which the investee company operates: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under (a), (b) and (c) above, as the case may be.

**The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of ₹ 25,000,000 lakhs or more and 12% of outstanding equity shares (face value) for insurers with investment assets of ₹ 5,000,000 lakhs or more but less than ₹ 25,000,000 lakhs.*

Insurance companies participating in this Issue, shall comply with all applicable regulations, guidelines and circulars issued by IRDA from time to time.

APPLICATIONS BY BANKING COMPANIES

Applications by Banking Companies: In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof. The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended and Master Circular on Basel III Capital Regulations dated July 01, 2014, as amended, is 10.00% of the paid up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10.00% of the bank's own paid-up share capital and reserves, whichever is lower.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company, subject to prior approval of the RBI if (i) the investee company is engaged in nonfinancial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act; or (ii) the additional acquisition is through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company. The bank is required to submit a time bound action plan to the RBI for the disposal of such shares within a specified period. The aggregate investment by a banking company along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid up share capital engaged in nonfinancial services. However, this cap doesn't apply to the cases mentioned in (i) and (ii) above. The aggregate equity investments made by a banking company in all subsidiaries and other entities engaged in financial services and nonfinancial services, including overseas investments shall not exceed 20% of the bank's paid-up share capital and reserves.

In terms of the Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended (i) a bank's investment in the capital instruments issued by banking, financial and insurance entities should not exceed 10% of its capital funds; (ii) banks should not acquire any fresh stake in a bank's equity shares, if by such acquisition, the investing bank's holding exceeds 5% of the investee bank's equity capital; (iii) equity investment by a bank in a subsidiary company, financial services company, financial institution, stock and other exchanges should not exceed 10% of the bank's paid-up share capital and reserves; (iv) equity investment by a bank in companies engaged in non-financial services activities would be subject to a limit of 10% of the investee company's paid-up share capital or 10% of the bank's paid-up share capital and reserves, whichever is less; and (v) a banking company is restricted from holding shares in any company, whether as pledgee, mortgagee or absolute owner, of an amount exceeding 30% of the paid-up share capital of that company or

30% of its own paid-up share capital and reserves, whichever is less. For details in relation to the investment limits under Master Direction – Ownership in Private Sector Banks, Directions, 2016, please refer chapter titled “Key Industry Regulations” beginning on Page No. 202 of this Red Herring Prospectus.

Applications by SCSBs: SCSBs participating in the Offer are required to comply with the terms of the SEBI circulars dated September 13, 2012 and January 02, 2013. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

Applications by Systemically Important NBFCs: In case of Bids made by Systemically Important NBFCs registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, (ii) the last audited financial statements on a standalone basis, (iii) a net worth certificate from its statutory auditors, and (iv) such other approval as may be required by the Systemically Important NBFCs are required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof. Systemically Important NBFCs participating in the Issue shall comply with all applicable regulations, directions, guidelines and circulars issued by the RBI from time to time. The investment limit for Systemically Important NBFCs shall be as prescribed by RBI from time to time.

APPLICATION BY PROVIDENT FUNDS/ PENSION FUNDS

In case of applications made by provident funds/pension funds, subject to applicable laws, with minimum corpus of Rs. 2,500 Lakhs, a certified copy of certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be attached to the Application Form. Failing this, our Company reserves the right to reject any application, without assigning any reason thereof.

APPLICATION BY ANCHOR INVESTOR

In accordance with the SEBI ICDR Regulations, in addition to the details and conditions mentioned in this section, the key terms for participation by Anchor Investors are provided below.

Anchor Investor Application Forms will be made available for the Anchor Investor Portion at the offices of the BRLMs.

The Bid has been for a minimum of such number of Equity Shares so that the Bid Amount exceeds ₹20 million.

A Bid cannot be submitted for over 60% of the QIB Portion. In the case of a Mutual Fund, separate Bids by individual schemes of a Mutual Fund were aggregated to determine the minimum application size of ₹20 million.

One-third of the Anchor Investor Portion will be reserved for allocation to domestic Mutual Funds.

Bidding for Anchor Investors will open one Working Day before the Bid/Issue Opening Date, i.e., the Anchor Investor Bidding Date, and was completed on the same day.

Our Company and, in consultation with the BRLMs may finalise allocation to the Anchor Investors on a discretionary basis, provided that the minimum number of Allottees in the Anchor Investor Portion were not less than:

-maximum of two Anchor Investors, where allocation under the Anchor Investor Portion is up to ₹20 million

-minimum of two and maximum of 15 Anchor Investors, where the allocation under the Anchor Investor Portion is more than ₹20 million but up to ₹250 million, subject to a minimum Allotment of ₹ 10 million per Anchor Investor; and in case of allocation above ₹250 million under the Anchor Investor Portion, a minimum of five such investors and a maximum of 15 Anchor Investors for allocation up to ₹250 million, and an additional 10 Anchor Investors for every additional ₹250 million, subject to minimum Allotment of ₹10 million per Anchor Investor.

Allocation to Anchor Investors was completed on the Anchor Investor Bidding Date. The number of Equity Shares

allocated to Anchor Investors and the price at which the allocation was made will be made available in the public domain by the BRLMs before the Bid/ Issue Opening Date, through intimation to the Stock Exchange.

Anchor Investors could not withdraw or lower the size of their Bids at any stage after submission of the Bid.

As per Schedule XIII of SEBI ICDR Regulation, 50% of the Equity Shares allotted to Anchor Investors in the Anchor Investor Portion were required to be locked in for a period of 90 days from the date of Allotment, while the remaining 50% of the Equity Shares allotted to Anchor Investors in the Anchor Investor Portion shall be locked in for a period of 30 days from the date of Allotment.

If the Issue Price is greater than the Anchor Investor Allocation Price, the additional amount being the difference between the Issue Price and the Anchor Investor Allocation Price were required to be payable by the Anchor Investors on the Anchor Investor Pay-in Date specified in the CAN. If the Issue Price is lower than the Anchor Investor Allocation Price, Allotment to successful Anchor Investors will be at the higher price, i.e., the Anchor Investor Allocation Price shall still be the Anchor Investor Office Price.

Neither the BRLMs or any associate of the BRLMs ((except Mutual Funds sponsored by entities which are associates of the BRLMs or insurance companies promoted by entities which are associate of BRLMs or AIFs sponsored by the entities which are associate of the BRLMs or FPIs, other than individuals, corporate bodies or family offices sponsored by the entities which are associate of the BRLMs) nor any “person related to the Promoters or Promoter Group” shall apply in the Issue under the Anchor Investor Portion. For details, see “Issue Procedure” on page 265 of this Red Herring Prospectus.

Bids made by QIBs under both the Anchor Investor Portion and the QIB Portion were not considered multiple Bids.

For more information, see the General Information Document.

APPLICATION UNDER POWER OF ATTORNEY

In case of applications made pursuant to a power of attorney by limited companies, corporate bodies, registered societies, FIIs, Mutual Funds, insurance companies and provident funds with minimum corpus of Rs. 2,500 Lakhs (subject to applicable law) and pension funds with a minimum corpus of Rs. 2,500 Lakhs a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws must be lodged with the Application Form. Failing this, our Company reserves the right to accept or reject any application in whole or in part, in either case, without assigning any reason therefore.

In addition to the above, certain additional documents are required to be submitted by the following entities:

- (a) With respect to applications by VCFs, FVCIs, FIIs and Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Application Form. Failing this, our Company reserves the right to accept or reject any application, in whole or in part, in either case without assigning any reasons thereof.
- (b) With respect to applications by insurance companies registered with the Insurance Regulatory and Development Authority, in addition to the above, a certified copy of the certificate of registration issued by the Insurance Regulatory and Development Authority must be lodged with the Application Form as applicable. Failing this, our Company reserves the right to accept or reject any application, in whole or in part, in either case without assigning any reasons thereof.
- (c) With respect to applications made by provident funds with minimum corpus of Rs. 2,500 Lakhs (subject to applicable law) and pension funds with a minimum corpus of Rs. 2,500 Lakhs, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be lodged along with the Application Form. Failing this, our Company reserves the right to accept or reject such application, in whole or in part, in either case without assigning any reasons thereof.

Our Company in its absolute discretion, reserves the right to relax the above condition of simultaneous lodging of the

power of attorney along with the Application Form, subject to such terms and conditions that our Company, the lead manager may deem fit.

Our Company, in its absolute discretion, reserves the right to permit the holder of the power of attorney to request the Registrar to the Issue that, for the purpose of mailing of the Allotment Advice / CANs / letters notifying the unblocking of the bank accounts of ASBA applicants, the Demographic Details given on the Application Form should be used (and not those obtained from the Depository of the application). In such cases, the Registrar to the Issue shall use Demographic Details as given on the Application Form instead of those obtained from the Depositories.

The above information is given for the benefit of the Applicants. The Company and the LM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

ISSUANCE OF A CONFIRMATION NOTE ("CAN") AND ALLOTMENT IN THE OFFER:

1. Upon approval of the basis of allotment by the Designated Stock Exchange, the BRLM or Registrar to the Offer shall send to the SCSBs a list of their Bidders who have been allocated Equity Shares in the Offer.
2. The Registrar will then dispatch a CAN to their Bidders who have been allocated Equity Shares in the Offer. The dispatch of a CAN shall be deemed a valid, binding and irrevocable contract for the Bidder.

Offer Procedure for Application Supported by Blocked Account (ASBA) Bidders

In accordance with the SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all the Bidders have to compulsorily apply through the ASBA Process. Our Company and the Book Running Lead Manager are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. ASBA Bidders are advised to make their independent investigations and to ensure that the ASBA Bid Cum Application Form is correctly filled up, as described in this section.

The lists of banks that have been notified by SEBI to act as SCSB (Self Certified Syndicate Banks) for the ASBA Process are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes> For details on designated branches of SCSB collecting the Bid Cum Application Form, please refer the above-mentioned SEBI link.

Terms of Payment

The entire Offer price of Rs. [●] per share is payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar shall instruct the SCSBs to unblock the excess amount paid on Application to the Bidders.

SCSBs will transfer the amount as per the instruction of the Registrar to the Public Issue Account, the balance amount after transfer will be unblocked by the SCSBs.

The Bidders should note that the arrangement with Bankers to the Offer or the Registrar is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Offer and the Registrar to the Offer to facilitate collections from the Bidders.

Payment mechanism

The Bidders shall specify the bank account number in their Bid Cum Application Form and the SCSBs shall block an amount equivalent to the Application Amount in the bank account specified in the Bid Cum Application Form. The SCSB shall keep the Application Amount in the relevant bank account blocked until withdrawal/ rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount. However, Non-Retail Bidders shall neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Bid Cum Application Form or for unsuccessful Bid Cum Application Forms, the Registrar to the Offer shall give

instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Offer and consequent transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Offer or until rejection of the Application by the ASBA Bidder, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. d. In case of under subscription in the Offer, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Offer. For allocation in the event of an under subscription applicable to the Issuer, Bidders may refer to the RHP.

e. In case if the Retail Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage. f) Allocation to Anchor Investors shall be at the discretion of our Company and in consultation with the BRLM, subject to compliance with the SEBI Regulations.

Illustration of the Book Building and Price Discovery Process:

Bidders should note that this example is solely for illustrative purposes and is not specific to the Offer; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Offer size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Offer the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer,

in consultation with the BRLM, may finalise the Offer Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Offer Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

OTHER INSTRUCTIONS

Joint Applications in the case of Individuals

Applications may be made in single or joint names (not more than three). In the case of joint Applications, all payments will be made out in favour of the Applicant whose name appears first in the Application Form or Revision Form. All communications will be addressed to the First Applicant and will be dispatched to his or her address as per the Demographic Details received from the Depository.

Multiple Applications

An Applicant should submit only one Application (and not more than one) for the total number of Equity Shares required. Two or more Applications will be deemed to be multiple Applications if the sole or First Applicant is one and

the same.

In this regard, the procedures which would be followed by the Registrar to the Issue to detect multiple applications are given below:

- (i) All applications are electronically strung on first name, address (1st line) and applicant's status. Further, these applications are electronically matched for common first name and address and if matched, these are checked manually for age, signature and father/ husband's name to determine if they are multiple applications.
- (ii) Applications which do not qualify as multiple applications as per above procedure are further checked for common DP ID/ beneficiary ID. In case of applications with common DP ID/ beneficiary ID, are manually checked to eliminate possibility of data entry error to determine if they are multiple applications.
- (iii) Applications which do not qualify as multiple applications as per above procedure are further checked for common PAN. All such matched applications with common PAN are manually checked to eliminate possibility of data capture error to determine if they are multiple applications.

In case of a mutual fund, a separate Application can be made in respect of each scheme of the mutual fund registered with SEBI and such Applications in respect of more than one scheme of the mutual fund will not be treated as multiple Applications provided that the Applications clearly indicate the scheme concerned for which the Application has been made.

In cases where there are more than 20 valid applications having a common address, such shares will be kept in abeyance, post allotment and released on confirmation of know your client's norms by the depositories. The Company reserves the right to reject, in our absolute discretion, all or any multiple Applications in any or all categories.

After submitting an ASBA Application either in physical or electronic mode, an ASBA Applicant cannot apply (either in physical or electronic mode) to either the same or another Designated Branch of the SCSB. Submission of a second Application in such manner will be deemed a multiple Application and would be rejected. More than one ASBA Applicant may apply for Equity Shares using the same ASBA Account, provided that the SCSBs will not accept a total of more than five Application Forms with respect to any single ASBA Account.

Duplicate copies of Application Forms downloaded and printed from the website of the Stock Exchange bearing the same application number shall be treated as multiple applications and are liable to be rejected. The Company, in consultation with the Lead Manager reserves the right to reject, in its absolute discretion, all or any multiple applications in any or all categories. In this regard, the procedure which would be followed by the Registrar to the Issue to detect multiple applications is given below:

1. All Applications will be checked for common PAN. For Applicants other than Mutual Funds and FII subaccounts, Applications bearing the same PAN will be treated as multiple Applications and will be rejected.
2. For Applications from Mutual Funds and FII sub-accounts, submitted under the same PAN, as well as Applications on behalf of the Applicants for whom submission of PAN is not mandatory such as the Central or State Government, an official liquidator or receiver appointed by a court and residents of Sikkim, the Application Forms will be checked for common DP ID and Client ID.

PERMANENT ACCOUNT NUMBER OR PAN

Pursuant to the circular MRD/DoP/Circ 05/2007 dated April 27, 2007, SEBI has mandated Permanent Account Number (PAN) to be the sole identification number for all participants transacting in the securities market, irrespective of the amount of the transaction w.e.f. July 02, 2007. Each of the Applicants should mention his/her PAN allotted under the IT Act. **Applications without this information will be considered incomplete and are liable to be rejected.** It is to be specifically noted that Applicants should not submit the GIR number instead of the PAN, as the Application is liable to be rejected on this ground.

GROUNDS FOR REJECTIONS

In addition to the grounds for rejection of Bids on technical grounds as provided in the General Information Document, Bidders are requested to note that Bids maybe rejected on the following additional technical grounds:

1. Bids submitted without instruction to the SCSBs to block the entire Bid Amount;
2. Bids which do not contain details of the Bid Amount and the bank account details in the ASBA Form;

For details of instructions in relation to the Bid cum Application Form, Bidders may refer to the relevant section the GID.

BIDDERS SHOULD NOTE THAT IN CASE THE PAN, THE DP ID AND CLIENT ID MENTIONED IN THE BID CUM APPLICATION FORM AND ENTERED INTO THE ELECTRONIC APPLICATION SYSTEM OF THE STOCK EXCHANGES BY THE BIDS COLLECTING INTERMEDIARIES DO NOT MATCH WITH PAN, THE DP ID AND CLIENT ID AVAILABLE IN THE DEPOSITORY DATABASE, THE BID CUM APPLICATION FORM IS LIABLE TO BE REJECTED.

BASIS OF ALLOCATION

- a) The SEBI (ICDR) Regulations specify the allocation or Allotment that may be made to various categories of Bidders in an Offer depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Offer size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to allocation, the Bidder may refer to the RHP.
- b) Under-subscription in any category (except QIB Category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer and in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI (ICDR) Regulations, Unsubscribed portion in QIB Category is not available for subscription to other categories.
- c) In case of under subscription in the Offer, spill-over to the extent of such under- subscription may be permitted from the Reserved Portion to the Offer. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the RHP.

BASIS OF ALLOTMENT

The allotment of Equity Shares to Bidders other than Retail Individual Investors may be on proportionate basis. No

Retail Individual Investor will be allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue. However, in case the Issue is in the nature of Issue for Sale only, then minimum subscription may not be applicable.

Flow of Events from the closure of Bidding period (T DAY) Till Allotment:

- On T Day, RTA to validate the electronic bid details with the depository records and also reconcile the final certificates received from the Sponsor Bank for UPI process and the SCSBs for ASBA and Syndicate ASBA process with the electronic bid details
- RTA identifies cases with mismatch of account number as per bid file / FC and as per applicant's bank account linked to depository demat account and seek clarification from SCSB to identify the applications with third party account for rejection.
- Third party confirmation of applications to be completed by SCSBs on T+1 day.
- RTA prepares the list of final rejections and circulate the rejections list with BRLM(s)/ Company for their review/comments.
- Post rejection, the RTA submits the basis of allotment with the Designated Stock Exchange (DSE).
- The DSE, post verification approves the basis and generates drawal of lots wherever applicable, through a random number generation software.
- The RTA uploads the drawal numbers in their system and generates the final list of allottees as per process mentioned below.

Process for generating list of Allottees:

- Instruction is given by RTA in their Software System to reverse category wise all the application numbers in the ascending order and generate the bucket /batch as per the allotment ratio. For example, if the application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawal of lots provided by Designated Stock Exchange (DSE) is 3 and 5 then the system will pick every 3rd and 5th application in each of the lot of the category and these applications will be allotted the shares in that category.
- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the oversubscription times.
- In categories where there is undersubscription, the Registrar will do full allotment for all valid applications.
- On the basis of the above, the RTA will work out the allottees, partial allottees and non- allottees, prepare the fund transfer letters and advice the SCSBs to debit or unblock the respective accounts.

Issuance of Allotment advice

- a. Upon approval of the Basis of Allotment by the Designated Stock Exchange.
- b. On the basis of approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the allotment and credit of equity shares. Bidders are advised to instruct their Depository Participants to accept the Equity Shares that may be allotted to them pursuant to the Offer. The Book Running Lead Manager or the Registrar to the Offer will dispatch an Allotment Advice to their Bidders who have been allocated Equity Shares in the Offer. The dispatch of Allotment Advice shall be deemed a valid, binding and irrevocable contract for the Allotment to such Bidder.
- c. Issuer will make the allotment of the Equity Shares and initiate corporate action for credit of shares to the successful Bidders Depository Account within 2 working days of the Offer Closing date. The Issuer also ensures the credit of shares to the successful Bidders Depository Account is completed within one working Day from the date of allotment, after the funds are transferred from ASBA Public Issue Account to Public Issue account of the issuer.

Designated Date

On the Designated date, the SCSBs shall transfer the funds represented by allocations of the Equity Shares into Public

Issue Account with the Bankers to the Issue.

The Company will Issue and dispatch letters of allotment/ or letters of regret along with refund order or credit the allotted securities to the respective beneficiary accounts, if any, within a period of 2 working days of the Bid/ Issue Closing Date. The Company will intimate the details of allotment of securities to Depository immediately on allotment of securities under relevant provisions of the Companies Act, 2013 or other applicable provisions, if any.

RESTRICTION ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Foreign investment is allowed up to 100% under automatic route in our Company.

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (DIPP), issued consolidated FDI Policy, which with effect from August 28, 2017 consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP that were in force and effect as on August 27, 2017. The Government proposes to update the consolidated circular on FDI Policy once every year and therefore, the Consolidation FDI Policy will be valid until the DIPP issues an updated circular.

The transfer of shares by an Indian resident to a Non-Resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the Consolidated FDI Policy and transfer does not attract the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (ii) the non-resident shareholding is within the sectoral limits under the Consolidated FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI/RBI.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue. The Equity Shares offered in the Issue have not been and will not be registered under the Securities Act and may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable U.S. state securities laws.

Accordingly, the Equity Shares are being offered and sold (i) within the United States to persons reasonably believed to be “qualified institutional investors” (as defined in Rule 144A under the Securities Act) pursuant to Rule 144A under the Securities Act or other applicable exemption under the Securities Act and (ii) outside the United States in offshore transactions in reliance on Regulations under the Securities Act and the applicable laws of the jurisdictions where such offers and sales occur.

The above information is given for the benefit of the Applicants. Our Company and the LM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them.

- (ii) The giving of loans by the Company to persons in the employment of the Company other than its directors or Key Managerial Personnel, for an amount not exceeding their salary or wages for a period of six months with a view to enabling them to purchase or subscribe for fully paid-up Shares in the Company to be held by them by way of beneficial ownership. Nothing in this clause shall affect the right of the Company to redeem any shares issued under Section 55.

- 8.2 Notwithstanding what is stated in Articles 8.1 above, in the event it is permitted by the Law and subject to such conditions, approvals or consents as may be laid down for the purpose, the Company shall have the power to buy-back its own shares, whether or not there is any consequent reduction of Capital. If and to the extent permitted by Law, the Company shall also have the power to re-issue the shares so bought back.
- 9. The Company shall have power to issue Securities at a premium and shall duly comply with the provision of Sections 52 of the said Act.
- 10. The Company may, subject to the provisions of Section 55 of the said Act, issue preference shares which are liable to be redeemed and may redeem such shares in any manner provided in the said section and may issue shares up to the nominal amount of the shares redeemed or to be redeemed. Where the Company has issued redeemable preference shares the provisions of the said section shall be complied with. The manner in which such shares shall be redeemed, shall be as provided by Article 80 unless the terms of issue otherwise provide.

IV. SHARES AND SHAREHOLDERS

- 11. (1) The Company shall cause to be kept and maintained the following registers namely:

 - (c) Register of any other security holders;
 - (d) including an index in respect of each of the registers to be maintained in accordance with Section 88 of the Act.
- (2) The Company shall also comply with the provisions of Sections 92 of the Act as to filing Annual Returns.
- (3) The Company shall duly comply with the provisions of Section 94 of the Act in regard to keeping of the Registers, Indexes, copies of Annual Returns and giving inspection thereof and furnishing copies thereof.
- 12. The shares in the capital shall be numbered progressively according to their several classes. Shares at the disposal of the Directors.
- 13. Subject to the provisions of the said Act and these Articles, the shares in the capital of the Company for the time being (including any shares forming part of any increased capital of the Company) shall be under the control of the Directors who may issue, allot or otherwise dispose of the same or any one of them to such persons on such proportion and on such terms and conditions and either at a premium or at par or (subject to compliance with the provisions of Section 54 of the Act) at a discount and at such times as they may from time to time think fit and proper and with the sanction of the Company in General Meeting to give to any person the option to call for or be allotted shares of any class of the Company either at par or at premium or subject aforesaid at a discount during such time and for such consideration and such option being exercisable at such times as the Directors think fit and may allot and issue shares in the capital of the Company in lieu of services rendered to the Company or in the conduct of its business; and any shares which may be so allotted may be issued as fully paid up shares and if so issued shall be deemed to be fully paid up shares.

14. (1) The shares or other interest of any member in the Company shall be movable property transferable in the manner provided by the Articles of the Company.
 - (2) Each share in the Company having a share capital shall be distinguished by its appropriate number.
 - (3) A certificate under the Seal of the Company specifying any shares held by any Member shall be prima facie evidence of the title of the Member to such shares.
15. (1) Where the Company issues shares at a premium, whether for cash or otherwise, a sum equal to the aggregate amount of the value of the premiums on those Shares shall be transferred to an amount to be called "the securities premium account", and the provisions of the Act relating to the reduction of the Share Capital of a company shall except as provided in this clause, apply as if the securities premium account were paid-up share capital of the Company.
 - (2) The securities premium account may be applied by the Company for the purposes permissible pursuant to the Act.
16. The Company shall comply with the provisions of Section 62 of the Act with regard to increasing the subscribed capital of the Company.
17. If and whenever as the result of issue of new shares or any consolidation or subdivision of shares, any shares become held by members in fractions the Directors shall subject to the provisions of the Act and the Articles and to the directions of the Company in general meeting, if any, sell those shares which members hold in fractions for the best price reasonably obtainable and shall pay and distribute to and amongst the members entitled to such shares in due proportion, the net proceeds of the sale thereof. For the purpose of giving effect to any such sale the Directors may authorize any person to transfer the shares sold to the purchaser thereof comprised in any such transfer and he shall not be bound to see to the application of the purchase money nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.
18. An application signed by or on behalf of an applicant for shares in the Company followed by an allotment of shares therein, shall be an acceptance of shares within the meaning of these Articles; The Directors shall comply with the provisions of Sections 39 and 40 of the Act so far as applicable.
19. The money (if any) which the Directors shall, on the allotment of any shares being made by them, require or direct to be paid by way of deposits, calls or otherwise in respect of any shares allotted by them, shall, immediately on the inscription of the name in the Register of Members as the holder of such shares, become a debt due to and recoverable by the Company from the allottee thereof, and shall be paid by him accordingly.
20. Where any calls for further share capital are made on shares, such calls shall be made on a uniform basis on all shares, falling under the same class.

Explanation: - For the purpose of this provision shares of the same nominal value on which different amounts have been paid up shall not be deemed to fall under the same class.
21. The Directors shall cause to be made the returns as to all allotments from time to time made in accordance with the provisions of Section 39 of the said Act.
22. If, by the conditions of allotment of any shares the whole or part of the amount or issue price thereof shall be payable by installments, every such installment shall, when, due, be paid to the Company by the person who for the time being and from time to time shall be of the shares or his legal representative.
23. Every member, or his executors or administrators or other representative, shall pay to the Company the portion of the capital represented by his share or shares, which may, for the time being, remain unpaid thereon, in such amounts, at such time or times, and in such manner, as the Directors shall, from time to time, in accordance with the Company's regulations, require or fix for the payment thereof.
24. If any share stands in the names of two or more persons all the joint-holders of the share shall be severally as well as jointly liable for the payment of all deposits, installments, and calls due in respect of such shares, and for all incidents

thereof according to the Company's regulations; but the persons first named in the Register shall, as regards service of notice, and all other matters connected with the Company, except the transfer of the share and any other matter by the said Act or herein otherwise provided, be deemed the sole holder thereof.

25. Save as herein or by laws otherwise expressly provided, the Company shall be entitled to treat the registered holder of any share as the absolute owner thereof, and accordingly shall not, except as ordered by a Court of competent jurisdiction, or as by statute required, be bound to recognize any benami trusts whatsoever or equitable, contingent, future, partial or other claim to or interest in such share on the part of any other person whether or not it shall have express or implied notice thereof; the Directors shall, however be at liberty, at their sole discretion, to register any share in the joint names of any two or more persons, and the survivor or survivors of them.

V. CERTIFICATES

26. Subject to any statutory or other requirement having the force of law governing the issue and signatures to and sealing of certificate to shares and applicable to this Company for the time being in force the certificate of title to shares and the duplicate thereof when necessary shall be issued under the seal of the Company which shall be affixed in the presence of and signed by (1) two Directors or persons acting on behalf of the Directors under a duly registered power of attorney and (2) the Secretary or some other person appointed by the Board for the purpose; a Director may sign a share certificate by affixing signature thereon by means of any machine, equipment or other mechanical means such as engraving in metal or lithography but not by means of a rubber stamp, provided that the Director shall be responsible for the safe custody of such machine, equipment or other materials used for the purpose.
27. (1) (i) Every member shall be entitled without payment to the certificate for all the Shares of each class or denomination registered in his name, or if the Board, so approve (upon paying such fees as the Board may from time to time determine) to several certificates, each for one or of such Shares and the Company shall complete such certificate within two months after the allotment or such period as may be determined at the time of the issue of such capital whichever is longer or within one month after registration of the transfer thereof as provided by Section 56 of the Act. Every certificate of shares shall have its distinctive number and be issued under the Seal of the Company and shall specify the number and denoting number of the shares in respect of which it is issued and the amount paid thereon and shall be in such form as the Board shall prescribe or approve provided that in respect of share or shares held jointly by several persons, the Company shall not be bound to issue more than one certificate and the delivery of a certificate for a share or shares to one of several joint-holders shall be deemed to be sufficient delivery to all.
- (ii) A certificate of shares registered in the names of two or more persons, unless otherwise directed by them in writing, may be delivered to any one of them on behalf of them all.
- (2) (i) Notwithstanding anything contained herein, the Company shall be entitled to dematerialize its shares, debentures and other securities pursuant to the Depositories Act, 1996 and to offer its shares, debentures and other securities for subscription in a dematerialized form.
- (ii) Notwithstanding anything contained herein, the Company shall be entitled to treat the person whose names appear in the register of members as a holder of any share or whose names appear as beneficial owners of shares in the records of the Depository, as the absolute owner thereof and accordingly shall not (except as ordered by a Court of competent jurisdiction or as required by law) be bound to recognize any benami trust or equity or equitable contingent or other claim to or interest in such share on the part of any other person whether or not it shall have express or implied notice thereof.
- (iii) Notwithstanding anything contained herein, in the case of transfer of shares or other marketable securities where the Company has not issued any Certificates and where such shares or other marketable securities are being held in an electronic and fungible form, the provisions of the Depositories Act, 1996 shall apply. Further, the provisions relating to progressive numbering shall not apply to the shares of the Company which have been dematerialized.

28. If any certificate be worn out, defaced, destroyed or lost or if there be no further space on the back thereof for endorsement of transfer, then upon production thereof to the Board, they, may order the same to be cancelled, and may issue a new certificate in lieu thereof and if any certificate be lost or destroyed then upon proof thereof to the satisfaction of the Board and on such indemnity as the

Board deem adequate being given, a new certificate in lieu thereof shall be given to the party entitled to such lost or destroyed certificate. A sum not exceeding Rs. 50/- shall be paid to the Company for every certificate issued under this clause, as the Board may fix from time to time, provided that no fee shall be charged for issue of new certificate in replacement of those which are old, worn, decrepit or where the cages on the reverse for recording transfers have been fully utilized.

29. The Board may waive payment of any fee generally or in any particular case.
30. Every endorsement upon the certificate of any share in favour of any transferee thereof shall be signed by such person for the time being Authorised by the Board in that behalf.
31. The Board shall comply with requirements prescribed by any Rules made pursuant to the said Act; relating to the issue and execution of share certificates.

VI. CALLS ON SHARES

32. Subject to the provisions of Section 49 of the said Act, the Board may, from time to time, by means of resolution passed at its meetings make such calls as they may think fit upon the members in respect of moneys unpaid on the share held by them respectively and not by the conditions of allotment thereof made payable at fixed times, and each member shall pay the amount of every call so made on him to the persons and at the times and place appointed by the Board. A call may be made payable by installments.
33. A call shall be deemed to have been made at the time when the resolution of the Board authorizing such call was passed and may be made payable by members on a subsequent date to be specified by Directors.
34. Fourteen days' notice at least of every call made payable otherwise than on allotment shall be given by the Company in the manner hereinafter provided for the giving of notices specifying the time and place of payment, and the person to whom such call shall be paid. Provided that before the time for payment of such call the Board may by notice given in the manner hereinafter provided revoke the same. The Board may, from time to time at their discretion, extend the time fixed for the payment of any call, and may extend such time as to all or any of the members who, the Board may deem fairly entitled to such extension; but no member shall be entitled to any such extension, except as a matter of grace and favour.
35. If by the terms of issue of any share or otherwise any amount is payable at any fixed time or by installments at fixed times, whether on account of the share or by way of premium, every such amount or installments shall be payable as if it were a call duly made by the Board and of which due notice had been given, and all the provisions herein contained in respect of calls shall relate to such amount or installments accordingly.
36. If the sum payable in respect of any call or such other amount or installments be not paid on or before the day appointed for payment thereof or any extension thereof as aforesaid, the holder for the time being of the share, in respect of which the call shall have been made, or such amount or installment shall be due, shall pay interest for the same, from the day appointed for the payment thereof to the time of actual payment at such rate not exceeding ten per cent per annum, as shall from time to time be fixed by the Board. Nothing in this Article shall however, be deemed to make it compulsory on the Board to demand or recover any such interest, and the payment of such interest, wholly or in part, may be waived by the Board if they think fit so to do.
37. Any money due from the Company to a member may, without the consent and notwithstanding the objection of such member, be applied by the Company in or towards the payment of any money due from him to the Company for calls or otherwise.

38. either a judgement nor a decree in favour of the Company for calls of other moneys due in respect of any shares nor any part-payment or satisfaction thereunder nor the receipt by the Company of apportion of any money which shall from time to time be due from any member to the Company in respect of his shares, either by way of principal or interest, nor any indulgence granted by the Company in respect of payment of any such money, shall preclude the forfeiture of such shares as hereinafter provided.
39. On the trial or hearing of any action or suit brought by the Company against any member or his legal representatives to recover any moneys claimed to be due to the Company for any call or othersum in respect of his shares, it shall be sufficient to prove that the name of the member in respect of whose shares the money is sought to be recovered, appears entered on the Register of Members as the holder, or one of the holders, at or subsequent to the date at which the money sought to be recovered is alleged to have become due, on the shares in respect of which such money is sought to be recovered, and that the amount claimed is not entered as paid in the books of the Company or the Register of Members and that the resolution making the call is duly recorded in the minute book, and that notice of such call was duly given to the member or his legal representatives sued in pursuance of these presents; and it shall not be necessary to prove the appointment of the Directors who made such call, not that a quorum of Directors was present at the meeting of the Board at which such call was made, nor that the meeting at which such call was made duly convened or constituted, nor any other matter whatsoever, but the proof of the matters aforesaid shall be conclusive evidence of the debts, and the same shall be recovered by the Company against the member or his representatives from whom the same is sought to be recovered unless it shall be proved, on behalf of such member or his representatives against the Company that the name of such member was improperly inserted in the register, or that the money sought to be recovered has actually been paid.
40. (1) The Board may, if they think fit, subject to the provisions of Section 50 of the Act receive from any member willing to advance the same, either in money or money's worth the whole or any part of the amount remaining unpaid on the shares held by him beyond the sum actually called up and upon the moneys so paid or satisfied in advance, or so much thereof, as from time to time and at any time thereafter exceeds the amount of the calls then made upon and due respect of the shares on account of which such advances have been made, the Company may pay or allow interest at such rate as the member paying such advance and the Board agree upon; provided always that if at any time after the payment of any such money the rate of interest so agreed to be paid to any such member appears to the Board to be excessive, it shall be lawful for the Board from time to time to repay to such member so much of money as shall then exceed the amount of the calls made upon such shares, unless there be an express agreement to the contrary; and after such repayment such member shall be liable to pay, and such advance had been made, provided also that if at any time after the payment of any money so paid in advance, the Company shall go into liquidation, either voluntary or otherwise, before the full amount of the money so advanced shall have become due by the member to the Company for installments or calls, or any other manner, the member making such advance shall be entitled (as between himself and the other members) to receive back from the Company the full balance of such moneys rightly due to him by the Company in priority to any payment to members on account of capital.
- (2) The member making such advance shall not, however, be entitled to any voting rights in respect of the moneys so advanced by him until the same would, but for such payment, become presently payable.

VII. FORFEITURE OF AND LIEN ON SHARES

41. If any member fails to pay any money due from him in respect of any call made or amount or installment as provided in Article 35 on or before the day appointed for payment of the same, or any such extension thereof as aforesaid or any interest due on such call or amount or installment or any expenses that may have been incurred thereon, the Directors or any person Authorised by them for the purpose may, at any time thereafter, during such time as such money remains unpaid, or a judgement or a decree in respect thereof remains unsatisfied in whole or in part, serve a notice in the manner hereinafter provided for the serving of notices on such member or any of his legal representatives or any of the persons entitled to the share by transmission, requiring payment of the money payable in respect of such share, together with such interest and all expenses (legal or otherwise) incurred by the Company by reason of such non-payment.

42. The notice shall name a day (not earlier than the expiration of fourteen days from the date of the notice) and a place or places on or before and at which the money due as aforesaid is to be paid. The notice may also state that in the event of the non-payment of such money at or before the time and the place appointed, the shares in respect of which the same owed will be liable to be forfeited.
43. If the requirements of any such notice as aforesaid are not complied with, every or any share in respect of which the notice is given may, at any time thereafter before payment of all calls or amounts or installments, interest and expenses due in respect thereof, be forfeited by a resolution of the Board to that effect. Such forfeiture shall include all dividends and bonuses declared in respect of the forfeited shares and not actually paid before the forfeiture.
44. When any share shall have been so forfeited, notice of the forfeiture shall be given to the member in whose name it stood immediately prior to the forfeiture or to any of his legal representatives, or to any of the persons entitled to the share by transmission and an entry of the forfeiture, with the date thereof, shall forthwith be made in the Register of Members. The provisions of this Article are, however, directory only and no forfeiture shall in any manner be invalidated by any omission or neglect to give such notice or to make such entry as aforesaid.
45. Any share so forfeited shall be deemed to be the property of the Company and the Board may sell, re-allot or otherwise dispose of the same, either to the original holder thereof or to any other persons, and either by public auction or by private sale and upon such terms and in such manner as the Directors shall think fit.
46. In the meantime, and until any share so forfeited shall be sold, re-allotted or otherwise dealt with as aforesaid, the forfeiture thereof may at the discretion and by a resolution of the Board, be remitted or annulled as a matter of grace and favour but not as of right, upon such terms and conditions as they think fit.
47. Any member whose shares have been forfeited shall, notwithstanding the forfeiture, remain liable to pay and shall forthwith pay to the Company all calls, amounts, installments, interest expenses owing upon or in respect of such shares at the time of the forfeiture, together with interest thereon, from the time of the forfeiture until payment, at the rates, not exceeding ten percent per annum as the Board may determine, in the same manner in all respects as if the shares had not been forfeited, without any deduction or allowance for the value of the shares at the time to the forfeiture and the Board may enforce the payment thereof if they think fit (but without being under any obligation so to do) without entitling such member or his representative to any remission of such forfeiture or to any compensation for the same, unless the Directors shall think fit to make such compensation, which they shall have full power to do, in such manner and on such terms on behalf of the Company as they shall think fit.
48. The forfeiture of a share shall involve the extinction of all interest in and of all claims and demands against the Company of the member in respect of the share and all other right of the member incident to the share except only such of those rights as by these Article are expressly saved.
49. The Directors may, subject to the provision of the Act, accept a surrender of any share from or by any member desirous of surrendering those on such terms as they think fit.
50. A certificate in writing, under signature of one Director and countersigned by any other person who may be Authorised for the purpose by the Board, that the call, amount or installment in respect of a share was made or was due or the interest in respect of a call, amount or installment was or the expenses were payable, as the case may be, the notice thereof as aforesaid was given and default in payment was made and that the forfeiture of the share was made by a resolution of the Board to that effect, shall be conclusive evidence of the facts stated therein as against all persons entitled to or interested in such share.
51. The Company may receive the consideration, if any, given for the share on any sale, re-allotment or other disposition thereof and the person to whom such share is sold, re-allotted or disposed of may be registered as the holder of the share and shall not be bound to see to the application of the consideration, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale, re-allotment or other disposal of the share.
52. The Company shall have a first and paramount lien upon all the shares not being fully paid-up shares, registered in

the name of each member (whether solely or jointly with another or others) and upon the proceeds of sale thereof, for all moneys from time to time due or payable by him to the Company for calls made and all amounts or installments as provided by Article 35 payable in respect of such shares and no equitable interest in any shares shall be created except upon the footing and condition that Article 25 hereof is to have full effect. Any such lien shall extend to all dividends from time to time declared in respect of such shares. Unless otherwise agreed, the registration of a transfer of shares shall operate as a waiver of the Company's lien, if any, on such shares. The Board may at any time declare any shares to be exempt, wholly or partially from the provisions of this Article.

53. For the purpose of enforcing such lien, the Directors may sell, the shares subject thereto in such manner as they think fit and transfer the same to the name of the purchaser, without any consent and notwithstanding any opposition on the part of the indebted member or any other person or persons interested therein and a complete title to the shares which shall be sold and transferred shall be acquired by the purchaser, by virtue of such sale and transfer, against such indebted member and all persons claiming with or under him whether he may be indebted to the Company in point of fact or not. But no such sale shall be made until notice in writing stating the amount due or specifying the liability of engagement and demanding payment or fulfillment or discharge thereof and of the intention to sell in default shall have been served upon such member or his heirs, executors, administrators, representatives or persons and default shall have been made by him or them in payment, fulfillment or discharge of such debts, liabilities or engagements for seven days after such notice.
54. The net proceeds of any such sale after payment of the costs of such sale, shall be applied in or towards the satisfaction of such debt's liabilities or engagements and the residue (if any) paid to such or any of his executors, administrators, representatives or assigns or any of the persons (if any) entitled by transmission to the shares sold.
55. Upon any sale after forfeiture or upon any sale for enforcing a lien, in purported exercise of the powers hereinbefore given, the Directors may appoint some person or persons to execute an instrument of transfer of the shares sold.
56. Upon any such sale after forfeiture or for enforcing a lien in purported exercise of powers the Board shall cause the purchaser's name to be entered in the Register in respect of the shares sold and shall issue to the purchaser a certificate such as is specified in Article 50 hereof in respect of the shares sold and the purchaser shall not be bound to see to the regularity of the proceedings or to the application of the purchase money and after his name has been entered in the Register in respect of such shares, the validity of the sale shall not be impeached by any person and the remedy of any person aggrieved by the sale shall be in damages only and against the Company exclusively.

VIII. TRANSFER AND TRANSMISSION OF SHARES

57. The Company shall keep a book called the 'Register of Transfers' and therein shall be fairly and distinctly entered the particulars of every transfer or transmission of any share in the Company.
58. No transfer shall be registered unless a proper instrument of transfer has been delivered to the Company. Every instrument of transfer (which shall be in the form specified in the Rules) shall be duly stamped, dated and shall be executed by or on behalf of the transferor and the transferee and in the case of a share held by two or more holders or to be transferred to the joint names of two or more transferees by all such joint-holders or by all such joint transferees, as the case may be, several executors or administrators of a deceased member proposing to transfer the shares registered in the name of such deceased member shall all sign the instrument of transfer in respect of the share as if they were the joint-holders of the share. The instrument of transfer shall specify the name, address and occupation, if any, of the transferee.
59. In the case of the death of any one or more of the persons named in the Register as the joint-holders of any share, the survivor or survivors shall be the only persons recognized by the Company as having any title to or interest in such share, but nothing herein contained shall be taken to release the estate of the deceased joint-holder from any liability on the shares held by him jointly with any other person.
60. (1) On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognized by the

company as having any title to his interest in the shares.

- (2) Where there is no, nominee, the executors or administrators of a deceased member not being one of several joint-holders shall be the only persons recognized by the Company as having any title to the shares registered in the name of such deceased member, and the Company shall not be bound to recognize such executors or administrators, unless they shall have first obtained probate or letters of administration or other legal representation, as the case may be, provided nevertheless, the Directors, in any case where they in their absolute discretion think fit, may dispense with the production of Probate or Letters of Administration or such other legal representation, upon such terms as to indemnity or otherwise as they may deem fit and under the next Article, register the name of any person who claims to be absolutely entitled to the shares standing in the name of the deceased member as a member in respect of such shares.
61. Subject to the provisions of the last preceding Article, any person to whom the right to any share has been transmitted in consequence of the death or insolvency of any member or otherwise by operation of law may, with the consent of the Board (which they shall not be under any obligation to give) and upon his producing such evidence that he sustains the character in respect of which he proposes to act under the Article and of his title as the Directors think sufficient be registered as a member in respect of such shares. This clause is hereinafter referred to as the 'transmission clause'. A transfer of the share or other interest in the Company of a deceased member thereof made by his legal representative shall, although the legal representative is not himself a member be as valid as if he had been a member at the time of effecting the transmission.
62. Every transmission of a share shall be verified in such a manner as the Directors may require and the Company may refuse to register any such transmission until the same be so verified or unless an indemnity be given to the Company with regard to such registration which the Directors at their discretion shall consider sufficient; provided nevertheless, that there shall not be any obligation on the Company or the Directors to accept any indemnity, the Directors shall have the same right to refuse to register a person entitled by transmission to any shares or his nominee as if he were the transferee named in an ordinary transfer presented for registration.
63. A person entitled to share by transmission may, until the Directors otherwise determine as provided in Article 129, receive and give discharge for any dividends, bonuses or other moneys payable in respect of the share, but he shall not be entitled to vote at any meetings of the Company and to any of the rights and privileges of a member, unless and until he shall have become a member in respect of the shares.
64. An application for the registration of a transfer of shares or other interest of a member in the Company may be made either by the transferor or the transferee. Where such application is made by the transferor and relates to partly paid shares, the transfer shall not be registered unless the Company gives notice of the application to the transferee and the transferee makes no objection to the transfer within two weeks from the delivery of the notice.
65. (1) It shall not be lawful for the Company to register a transfer of any shares unless the proper instrument of transfer duly stamped, dated and executed by or on behalf of the Transferor and by or on behalf of the Transferee and specifying the name and address and occupation of the Transferee has been delivered to the Company along with the scrip and if no such scrip is in existence, along with the letter of allotment of the shares. Where the proper instrument of transfer is not received by the Company within a period of two months from the date on which the instrument is dated, the Directors may at their sole discretion be entitled to seek such documentation including indemnities as it may deem fit, from both the transferor and transferee, or from the person who has lodged the same for transfer, and the Board may at its sole discretion be entitled to give effect to the transfer on receipt of such documentation and indemnities (save where an order of a competent court is produced, the Board shall then give effect to the transfer).
- (2) If the Company refuses to register the transfer of any shares, the Company shall within one month from the date on which the instrument of transfer is lodged with the Company send to the Transferee and the Transferor notice of the refusal as provided in Article 66.

- (3) Nothing in clause (1) shall prejudice any power of the Company to register as shareholder any person to whom the right to any share has been transmitted by operation of law.
- (4) Nothing in this Article shall prejudice any power of the Company to refuse to register the transfer of any share.
66. The Board may, at its absolute and uncontrolled discretion and without assigning or being under any obligation to give any reason, decline to register or acknowledge any transfer or transmission of shares and in particular, may so decline in any case in which the Company has a lien upon the shares or any of them or in the case of shares not fully paid-up whilst any moneys called or payable at a fixed time in respect of the shares desired to be transferred or any of them remain unpaid or unless the transferee is approved by the Board. Nothing in Section 56 of the Act shall prejudice this power
- to refuse to register the transfer of or the transmission by operation of law of the right to, any shares or interest of a member in or debentures of the Company. The registration of a transfer shall be conclusive evidence of the approval by the Board of the transferee, but so far only as regards the share or shares in respect of which the transfer is so registered and not further or otherwise and not so as to debar the Board to refuse registration of any further shares applied for. If the Board refuse to register the transfer or transmission of any shares notice of the refusal shall within two months from the date on which the instrument of transfer or intimation of transmission was delivered to the Company be sent to the Transferee and the Transferor or to the person giving intimation of the transmission, as the case may be.
67. The Transferor shall be deemed to remain the holder of the shares until the name of the transferee shall be entered in the Register of Members.
68. Every instrument of transfer which shall be registered shall remain in the custody of the Company. If the transfer relates to the only share or all the shares comprised in the certificate, such certificate or a new certificate in lieu thereof shall, after the registration of the transfer, be delivered to the transferee and if the transfer relates only to a part of the shares comprised in the certificate, the same shall, on registration of the transfer be retained by the Directors and cancelled and new certificates will be issued to the transferor and the transferee in respect of the shares respectively, held by them.
69. The Directors shall have power on giving seven days' notice by advertisement as required by Section 91 of the Act to close the Transfer Book and Register of Members of such period or periods of time in every year as to them may seem expedient, but not exceeding 45 days in any year and not exceeding 30 days at any one time.
70. The Company shall incur no liability or responsibility whatever in consequence of its registering or giving effect to any transfer of shares made or purporting to be made, by an apparent legal owner thereof (as shown or appearing in the Register of Members), to the prejudice of any person or persons having or claiming any equitable right, title or interest to or in the same shares, notwithstanding that the Company may have had notice of such equitable right title or interest or prohibiting registration of such transfer and may have entered such notice or referred thereto in any book of the Company; and the Company shall not be bound or required to regard or attend or give effect to any notice which may be given to it of any equitable right, title or interest or be under any liability whatsoever for refusing or neglecting so to do, though it may have been entered or referred to in some books of the Company; but the Company shall nevertheless be at liberty to regard and attend to any such notice and give effect thereto, if the Directors shall so think fit.
71. The provision of these Articles shall mutatis mutandis apply to the transfer or transmission by operation of law of debentures of the Company.

IX. ALTERATION OF SHARE CAPITAL

72. The Company may by Ordinary Resolution so alter the conditions of its Memorandum of Association as: -
- (1) To increase its share capital by such amount as it thinks expedient by issuing new shares;
- (2) To consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;

- (3) To convert all or any of its fully paid-up shares into stock and reconvert that stock into fully paid-up shares of any denominations;
 - (4) To sub-divide its shares or any of them into shares of smaller amount than is fixed by its Memorandum of Association, so however that in the sub-division the proportion between the amount paid and the amount, if any, unpaid on each reduced share shall be the same as it was in the case of the share from which the reduced share is derived.
 - (5) to cancel any shares which, at the date of the passing of the resolution in that behalf, have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount of the shares so cancelled.
73. The Directors may from time to time without any sanction of the Company, whenever all the shares in the issued capital shall not have been subscribed and whether all the shares for the time being subscribed shall have been fully called up or not, issue further shares of such value as they may think fit out of the unsubscribed balance of the issued capital. Such further shares shall be issued upon such terms and conditions (and if preference shares upon such conditions as to redemption) and with such rights and privileges annexed thereto as the Board shall direct and in particular, such shares may be issued with a preferential or qualified right to dividend and in the distribution of assets of the Company and subject to the provisions of Section 47 of the said Act with a special or without any right of voting and the Board may dispose of such shares or any of them either at par or at a premium, to any members or any class thereof or in such other manner as the Board may think most beneficial to the Company.
74.
 - (1) Where it is proposed to increase the subscribed capital of the Company by the issue of new shares:
 - (i) such new shares shall be offered to the persons who, at the date of the offer are holders of the equity shares of the Company, in proportion, as nearly as circumstances admit to the capital paid-up on these shares at that date;
 - (ii) the offer aforesaid shall be made by notice specifying the number of shares offered and limiting a time not being less than fifteen days and not exceeding thirty days from the date of the offer within which the offer, if not accepted, will be deemed to have been declined;
 - (iii) The offer aforesaid shall be deemed to include a right exercisable by the person concerned to renounce the shares offered to him or any of them in favour of any other person; and the notice shall contain a statement of this right;
 - (iv) after the expiry of the time specified in the notice aforesaid or on receipt of earlier intimation from the person to whom such notice is given that he declines to accept the shares offered, the Board of Directors may dispose of them in such manner as they think most beneficial to the Company.
 - (v) To employees under a scheme of employees' stock option, subject to Special Resolution passed by the company and subject to such conditions as may be specified in the relevant Rules.
 - (vi) To any persons, by way of passing a Special Resolution to that effect, whether or not those persons include the persons referred to in clause (a) or clause (b), either for cash or for a consideration other than cash, if the price of such shares is determined by the valuation report of a registered valuer subject to such conditions as may be specified in the relevant Rules
 - (2) Whenever any shares are to be offered to the members the Directors may dispose of any such shares which, by reason of the proportion borne by them to the number of persons entitled to such offer or by reason of any other difficulty in apportioning the same cannot in the opinion of the Directors be conveniently offered to the members.
 - (3) The right to issue further shares provided in this clause, shall include a right to the Company, to issue any instrument, including Global Depositary Receipt Except so far as otherwise provided by the conditions of issue or by these presents, any capital raised by creation of new shares shall be considered as part of the capital and shall be subject

to the provisions herein contained with reference to the payment of calls and installments, transfer, transmission, forfeiture, lien, surrender; voting and otherwise in all respects as if it had been the original capital.

75. The Directors shall, whenever there is a change in the share capital, file with the Registrar of Companies notice of the increase of the capital as provided by Section 64 of the said Act within thirty days after the passing of the resolution authorizing the increase.
76. (1) When any shares shall have been converted into stock, the several holders of such stock may thenceforth transfer their respective interests therein or any part of such interest, in the same manner and subject to the same regulations as and subject to which shares in the Company's capital may be transferred or as near thereto as circumstances will admit. But the Board may from time to time, if they think fit, fix the minimum amount of stock transferable and restrict or forbid the transfer of fractions of that minimum, but with full power, nevertheless, at the discretion to waive such rules in any particular case.
- (2) Notice of such conversion of shares into stock or reconversion of stock into shares shall be filed with the Registrar of Companies as provided in the said Act.
77. The stock shall confer on the holders thereof respectively the same privileges and advantages, as regards participation in profits and voting at meetings of the Company and for other purposes, as would have been conferred by shares of equal amount in the capital of the Company of the same class as the shares from which such stock was converted but no such privileges or advantages, except the participation in profits of the Company or in the assets of the Company on a winding up, shall be conferred by any such aliquot part of, consolidated stock as would not, if existing in shares, have conferred such privileges or advantages. No such conversion shall affect or prejudice any preference or other special holders of the share and authenticated by such evidence (if any) as the provisions herein contained shall, so far as circumstances will admit, apply to stock as well as to shares and the words "share" and "shareholder" in these presents shall include "stock" and "stock-holder".

X. REDUCTION OF CAPITAL

78. The Company may from time to time by Special Resolution, in such manner specified in the Act and subject to such consents as may be required under any other law for the time being in force, reduce in any manner:
- (1) its share capital
 - (2) any capital redemption reserve account; or
 - (3) any securities premium account.
79. (1) Subject to the provisions of Section 55 of the said Act, whenever any preference shares are issued which are or at the option of the Company are to be liable to be redeemed, the following provisions shall take effect:
- (i) No such shares shall be redeemed except out of the profits of the Company which would otherwise be available for dividend or out of the proceeds of a fresh issue of shares made for the purposes of the redemption.
 - (ii) No such shares shall be redeemed unless are fully paid.
 - (iii) The premium, if any payable on redemption must be provided for out of the profits of the Company or out of the Company's Securities Premium Account before the shares are redeemed.
 - (iv) Where any such shares are redeemed otherwise than out of the proceeds of a fresh issue there shall, out of profits which would otherwise have been available for dividend be transferred to the Capital Redemption Reserve Account, a sum equal to the nominal amount of the share redeemed.
- (2) Subject to the provisions of Section 55 of the Act and these Articles the redemption of preference shares hereunder may be effected in accordance with the terms and conditions of their issue and in the absence of any

such terms and conditions in such manner as the Directors may think fit.

- (3) The redemption of preference shares under this provision by the Company shall not be taken as reducing the amount of its authorized share capital.
- (4) Where the Company has redeemed or is about to redeem any preference shares, it shall never have power to issue shares up to the nominal amount of the shares redeemed or to be redeemed as if those shares had never been issued; and accordingly the share capital of the Company shall not, for the purpose of calculating the fees payable under Section 385 of the said Act, be deemed to be increased by the issue of shares in pursuance of this Article. Provided that, where new shares are issued before the redemption of the old shares, the new shares shall not so far as related to stamp duty, be deemed to have been issued in pursuance of this Article unless the old shares are redeemed within one month after the issue of the new shares.
- (5) The Capital Redemption Reserve Account may, notwithstanding anything in this Article, be applied by the Company, in paying up unissued shares of the Company to be issued to members of the Company as fully paid bonus shares.

XI. MODIFICATION OF RIGHTS

80. (1) Whenever the share capital by reason of issue of Preference Shares or otherwise is divided into different classes of shares, all or any of the rights and privileges attached to each class may, subject to the provisions of Section 48 of the Act, be varied, commuted, affected, abrogated or dealt with by agreement between the Company and any person purporting to contract on behalf of that class provided such agreement is ratified in writing by holders of at least three-fourths of nominal value of the issued shares of the class or is sanctioned by Special Resolution passed at a separate meeting of the holders of the shares of that class and supported by the votes of the holders of not less than three-fourths of the shares of that class.
- (2) This Article is not to derogate from any power the Company would have if this Article were omitted and in particular the powers under Chapter XV of the said Act or Chapter V of the Companies Act, 1956, whichever is in force for the time being.

The dissentient members shall have the right to apply to Tribunal in accordance with the provisions of Section 48 of the Act.

XII. JOINT HOLDERS

81. (1) Where two or more persons are registered as the holders of any Securities they shall be deemed (so far as the Company is concerned) to hold the same as joint tenants with benefits of survivorship subject to the following and other provisions contained in these Articles.
- (2) The Company shall be entitled to decline to register more than three persons as the joint holders of any Securities.
- (3) The joint holders of any Security shall be liable severally as well as jointly for and in respect of all calls or installments and other payments which ought to be made in respect of such Securities.
- (4) On the death of any one or more of such joint holders the survivor or survivors shall be the only person or persons recognised by the Company as having any title to the share but the Board may require such evidence of death as they may deem fit and nothing herein contained shall be taken to release the estate of a deceased joint holder from any liability on shares held by him jointly with any other person.
- (5) Any one of such joint holders may give effectual receipts for any dividends or other moneys payable in respect of such Security.
- (6) Only the person whose name stands first in the Register of Members (or the relevant register maintained for that Security) as one of the joint holders of any shares shall be entitled to delivery of the certificate relating to such or to receive notices (which expression shall be deemed to include all Documents) from the Company and any notice given to such person shall be deemed notice to all the joint holders.
- (7) Any one of two or more joint holders may vote at any meeting (including voting by postal ballot and by

electronic voting) either personally or by an agent duly authorised under a power of attorney or by proxy in respect of such shares as if he were solely entitled thereto and if more than one of such joint holders be present at any meeting personally or by proxy or by attorney that one of such persons so present whose name stands first or higher (as the case maybe) on the Register in respect of such Security shall alone be entitled to vote in respect thereof. Provided always that a person present at any meeting personally shall be entitled to vote in preference to a person, present by an agent, duly authorised under a power of attorney or by proxy although the name of such persons present by an agent or proxy stands first in the Register in respect of such shares. Several executors of a deceased member in whose (deceased member's) sole name any Security stands shall for the purpose of this sub-clause be deemed joint holders.

XIII. GENERAL MEETING

82. The Company shall, in addition to any other meetings which are hereinafter referred to as "Extraordinary General Meeting", hold a General Meeting which shall be styled its Annual General Meeting at the intervals and in accordance with the provisions of the Act.
83. The Directors may call Extraordinary General Meetings of the Company whenever they think fit and such meetings shall be held at such place and time as the Directors think fit.
84. (1) If the default is made in holding an Annual General Meeting in accordance with Section 96 of the Act, the Tribunal may, notwithstanding anything in the Act, (or in the Articles of the Company) on the application of any member of the Company, call or direct the calling of a General Meeting of the Company, and give such ancillary or consequential directions as the Central Government thinks expedient in relation to the calling, holding and conducting of the meeting.

Explanation: - The directions that may be given, may include a direction that one member of the Company so present in person or by proxy shall be deemed to constitute a meeting.

- (2) A General Meeting held in pursuance of sub-clause (i) shall subject to any directions of the Tribunal be deemed to be an Annual General Meeting of the Company.
85. (1) The Board of Directors of the Company shall on the requisition of such number of members of the Company as is specified in sub-clause (4) forthwith proceed duly to call an Extraordinary General Meeting of the Company.
- (2) The requisition shall set-out the matters for the consideration of which the meeting is to be called shall be signed by the requisitionists and shall be sent to the Registered Office of the Company.
- (3) The requisition may consist of several documents in like form each signed by one or more requisitionists.
- (4) The number of members entitled to requisition a meeting in regard to any matter shall be such number of them as hold both on the date of such requisition and on the date of receipt of the requisition not less than one-tenth of such of the paid-up capital of the Company as at that date carries the right of voting in regard to that matter.
- (5) Where two or more distinct matters are specified in the requisition, the provisions of sub-clause (4) shall apply separately in regard to each such matters and the requisition shall accordingly be valid only in respect of these matters in respect to which the conditions specified in that sub-clause is fulfilled.
- (6) If the Board does not, within twenty one days from the date of the receipt of a valid requisition in regard to any matters, proceed duly to call a meeting for the consideration of those matters on a day not later than forty five days from the date of receipt of the requisition, the meeting may be called and held by the requisitionists themselves within a period of three months from the date of the requisition.

Explanation:- For the purposes of this sub-clause, the Board shall in the case of a meeting at which a resolution is to be proposed as a Special Resolution, be deemed not to have duly convened the meeting if they do not give such notice thereof as is required by sub-section (2) of Section 114.

- (7) A meeting called under sub-clause (6) by the requisitionists or any of them -

- (a) shall be called in the same manner as nearly as possible as that in which meetings are to be called by the Board; but
 - (b) shall not be held after the expiration of three months from the date of the deposit of the requisition.
 - (c) shall convene meeting at Registered office or in the same city or town where Registered office is situated and such meeting should be convened on working day.
- (8) Where two or more persons hold any shares or interest in a Company jointly, a requisition or a notice calling a meeting signed by one or only some of them shall for the purposes of this Section have the same force and effect as if it has been signed by all of them.
- (9) Any reasonable expenses incurred by the requisitionists by reasons of the failure of the Board duly to call a meeting shall be repaid to the requisitionists by the Company; and any sum so repaid shall be retained by the Company out of any sums due or to become due from the Company by way of fees or other remuneration for their services to such of the Directors as were in default.
86. (1) A General Meeting of the Company may be called by giving at least clear twenty one day's notice in writing or through electronic mode but a General Meeting may be called after giving shorter notice if consent is given in writing or by electronic mode by not less than ninety five percent of the members entitled to vote at such meeting. Provided that where any members of the Company are entitled to vote only on some resolution or resolutions to be moved at meeting and not on others, those members shall be taken into account for the purposes of this clause in respect of the former resolution or resolutions and not in respect of the latter.
- (2) Notice of every general meeting of the Company shall specify the place, date, day and the hour of the meeting and shall contain a statement of the business to be transacted thereat.
- (3) Such notice shall be given -
- (i) to every member of the Company, legal representative of any deceased Member or the assignee of an insolvent Member;
 - (ii) to the auditor or auditors of the Company; and
 - (iii) to every Director of the Company.
 - (iv) to every trustee for the debenture holder of any debentures issued by the Company.
- (4) The accidental omission to give notice to or the non-receipt of notice by, any member or other person to whom it should be given shall not invalidate the proceedings at the meeting.
- (5) In every notice calling a meeting of the Company there shall appear with reasonable prominence a statement that a member entitled to attend and vote is entitled to appoint a proxy or where that is allowed one or more proxies, to attend and vote instead of himself and that a proxy need not be a member.
- (6) Where any items of business to be transacted at the meeting are deemed to be special as provided in Article 88 there shall be annexed to the notice of the meeting a statement setting out all material facts concerning each such item of business namely:
- (a) The nature of concern or interest, financial or otherwise, if any of the following persons, in respect of each item of:
 - (i) every Director and the Manager; if any;
 - (ii) every other Key Managerial Personnel; and
 - (iii) relatives of the persons mentioned in sub-clause (i) and (ii);
 - (b) Any other information and facts that may enable members to understand the meaning, scope and implementation of the items of business and to take decision thereon.

(7) Where any item of business consists of the according of approval to any document by the meeting the time and place where the document can be inspected shall be specified in the statement aforesaid.

87. In the case of an Annual General Meeting all business to be transacted at the meeting shall be deemed special with the exception of business relating to (i) the consideration of the Financial Statements, (including the consolidated financial statements, if applicable), and the Reports of the Board of Directors and Auditors, (ii) the declaration of a dividend, (iii) the appointment of Directors in the place of those retiring and (iv) the appointment of and the fixing of the remuneration of the Auditors. In the case of any other meeting all business shall be deemed special.
88. Upon a requisition of members complying with Section 111 of the said Act, the Directors shall comply with the obligations of the Company under the said Act relating to circulation of members' resolutions and statements.
89. A certificate in writing, signed by the Secretary or by a Director or some officer or agent appointed by the Board for the purpose, to the effect that according to the best of its belief the notices convening the meeting have been duly given shall be prima facie evidence thereof.
90. The Board, and the persons authorised by it, shall have the right to take and/or make suitable arrangements for ensuring the safety of any meeting-whether a general meeting or a meeting of any class of Security, or of the persons attending the same, and for the orderly conduct of such meeting, and notwithstanding anything contained in this Articles, any action, taken pursuant to this Article in good faith shall be final and the right to attend and participate in such meeting shall be subject to the decision taken pursuant to this Article.

XIV. PROCEEDINGS AT GENERAL MEETINGS AND ADJOURNMENT THEREOF

91. No General Meeting, Annual or Extraordinary, shall be competent to enter upon, discuss or transact any business a statement of which has not been specified in the notice convening the meeting except as provided in the said Act.
92. No business shall be transacted at any General Meeting, unless the requisite quorum is present at the time when the meeting proceeds to business. The quorum for a general meeting shall be the presence in person of such number of members as specified in Section 103 of the Act. Subject to Article 82(7) when more than one of the joint-holders of a share is present only one of them shall be counted for ascertaining the quorum. Several executors or administrators of a deceased person in whose sole name shares stand shall for the purpose of this clause be deemed joint holders thereof.
93. If, within half an hour from the time appointed for holding the meeting, a quorum of members is not present, the meeting if convened by or upon such requisition of members as aforesaid shall be dissolved, but in any other case it shall stand adjourned pursuant to the provisions of sub-section (2) of section 103 of the Act.
94. If at such adjourned meeting a quorum of members is not present within half an hour from the time appointed for holding the meeting, the members present, whatever their number, shall be a quorum and may transact the business and decide upon all matters which could properly have been disposed of at the meeting from which the adjournment took place, if a quorum had been present thereat.
95. The Chairman of the Board (whether Member or not) shall if present and willing, be entitled to take the chair at every General Meeting, whether Annual or Extraordinary, but if there be no such Chairman or in case of his being present or being unwilling or failing to take the chair within fifteen minutes of the time appointed for holding such meeting, the members present shall choose another Director (whether Member or not) as Chairman and if all the Directors present decline to take the chair or if there be no Director present, then the members present shall choose one of their own members to be Chairman of the meeting. If a poll is demanded it shall be taken forthwith in accordance with the provisions of sub-section (2) of section 104. The Chairman elected on a show of hands shall exercise all the powers of the Chairman for the purpose of such poll. If some other person is elected Chairman as a result of such poll, he shall be the Chairman for the rest of the meeting.

The Chairman be permitted to hold the position of both the Chairman of the Board and/or General Meeting as well as Managing Director/CEO/equivalent position thereof in the Company as per the recommendations of the appropriate committee of the Directors and approved by the Board of Directors and as permitted by applicable laws from time

to time.

96. No business shall be transacted at any General Meeting, except the election of Chairman, whilst the chair is vacant.
97. The Chairman may, with the consent of a majority of the members personally present at any meeting, adjourn such meeting from time to time and from place to place in the city, town or village where the Registered Office of the Company is situated but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place. A resolution passed at an adjourned meeting of the Company shall be treated as having been passed on the date on which it was in fact passed and shall not be deemed to have been passed on any earlier date.
98. Whenever any meeting is adjourned for thirty days or more notice of such adjourned meeting shall be given as in the case of an original meeting.
99. (1) At any General Meeting, a resolution put to vote of the meeting shall, unless a poll is demanded under Section 109, or if the voting is carried out electronically be decided on a show of hands. Such voting in a general meeting or by postal ballot shall also include electronic voting in a General Meeting or Postal Ballot as permitted by applicable laws from time to time.
- (2) A declaration by the Chairman in pursuance of clause (1) hereof that on a show of hands a resolution has or has not been carried or has or has not been carried either unanimously or by a particular majority and an entry to that effect in the book containing the minutes of the proceedings of the Company, shall be conclusive evidence of the fact, without proof of the number or proportion of the votes cast in favour of or against such resolution. In case of an equality of votes the Chairman of any meeting shall both on the show of hands and at a poll (if any) held pursuant to a demand made at such meeting, have a second or casting vote.
100. (1) (a) The Company shall cause minutes of all proceedings of General Meetings of any class of shareholders or creditors, and every resolution passed by postal ballot and of all proceedings at meetings of its Board of Directors or of committees of the Board, to be entered in books kept for the purpose
- (b) The minutes of each meeting shall contain a fair and correct summary of the proceedings thereat.
- (c) All appointments of officers made at any time of the meetings aforesaid shall be included in the minutes of the meeting.
- (d) In case of a meeting of the Board of Directors or of a Committee of the Board, the minutes shall also contain the names of the Directors present at the meeting; and the names of the Directors who are present through video or other audio-visual means.
- (i) in the case of each resolution passed at the meeting, the name of the Directors, if any, dissenting from or not concurring on the resolution.
- (e) There shall not be included in the minutes, any matter which, in the opinion of the Chairman of the meeting:
- (i) is or could reasonably be regarded as defamatory of any person;
- (ii) is irrelevant to the interests of the Company; or
- (iii) is detrimental to the interests of the Company

Explanation: -

The Chairman shall exercise an absolute discretion in regard to the inclusion or non-inclusion of any matter in the minutes on the grounds specified in this Article.

- (2) Any such minute, if purporting to be signed by the Chairman of the meeting at which the proceedings took place

or by the Chairman of the next succeeding meeting, shall be evidence of the proceedings.

- (3) Where the minutes have been kept in accordance with clause (1) hereof; then until the contrary is proved, the meeting shall be deemed to have been duly called and held and all proceedings thereat to have duly taken place and the resolution passed by circulation, postal ballot or other permitted means shall be construed to have been duly passed, and in particular all appointments of Directors, Key Managerial Personnel, Auditors or Company Secretary in practice, made at the meeting shall be deemed to be valid, including the matters that are required to be transacted at a meeting of the Board as specified in Section 179 of the said Act.
101. (1) The books containing the minutes of the proceedings of General Meetings of the Company shall
- (a) be kept at the registered office of the Company; and
 - (b) be open during business hours to the inspection of any member without charge subject to such reasonable restrictions as the Company may impose so however that not less than two hours in each day are allowed for inspection.
- (2) Any member shall be entitled to be furnished within seven working days after he has made request in that behalf to the Company with a copy of any Minutes referred to in sub-clause (1) on payment of Rs.10/- for every page or part thereof required to be photocopied and that the Company shall comply with provisions of Section 119 of the Act.
102. The provisions contained in Article 103 shall mutatis mutandis apply to other registers maintained under the provisions of the said Act, that can be inspected by an eligible person.
103. No document purporting to be a report of the proceedings of any General Meeting of the Company shall be circulated or advertised at the expense of the Company unless it includes the matters required by Section 118 of the Act to be contained in the Minutes of the proceedings of such meeting.

XV. VOTING RIGHTS AND PROXY

104. No member shall be entitled to exercise any voting right on any question either personally or by proxy or upon poll (including voting by electronic means) in respect of any shares registered in his name on which any calls or other sums presently payable by him have not been paid or in regard to which the Company has or has exercised any right of lien.
105. A member is not prohibited from exercising his voting right on the ground that he has held his share or other interest in the Company for any specified period preceding the date on which the vote is taken, or on any other ground not being a ground set out in Article 106.
106. Notwithstanding anything contained in this Articles, where the title to any Securities is under dispute before any court, where no injunction subsists (or direction made) as to the exercise of voting rights or other rights of a member including the rights attached to such Securities, the Board shall be entitled to suspend any such right aforesaid.
107. A Member being a Body Corporate (whether a company within the meaning of the said Act or not) may by resolution of its Board of Directors or other governing body authorise such persons as it thinks fit to act as its representative at any meeting of the Company, or at any meeting of any class of members of the Company. A person authorised by resolution as aforesaid shall be entitled to exercise the same rights and powers (including the right to vote by proxy) on behalf of the Body Corporate which he represents as that body could exercise if it were a member, creditor or holder of debentures of the Company.
108. (1) Subject and without prejudice to any special privileges or restrictions or conditions for the time being attached to or affecting the preference or other special classes of shares, if any, issued by and for the time being forming part of the capital of the Company every member, entitled to vote under the provisions of these presents and not disqualified by the provisions of Articles 106, 108 and 109 or by any other Article shall on a show of hands

have one vote and upon a poll every member, present in person or proxy or agent duly authorised by a power-of-attorney or representative duly authorised and not disqualified as aforesaid, shall have voting rights in proportion to his share of the paid-up equity capital of the Company subject however to any limits imposed by law. But no member shall have voting right in respect of any moneys paid in advance as provided by Article 40(b).

- (2) No member not personally present shall be entitled to vote on a show of hands unless such member is a Body Corporate present by proxy or by a representative duly authorised under Section 113 of the Act in which case such proxy or representative may vote on a show of hands as if he were a member of the Company.
 - (3) A Member may exercise his vote, in respect of items of business to be transacted for which notice is issued, by electronic means in accordance with Section 108, and shall vote only once.
109. On a poll taken at a meeting of the Company a member entitled to more than one vote, or his proxy or other person entitled to vote for him, as the case may be, need not, if he votes, use all his votes or cast in the same way all the votes he uses. A member or his proxy who votes shall be deemed to have used all his votes unless he expressly gives written notice to the contrary at the time he casts any votes.
110. Any member entitled to attend and vote at a meeting of the Company shall be entitled to appoint another person (whether a member or not) as his proxy to attend and vote instead of himself but a proxy so appointed shall not have any right to speak at the meeting and shall not be entitled to vote except on a poll. A person shall (a) not act as proxy for more than 50 Members and holding in aggregate not more than 10% of the total share capital of the Company; (b) not act as proxy for more than one Member, if that Member holds more than 10% of the total share capital of the Company.
- The instrument appointing a proxy shall be in writing and shall be signed by the appointer or his attorney duly authorised in writing. If the appointer is a Body Corporate such instrument shall be under its seal or be signed by an officer or an attorney duly authorised by it, or by the persons authorised to act as the representative of such company under Article 110. Any instrument appointing a proxy to vote at a meeting shall be deemed to include the power to demand or join in the demand for a poll on behalf of the appointer, where a poll has not been ordered to be carried out electronically.
111. No instrument of proxy shall be treated as valid and no person shall be allowed to vote or act as proxy at any meeting under an instrument of proxy, unless such instrument of proxy and power-of-attorney or other authority (if any) under which it is signed or a notarially certified copy of that power or authority shall have been deposited at the Registered Office of the Company at least forty-eight hours before the time appointed for holding the meeting or adjourned meeting at which the persons named in such instrument proposes to vote. An instrument appointing a proxy or an attorney permanently or for a certain period once registered with the Company need not be again registered before each successive meeting and shall be in force until the same shall be revoked. Notwithstanding that a power-of-attorney or other authority has been registered in the records of the Company, the Company may by notice in writing addressed to the member or to attorney at least seven days before the date of a meeting require him to produce the original power-of-attorney or authority and unless the same is thereupon deposited with the Company the attorney shall not be entitled to vote at such meeting unless the Directors in their absolute discretion excuse such non-production and deposit.
112. If any such instrument of appointment be confined to the objects of appointing an attorney or proxy or substitute, it shall remain, permanent or for such time as the Directors may determine in the custody of the Company and if embracing other objects, a copy thereof, examined with the original shall be delivered to the Company to remain in the custody of Company.
113. The instrument appointing a proxy whether for a specified meeting or otherwise shall be in Form MGT-11
114. (1) A vote given in pursuance of an instrument of proxy shall be valid, notwithstanding the previous death of the principal or the revocation of the proxy or any power-of-attorney under which such proxy was signed or the

transfer of the shares in respect of which the vote is given provided no intimation in writing of the death, revocation or transfer shall have been received at the Registered Office of the Company before the vote is given.

(2) In case of e-voting, a Member shall be deemed to have exercised his voting rights by himself, even if any other person had voted using the login credentials of that Member.

115. No objection shall be made to the validity of any vote except at the meeting or adjourned meeting or poll at which such vote shall be tendered and every vote whether given personally or by proxy, and not disallowed at such meeting or poll, shall be deemed valid for all purposes of such meeting or poll whatsoever.
116. The Chairman of any meeting shall be the sole judge of the validity of every vote tendered at such meeting and the Chairman present at the taking of a poll shall be the sole judge of the validity of every vote tendered at such poll. The Chairman shall be assisted by a scrutinizer, appointed by the Board for this purpose.

XVI. CAPITALISATION OF PROFITS AND DIVIDENDS AND ISSUE OF BONUS SHARES

117. The Company in General Meeting may declare a dividend to be paid to the members according to their respective rights and interests in the profits, and may fix the time for the payment thereof.
118. Any share holder whose name is entered in the Register of Members of the Company shall enjoy the rights and be subject to the same liabilities as all other shareholders of the same class.
119. No larger dividend shall be declared than is recommended by the Directors, but the Company in General Meeting may declare a smaller dividend.
120. Unless the Company otherwise resolves, dividends shall be paid in proportion to the amount paid up or credited as paid up on each share, where a larger amount is paid up or credited as paid up on some share than on others. Provided always that any capital paid up on a share during the period in respect of which a dividend is declared shall unless otherwise resolved be only entitled the holder of such share to a proportionate amount of such dividend from the date of payment.
121. Capital paid-up in advance of calls shall not confer a right to dividend or to participate in profits.
122. No dividends shall be payable except out of profits of the Company of the year or any other undistributed profits and no dividend shall carry interest against the Company. The declaration of the Directors as to the amount of the net profits of the Company shall be conclusive.
123. The Directors may, from time to time, declare and pay to the members such interim dividend as in their judgment the position of the Company justifies.
124. No member shall be entitled to receive payment of any dividend in respect of any share or shares on which the Company has a lien, or whilst any amount due or owing from time to time to the Company, either alone or jointly with any other person or persons, in respect of such share or shares, or on any other account whatsoever, remains unpaid, and the Directors may retain, apply and adjust such dividend in or towards satisfaction of all debts, liabilities, or engagements in respect of which the lien exists, and of all such money due as aforesaid.
125. The Directors may retain the dividends payable upon shares in respect of which any person is under the transmission clause entitled to become a member, or which any person under the same clause is entitled to transfer, until such person shall become a member in respect thereof or shall duly transfer the same.
126. (1) A transfer of shares shall not pass the right to any dividend declared thereon before the registration of the transfer.
- (2) No dividend shall be paid by the Company in respect of any share except to the registered holder of such share or to his order or to his bankers or any other person as permitted by applicable law.

127. All dividends shall be paid by the cheque, or warrant in respect thereof shall be posted within thirty days of the date on

which such dividend is declared by the Company. Every such cheque or warrant shall be made payable to the order of the person to whom it is sent. The Company shall not be liable or responsible for any cheque or warrant lost in transmission or for any dividend lost to the member or person entitled thereto by forged endorsements on any cheque or warrant, or the fraudulent or improper recovery thereof by any other means.

128. Notice of the declaration of any dividend whether interim or otherwise, shall be given to the members in the manner hereinafter provided for giving of notice to member.
129. The Directors may, if they think fit, call upon the members, when applying for dividends, to produce their share certificates to such person or persons appointed by them in that behalf.
130. Any one of several persons who are registered as joint-holders of any share may give effectual receipts for all dividends and payments on account of dividends in respect of such share.
131. No dividend shall be payable except in cash.

Provided that nothing herein shall be deemed to prohibit the capitalisation of profits or reserves of the Company for the purpose of issuing fully paid-up bonus shares or paying up any amount for the time being unpaid on any shares held by the members of the Company.

Provided further that any dividend payable in cash may be paid in cheque or warrant or in any electronic mode to the Member entitled to the payment of the dividend.

132. Any General Meeting declaring a dividend may make a Call on the Members of such amount as the meeting fixes and so that the Call be made payable at the same time as the dividend, and the dividend may, if so resolved by the Company in General Meeting be set off against the Calls.
133. (1) A General Meeting of the Members, In a meeting in person or proxy or, through Postal Ballot or, by any other means, as may be permitted may on the recommendation of the Board, direct capitalisation of the whole or any part of the undivided profits for the time being of the Company or the whole or any part of the Reserve Fund or other funds of the Company including the moneys in the Securities Premium Account and the Capital Redemption Reserve Account or the premiums received on the issue of any shares, debentures or debenture-stock of the Company and that such sum be accordingly set free for the purpose, (1) by the issue and distribution, among the holders of the shares of the Company or any of them, in accordance with their respective rights and interests and in proportion to the amounts paid or credited as paid up thereon, of paid-up shares, debentures, debenture-stock bonds or other obligations of the Company, or (2) by crediting any shares of the Company which may have been issued and are not fully paid up, in proportion to the amounts paid or credited as paid up thereon respectively, with the whole or any part of the same.

(2) For the purposes above set out the Company may, subject to the provisions contained in section 63, apply: (i) its free reserves, (ii) the Securities Premium Account subject to the provisions of Section 52(2) of the said Act; (iii) the Capital Redemption Reserve Fund subject to the provisions of Section 55(4) of the said Act; and (iv) such other reserves or account as may be applied for issue of bonus shares.
134. The Board shall have the right to fix a date for the purpose of determining the Members who are entitled to the payment of the dividend, or shares pursuant to the capitalisation of reserves, and for any other action of the Company that requires determination of the details of Members.

- (i) at the meeting or at the previous meeting a resolution for the re-appointment of such Director has been put to the meeting and lost;
 - (ii) the retiring Director has, by a notice in writing addressed to the Company or its Board of Directors, expressed his unwillingness to be so re-appointed;
 - (iii) he is not qualified or is disqualified for appointment;
 - (iv) a resolution, whether special or ordinary, is required for his appointment or re-appointment by virtue of any provisions of the said Act; or
 - (v) Section 162 is applicable to the case.
155. The Company may by an ordinary resolution remove any Director (not being a Director appointed by the Tribunal in pursuance of Section 242 of the Act) in accordance with the provisions of Section 169 of the Act. A Director so removed shall not be reappointed a Director by the Board of Directors.
156. A person who is not a retiring Director shall subject to the provisions of the said Act, be eligible for appointment to the Office of Director at any General Meeting, if he or some member intending to propose him has, not less than fourteen days before the meeting, left at the Registered Office of the Company a notice in writing under his hand signifying his candidature for the office of Directors or as the case may be, the intention of such Member to propose him as a candidate for the office, along with deposit of one lakh rupees or such other amount as may be specified in the relevant Rules.
- The amount so deposited shall be refunded to such person or, as the case may be, to the Member, if the person proposed gets elected as a Director or gets more than 25% of total valid votes.
157. A person appointed as a Director shall not act as a Director unless he gives his consent to hold the office as director and such consent has been filed with the Registrar within thirty days of his appointment in such manner as prescribed in the relevant Rules.
158. (1) At a General Meeting of the Company a motion shall not be made for the appointment of two or more persons as Directors of the Company by a single resolution, unless a resolution that it shall be so made has first been agreed to by the meeting without any vote being given against it.
- (2) A resolution moved in contravention of clause (1) shall be void, whether or not objection was taken at the time to its being so moved;
- (3) For the purpose of this Article a motion for approving a person's appointment or for nominating a person for appointing shall be treated as a motion for his appointment.
159. The Directors shall have power at any time and from time to time, to appoint any person other than a person who fails to get appointed as a director in a general meeting, as an additional director at any time. Each such Additional Director shall hold office only up to the date of the next following Annual General Meeting, or the last date on which the annual general meeting should have been held, whichever is earlier, but shall be eligible for appointment by the

Company at that meeting as a Director.

160. (1) If the office of any Director appointed by the Company in General Meeting is vacated before his term of office expires in the normal course, the resulting casual vacancy may be filled by the Board of Directors at a meeting of the Board.
- (2) Any person so appointed shall hold office only up to the date up to which the Director in whose place he is appointed would have held office if it has not been vacated as aforesaid.
161. (1) The Board of Directors may appoint a person, not being a person holding any alternate directorship for any other Director in the Company, to act as an Alternate Director to act for a Director (hereinafter called “the Original Director”) during his absence for a period of not less than three months from India.
- (2) No person shall be appointed as an alternate director for an Independent Director unless he is qualified to be appointed as an Independent Director.
- (3) An Alternate Director shall be entitled to notice of meetings of the Directors, and to attend and vote thereat accordingly.
- (4) An Alternate Director shall vacate office if and when the Original Director returns to India.
- (5) If the term of office of the Original Director is determined before he so returns to India as aforesaid any provision for the automatic re-appointment of retiring Directors in default of another appointment shall apply to the Original Director and not to the Alternate Director.
- (6) An Alternate Director may be removed by the Board of Directors which may appoint another Alternate Director in his place.
162. The continuing Directors may act notwithstanding any vacancy in their body, but, if and so long as their number is reduced below three, the continuing Directors may act for the purpose of increasing the number of Directors to the said number, or of summoning a General Meeting of the Company, but for no other purpose.

XIX. RESIGNATION OF OFFICE BY DIRECTORS

163. Subject to the provisions of Section 168 of the Act a Director may at any time resign from his office upon giving notice in writing to the Company of his intention so to do, and thereupon his office shall be vacated.

XX. PROCEEDINGS OF BOARD OF DIRECTORS

164. A minimum number of four meetings of the Directors shall have been held in every year in such a manner that not more than one hundred and twenty days shall intervene between two consecutive meetings of the Board. The Directors may meet together for the conduct of business, adjourn and otherwise regulate their meeting and proceedings, as they think fit, and may determine the quorum necessary for the transaction of business.
165. The Board of Directors shall be entitled to hold its meeting through video conferencing or other permitted means, and in conducting the Board meetings through such video conferencing or other permitted means the procedures and the precautions as laid down in the relevant Rules shall be adhered to. With regard to every meeting conducted through video conferencing or other permitted means, the scheduled venue of the meetings shall be deemed to be in India, for the purpose of specifying the place of the said meeting and for all recordings of the proceedings at the meeting.
166. Subject to provisions of Section 173 (3) of the Act, notice of not less than seven days of every meeting of the Board of Directors of the Company shall be given in writing to every Director at his address registered with the company and shall be sent by hand delivery or by post or through electronic means. The meeting of the Board may be called at a

shorter notice to transact urgent business subject to the condition that at least one Independent Director of the Company shall be present at the meeting. In the event, any Independent Director is not present at the meeting called at shorter notice, the decision taken at such meeting shall be circulated to all the directors and shall be final only on ratification thereof by at least one Independent Director.

167. The quorum for a meeting of the Board shall be one-third of its total strength (any fraction contained in that one third being rounded off as one), or two directors whichever is higher and the directors participating by video conferencing or by other permitted means shall also counted for the purposes of this Article.

Provided that where at any time the number of interested Directors exceeds or is equal to two-thirds of the total strength, the number of the remaining Directors, that is to say, the number of the Directors who are not interested, being not less than two, shall be the quorum during such time.

Explanation:

The expressions “interested Director” shall have the meanings given in Section 184(2) of the said Act and the expression “total strength” shall have the meaning as given in Section 174 of the Act.

168. (1) If a meeting of the Board could not be held for want of a quorum then the meeting shall automatically stand adjourned to the same day in the next week, at the same time and place, or if that day is a National Holiday, till the next succeeding day which is not a National Holiday at the same time and place.
- (2) The provisions of Article 169 shall not be deemed to have been contravened merely by reason of the fact that a meeting of the Board which has been called in compliance with the terms of that Article could not be held for want of a quorum.
169. A meeting of the Directors for the time being at which a quorum is present shall be competent to exercise all or any of the authorities, powers and directions by law or under the Articles and regulations for the time being vested in or exercisable by the Directors generally.
170. The Chairman may, and manager or Secretary on the requisition of a Director shall, at any time, summon a meeting of the Board.
171. Questions arising at any meeting of the Directors shall be decided by a majority of votes, and in case of an equality of votes, the Chairman thereat shall have a second or casting vote.
172. The Directors may elect a Chairman of their meetings, and determine the period for which he is to hold office, and unless otherwise determined the Chairman shall be elected annually. If no Chairman is elected, or if at any meeting the Chairman is not present within five minutes of the time appointed for holding the same, or is unwilling to preside, the Directors present may choose one of their members to be the Chairman of such meeting.
173. Subject to the provisions of Section 179 of the said Act, the Directors may delegate any of their powers, other than powers which by reason of the provisions of the said Act cannot be delegated to committees consisting of such member or members of their body as they may think fit, and they may from time to time revoke and discharge any such Committee either wholly or in part, and either as to persons or purposes. Every Committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may from time to time be imposed on it by the Directors, and all acts done by any such Committee in conformity with such regulations and in fulfillment of the purpose of their appointment, but not otherwise, shall have the like force and effect as if done by the Board.
174. The meetings and proceedings of any such Committee consisting of two or more members shall be governed by the provisions herein contained for regulating the meetings and proceedings of the Directors, so far as the same are applicable thereto, and are not superseded by the express terms of the appointment of any such Committee, or by any regulations made by the Directors.
175. A resolution not being a resolution required by the said Act or otherwise to be passed at a meeting of the Directors,

may be passed without any meeting of the Directors or of a committee of Directors provided that the resolution has been circulated in draft, together with the necessary papers, if any, to all the Directors, or to all the members of the Committee as the case may be, at their addresses registered with the Company, by hand delivery or by post or courier or through electronic means as permissible under the relevant Rules and has been approved by a majority of the Directors as are entitled to vote on the resolution.

176. All acts done by a person as a Director shall be valid, notwithstanding that it may be afterwards discovered that his appointment was invalid by reason of any defect or disqualification or had terminated by virtue of any provision contained in the said Act or in these Articles. Provided that this Article shall not give validity to acts done by a Director after his appointment has been shown to the company to be invalid or to have terminated.
177. The Directors shall cause minutes to be duly entered in a book or books provided for the purpose in accordance with these presents and section 118 of the Act.
178. (1) The Directors shall cause to be kept at the Registered Office (a) a Register mentioned in Article 152 and (b) a Register of Contracts or arrangements of which they are interested, containing the particulars required by Section 189 of the Act.
- (3) The provisions contained in Article 103 (1)(b) and 103(2) relating to inspection and taking copies shall be mutatis mutandis be applicable to the registers specified in this Article.

(except where unalterably fixed by the Memorandum of Association) and in particular any class may be given preferential or special rights or may be excluded altogether or in part but in case any division otherwise than in accordance with the legal rights of the contributories shall be determined on any contributory who would be prejudiced thereby shall have the right to dissent and shall have ancillary rights as if such determination were a Special Resolution passed pursuant to Section 319 of the said Act.

- (3) In case any shares to be divided as aforesaid involve a liability to calls or otherwise any person entitled under such division to any of the said shares, may, within seven days after the passing of the Special Resolution by notice in writing, direct the Liquidator to sell his proportion and pay him the proceeds and the Liquidator shall, if practicable, act accordingly.
205. Any such Liquidator may, irrespective of the powers conferred upon him by the said Act and as an additional power conferring a general or special authority, sell the undertaking of the Company or the whole or any part of its assets for shares fully or partly paid-up or the obligations of or other interest in any other company and may by the contract of sale agree for the allotment to the members directly of the proceeds of sale in proportion to their respective interests in the Company and in case the shares of this Company shall be of different classes, may arrange for the allotment in respect of preference shares of the Company, to obligations of the purchasing company or of shares of the purchasing company with preference or priority over or with a larger amount paid-up than the shares allotted in respect of ordinary shares of this Company and may further by the contract, limit a time at the expiration of which shares, obligations or other interests not accepted or required to be sold, shall be deemed to have been refused and be at the disposal of the Liquidator.
206. Sale under Sections 319 of the Companies Act, 2013:

Upon any sale under the last preceding Article or under the powers given by Section 319 of the said Act, no member shall be entitled to require the Liquidator either to abstain from carrying into effect the sale or the resolution authorising the same or to purchase such member's interest in this Company, but in case any member shall be unwilling to accept the share, obligations or interests to which under such sale he would be entitled, he may, within seven days of the passing of the resolution authorising the sale, by notice in writing to the Liquidator, require him to sell such shares, obligations or interests and thereupon the same shall be sold in such manner as the Liquidator may think fit and the proceeds shall be paid over to the member requiring such sale.

XXXI. GENERAL POWERS

207. Where any provisions of the said Act, provides that the Company shall do such act, deed, or thing, or shall have a right, privilege or authority to carry out a particular transaction, only if it is so authorised in its Articles, in respect of all such acts, deeds, things, rights, privileges and authority, this Article hereby authorises the Company to carry out the same, without the need for any specific or explicit Article in that behalf.

XXXII. INDEMNITY

208. Every officer of the company shall be indemnified out of the assets of the company against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in which relief is granted to him by the court or the Tribunal.
